# American Airlines Publishes 2017 Corporate Responsibility Report

4/30/2018

FORT WORTH, Texas — Today, American published its 2017 Corporate Responsibility Report (CRR). Sustainability and corporate responsibility are at the core of American's business strategy and we have produced the CRR annually since 2007 to provide our stakeholders with an overview of the company's environmental, social and governance priorities and performance. The CRR presents a summary of American's performance throughout the 2017 calendar year and outlines our achievements against our four strategic objectives: Make Culture a Competitive Advantage, Create a World-Class Customer Experience, Ensure Long-Term Financial Strength and Think Forward, Lead Forward. As CEO Doug Parker notes in his letter at the front of the report, 2017 was an impressive year for American and we are working hard to make sure 2018 is our best year yet.
