NEWS RELEASE

V2X's Chief Finance Officer Recognized as Public Company CFO of the Year

6/7/2023

Company Release - 6/7/2023

Senior Vice President Susan Lynch honored by the Northern Virginia Technology Council

MCLEAN, Va. – V2X, Inc. (NYSE: VVX) proudly announces Chief Financial Officer, Susan Lynch, was named this year's Greater Washington Public Company CFO of the Year by the Northern Virginia Technology Council (NVTC). This award reflects Lynch's exceptional financial leadership, strategic awareness, and dedication to driving the company's success.

"This award is a testament to the hard work and dedication of our entire finance team at V2X," Lynch said. "I am deeply honored to receive this recognition, it highlights our commitment to excellence. It also honors the tireless efforts of over 15,000 V2X employees that has enabled us to achieve our financial goals and drive substantial growth. Thank you to the NVTC and congratulations to all of the other winners."

The Public Company CFO of the Year award recognizes financial executives who demonstrate outstanding leadership, financial stewardship, and exemplary performance. Lynch's contributions, innovative thinking, and ability to navigate complex financial landscapes earned her this prestigious accolade.

This achievement comes during a pivotal time in V2X's growth. Lynch and a cohort of outstanding leaders have shepherded the company through a transformative post-merger period. Her strategic financial guidance remains instrumental in leading the company to enduring success and delivering value to its customers, stakeholders, and

investors.

ABOUT V2X

V2X builds smart solutions designed to integrate physical and digital infrastructure – from base to battlefield – by aligning people, actions, and outputs. Formed by the merger of Vectrus and Vertex, we bring a combined 120 years of successful mission support. Our lifecycle solutions improve security, streamline logistics, and enhance readiness.

The Company delivers a comprehensive suite of integrated solutions across the operations and logistics, aerospace, training, and technology markets to national security, defense, civilian and international clients. Our global team of approximately 15,000 employees brings innovation to every point in the mission lifecycle, from preparation to operations, to sustainment, as it tackles the most complex challenges with agility, grit, and dedication.
