Cautionary Note Regarding Forward-Looking Statements

The information contained in this report may contain forward-looking statements. When used or incorporated by reference in disclosure documents, the words "believe" "anticipate," "estimate," "expect," "project," "target," "goal" and similar expressions are intended to identify forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements may include but are not limited to: statements of our goals, intentions and expectations; statements regarding our business plans, prospects, growth and operating strategies; statements regarding the quality of our loan and investment portfolios; and estimates of our risks and future costs and benefits. These forward-looking statements are based on current beliefs and expectations of our management and are subject to significant business, economic and competitive uncertainties and contingencies, many of which are beyond our control. In addition, these forward-looking statements are subject to certain risks, uncertainties and assumptions, including but not limited to those set forth below:

- Operating, legal and regulatory risks;
- Economic, political and competitive forces;
- Legislative, regulatory and accounting changes;
- Demand for our financial products and services in our market area;
- Major catastrophes such as earthquakes, floods or other natural or human disasters and infectious disease outbreaks, including the current coronavirus (COVID-19) pandemic, the related disruption to local, regional and global economic activity and financial markets, and the impact that any of the foregoing may have on us and our customers and other constituencies;
- Inflation or volatility in interest rates;
- Fluctuations in real estate values in our market area;
- The composition and credit quality of our loan and investment portfolios;
- Changes in the level and direction of loan delinquencies, classified and criticized loans and charge-offs and changes in estimates of the adequacy of the allowance for credit losses;
- Changes in the economic assumptions utilized to calculate the allowance for credit losses;
- Our ability to access cost-effective funding;
- Our ability to implement our business strategies;
- Our ability to manage market risk, credit risk and operational risk;
- Timing and amount of revenue and expenditures;
- Adverse changes in the securities markets;
- The anticipated impact of any military conduct, terrorist act or other geopolitical acts;
- Our ability to enter new markets successfully and capitalize on growth opportunities;
- Competition for loans, deposits and employees;
- System failures or cyber-security breaches of our information technology infrastructure and those of our third-party service providers;
- The failure to maintain current technologies and/or to successfully implement future information technology enhancements;
- Our ability to retain key employees;
- Other risks and uncertainties, including those occurring in the U.S. and world financial systems; and
- The risk that our analysis of these risks and forces could be incorrect and/or that the strategies developed to address them could be unsuccessful.

Safe Harbor Statement (cont'd)

Cautionary Note Regarding Forward-Looking Statements

Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated, expected or projected. These forward-looking statements speak only as of the date of the report. Univest Financial Corporation (the Corporation) expressly disclaims any obligation to publicly release any updates or revisions to reflect any change in the Corporation's expectations with regard to any change in events, conditions or circumstances on which any such statement is based.

Non-GAAP Financial Measures

This presentation contains financial information determined by methods other than in accordance with accounting principles generally accepted in the United States of America ("GAAP"). These non-GAAP measures include tangible common equity, core net interest income excluding PPP, core noninterest expense excluding purchase accounting ("PA"), core tax equivalent revenue, core pre-tax pre-provision income less net charge-offs ("PTPP-NCO"), average assets excluding PPP, and average interest earning assets excluding excess liquidity and PPP. Management uses these "non-GAAP" measures in its analysis of the Corporation's performance. Management believes these non-GAAP financial measures allow for better comparability of period to period operating performance. Additionally, the Corporation believes this information is utilized by regulators and market analysts to evaluate a company's financial condition and therefore, such information is useful to investors. These disclosures should not be viewed as a substitute for operating results determined in accordance with GAAP, nor are they necessarily comparable to non-GAAP performance measures that may be presented by other companies. A reconciliation of the non-GAAP measures used in this presentation to the most directly comparable GAAP measures is provided in the Appendix to this presentation.

Balance Sheet Hedging Strategy

Receive Fixed Pay Float Interest Rate Swap

- On May 4, 2022, we entered into a 4-year receive fixed pay float interest rate swap
- Synthetically converts existing variable-rate loans to fixed-rate for the term of the swap via hedge designation
- Locks in the market's current expectation of interest rates during the term of the swap
- Protects against net interest margin and net interest income pressure if rates don't increase as much (or as quickly) as expected or if rates subsequently decrease during the swap term
- Removes potential upside if rates increase above current market expectations during the swap period
- $250 million notional reflects 13% of Univest's variable rate portfolio which minimally reduces asset sensitivity

Our Digital Transformation Continues

Over the last several years, we have been focused on our digital transformation and took several necessary steps to prepare, such as the adoption of Office 365, transitioning to the cloud and the deployment of nCino and Salesforce. The next step of the process is developing **a new way of working and thinking** to advance and accelerate this transformational journey.

A competitive and comparative analysis helped us **better understand customer expectations,** including

- the ability to **self serve** or access **24/7 support**,
- the desire for **companies to know customers** and **personalize experiences**, and
- the importance of **simple and sleek** visual experiences.

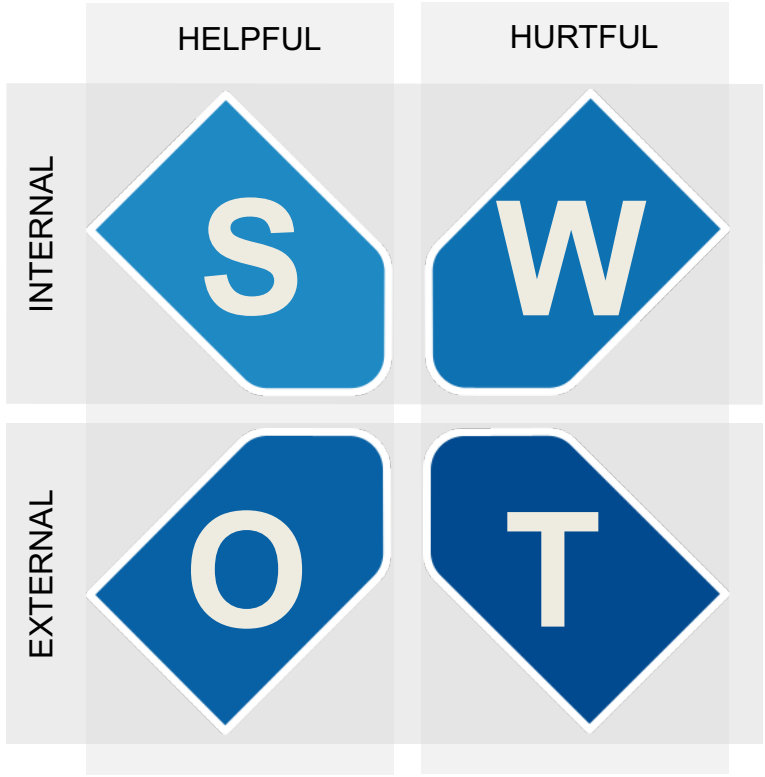

We have made great strides over the last several years and will continue to focus our efforts on select initiatives that directly align with our **customer-centric strategy** and drive our multi-year transformational journey forward.

Strengths

Exceptional people deliver a **relationship-based** approach that customers appreciate

Weaknesses

Need a **support and prioritization model** that scales to meet the customer's needs when/how they desire

Opportunities

Larger competitors are more advanced in **leveraging customer data** to deliver personalized, omnichannel experiences

Threats

COVID-19 intensified the need to for digital transformation with **required shifts in ways of working**

Delivering on a customer-centric transformation

Benefit to Customers

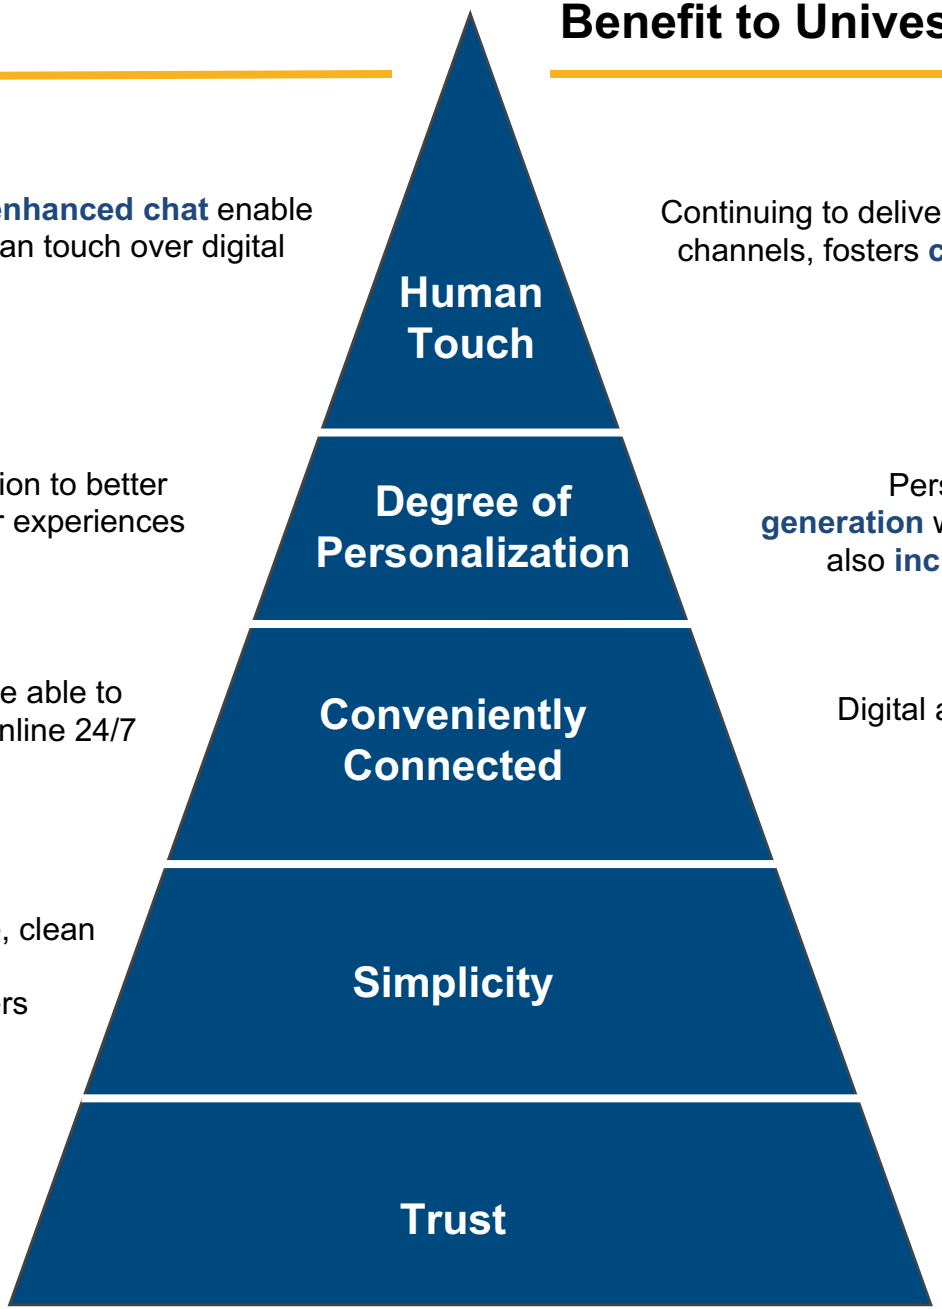

Digital scheduler capabilities and enhanced chat enable Univest to continue delivering its human touch over digital channels

Data modernization lays the foundation to better know customers and personalize their experiences

Customers and small business will be able to open accounts and apply for loans online 24/7

Website redesign delivers a simple, clean web experience for existing and prospective small business customers

Authenticated experiences provide sense of security while **thought leadership** and **personalized** content build trust

Benefit to Univest

Continuing to deliver Univest's human touch, over digital channels, fosters **customer retention** and encourages **increased share of wallet**

Personalized experiences **enhance lead generation** with **improved quality of leads** while also **increasing penetration per household**

Digital account opening affords **efficiencies** and supports **ability to scale**

Enhanced security protects Univest and its customers and maintains customer trust, which improves **customer retention rates**

2022 Strategy

Digital Transformation:

- Leverage our previous technology investments and further enhance our ability to deliver our financial solutions digitally with a human touch
- Achieve the hub and spoke operating model when entering new markets without sacrificing on customer service

Improve Operating Leverage:

- Maximize the potential of digital capabilities to create operating leverage and reduce our efficiency ratio

Balance Sheet Optimization:

- Improve reported net interest margin
- Reduce excess liquidity

Grow Fee Revenue:

- Continue to grow non-interest income and pre-tax income in the Mortgage, Wealth Management and Insurance lines of business

Diversity, Equity, and Inclusion:

- Execute on second year of three-year Strategic Roadmap related to diversity, equity and inclusion
- Conduct education and awareness sessions for the entire organization
- Focus on evaluating our existing talent programs and policies to ensure we are recruiting, mentoring and retaining diverse talent

Net Interest Income (Asset Sensitive)

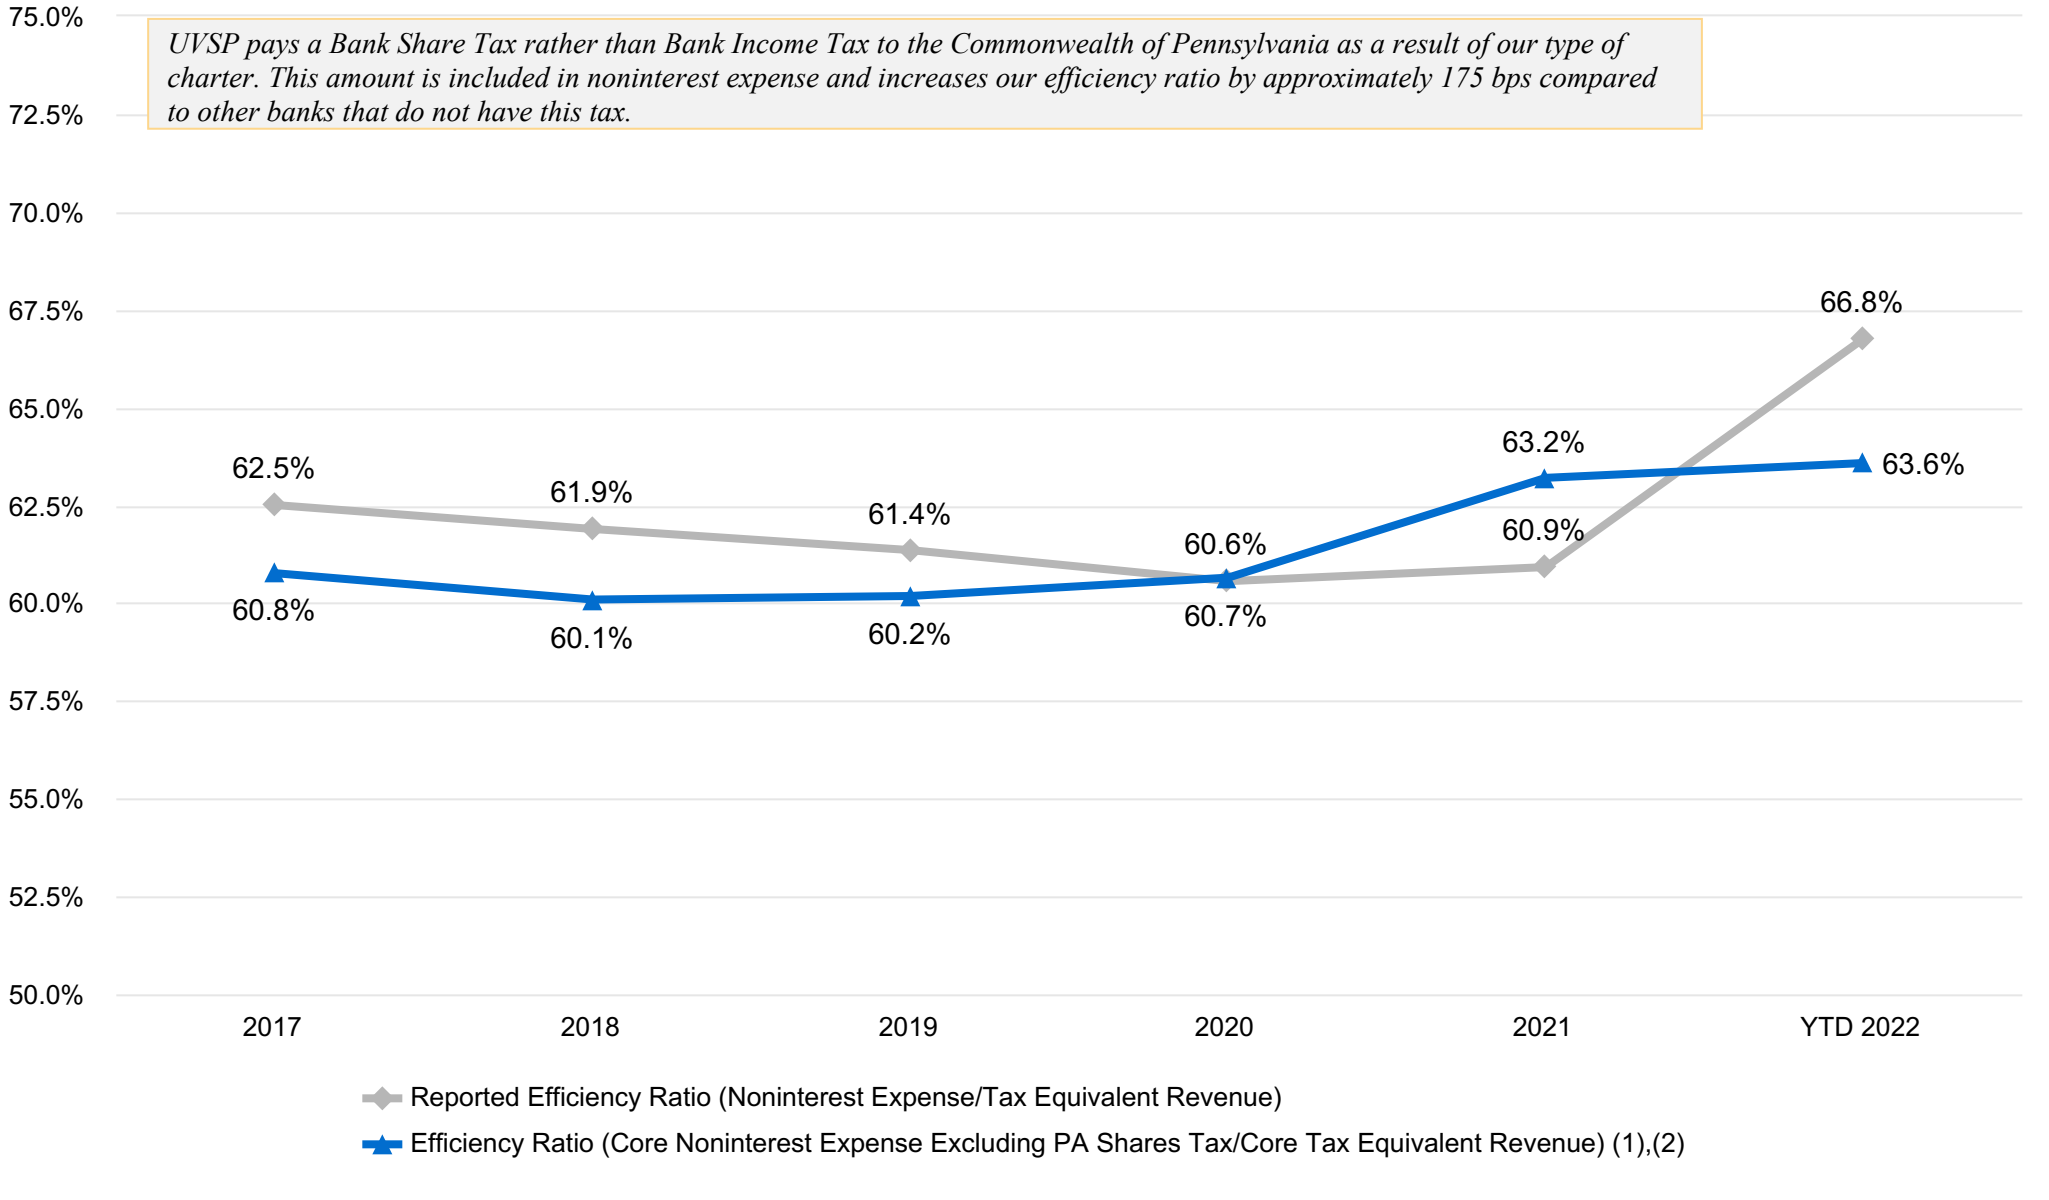

Core Net Interest Margin

1. This is a non-GAAP financial measure. Refer to the Appendix for reconciliation.
2. Pro forma tax equivalent margin calculation excludes purchase accounting accretion and is based upon a pro forma 21% tax rate for all periods presented

Efficiency Ratio

UVSP pays a Bank Share Tax rather than Bank Income Tax to the Commonwealth of Pennsylvania as a result of our type of charter. This amount is included in noninterest expense and increases our efficiency ratio by approximately 175 bps compared to other banks that do not have this tax.

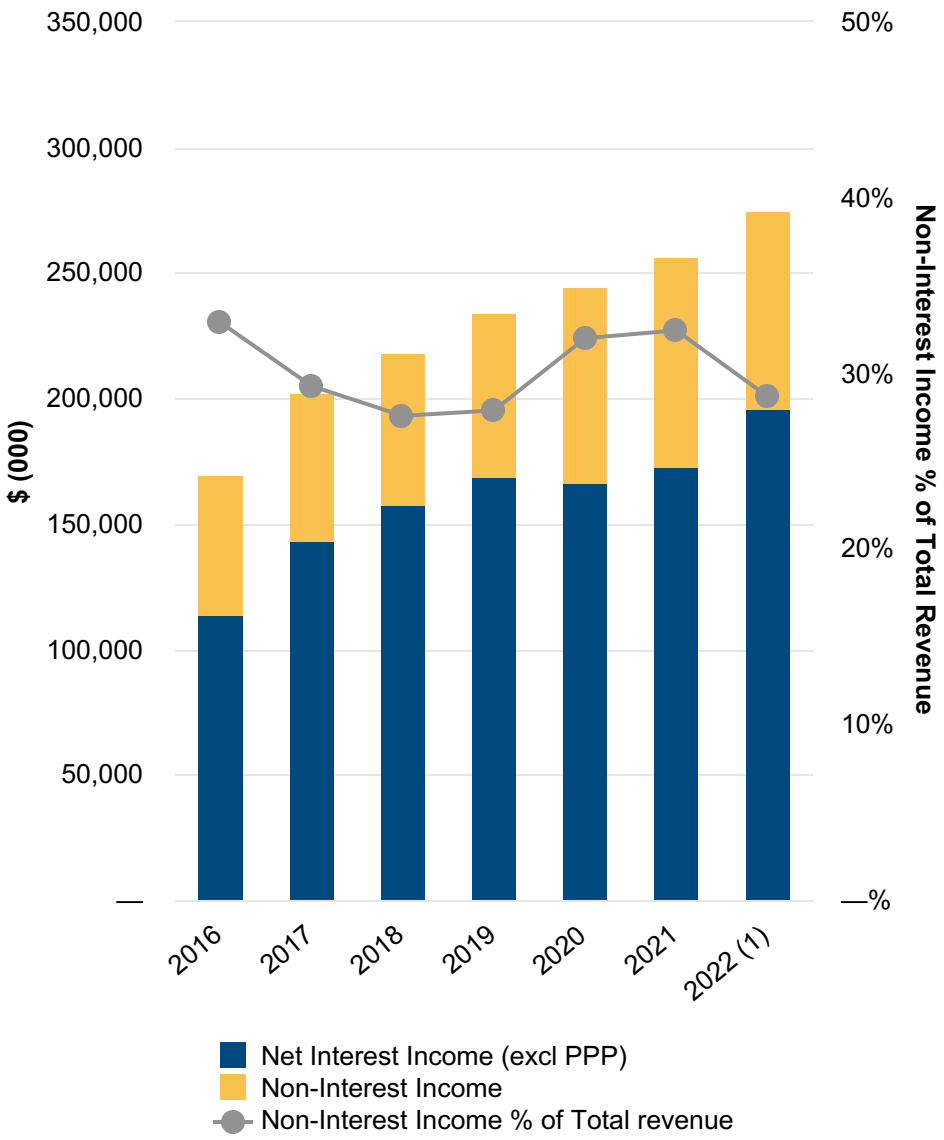

UVSP's effective tax rate would be approximately 400 bps higher if the Bank Shares Tax was included in income tax expense.

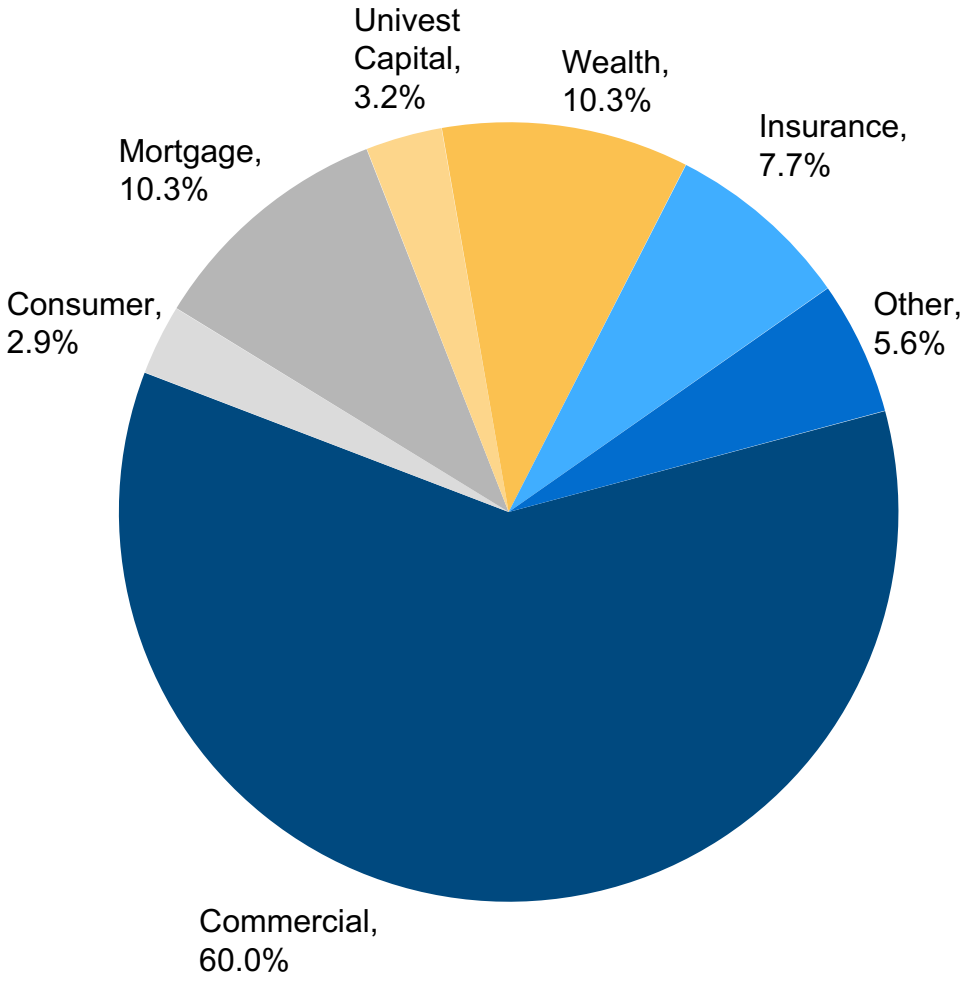

1. This is a non-GAAP financial measure. Refer to the Appendix for reconciliation.
2. Based upon a pro forma 21% tax rate for all periods presented.
