KPN notices rumors related to strategy

07 Dec 2017 16:30 CET/CEST KPN has noticed recent rumors in the market suggesting a change in strategy of the company. KPN is in a strong position today and the Supervisory Board fully supports the current strategic direction of KPN to further strengthen its position in the Dutch market. KPN's M&A strategy is focused on small in-country acquisitions and it has no plans to make international acquisitions.
