Forward Looking Statements & Non-GAAP Financial Measures

This presentation release contains, and incorporates by reference, certain "forward-looking" statements (as such term is defined in the Private Securities Litigation Reform Act of 1995, and the rules promulgated pursuant to the Securities Act of 1933, as amended, and the Securities Exchange Act of 1934, as amended) that are based on the beliefs of the Company's management, as well as assumptions made by and information currently available to the Company's management. When used in this document and in the documents incorporated herein by reference, the words "intend," "anticipate," "believe," "estimate," "expect" and similar expressions, as they relate to the Company or its management, identify such forward-looking statements. Such statements reflect the current views of the Company or its management with respect to future events and are subject to certain risks, uncertainties and assumptions. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, the Company's actual results, performance, or achievements could differ materially from those expressed in, or implied by, any such forward-looking statements. Factors that could cause or contribute to such material differences include the COVID-19 pandemic (including factors relating to measures implemented by governmental authorities or by us to promote the safety of our employees, vendors and clients; other direct and indirect impacts on our business and the businesses of our clients, vendors and other partners; impacts which may, among other things, adversely affect our clients' ability to utilize our services at the levels they have previously; disruptions of access to our facilities or those of our clients or third parties; and increased and potentially significant economic uncertainty and volatility, including credit and collectability risks and potential disruptions of capital and credit markets), the possibility that the demand for our services may decline as a result of changes in generally applicable and industry-specific economic conditions, the timing of engagements for our services, the effects of competitive services and pricing, the absence of backlog related to our business, our ability to attract and retain key employees, the effect of tort reform and government regulation on our business, and liabilities resulting from claims made against us. Additional risks and uncertainties are discussed in our Annual Report on Form 10-K under the heading "Risk Factors" and elsewhere in the report. The inclusion of such forward-looking information should not be regarded as a representation by the Company or any other person that the future events, plans, or expectations contemplated by the Company will be achieved. The Company undertakes no obligation to release publicly any updates or revisions to any such forward-looking statements.

Premium Engineering & Scientific Consulting

When Getting it Right Matters

Exponent harnesses the power of technical excellence, objectivity and disciplinary diversity to solve our clients' toughest challenges

© 2026 Exponent, Inc. | Privileged & Confidential

World's Best Problem Solvers for More than Five Decades

OVERVIEW

- 50+ years of expansion and diversification across disciplines and industries
- Best-in-class engineering and scientific expertise
- Bespoke multidisciplinary solutions for high exposure, high-risk challenges around the world
- Unparalleled reputation for rigorous, objective technical analyses throughout the product lifecycle

OUR WORLD CLASS TALENT

900+ Consulting Staff

650+ Doctoral-level professionals

90+ Disciplines

250+ Standards committees and advisory boards served

50+ Staff serving on editorial review boards/peer reviewers

1,250+ Staff academic articles published

Note: Figures as of 12/31/25

50+ Years of Future-Focused Thinking

Our ecosystem of intellectual capital evolves continuously, enabling Exponent — and our clients — to develop the solutions of tomorrow, today.

Failure Analysis Associates (FaAA) was founded

1970

Exponent adds new engineering and science disciplines

1980

Expansion: Test and Engineering Center

1990

Public Filing/ NASDAQ listing under the ticker "FAIL"

Acquired Environmental Health Strategies and PTI Environmental Services

Exponent

Name changed to Exponent Inc.; NASDAQ listing updated to "EXPO"

2000

Acquired Novigen Sciences

Expanded presence into Asia

2010

Project: Toyota unintended acceleration

Project: Deep Water Horizon explosion, Gulf Coast

Project: Camp Fire, California

2020

Project: Cruise, Automated Vehicle Incident Response

Connecting the Lessons of Past Failures with Tomorrow's Solutions

We leverage our wealth of failure analysis learnings to develop the breakthrough insights our clients need, generating opportunity at every stage of the product lifecycle.

Reactive Services

Understanding the past

- Litigation support
- Accident and failure investigation
- Product recalls
- Regulatory actions
- Insurance investigations

Proactive Services

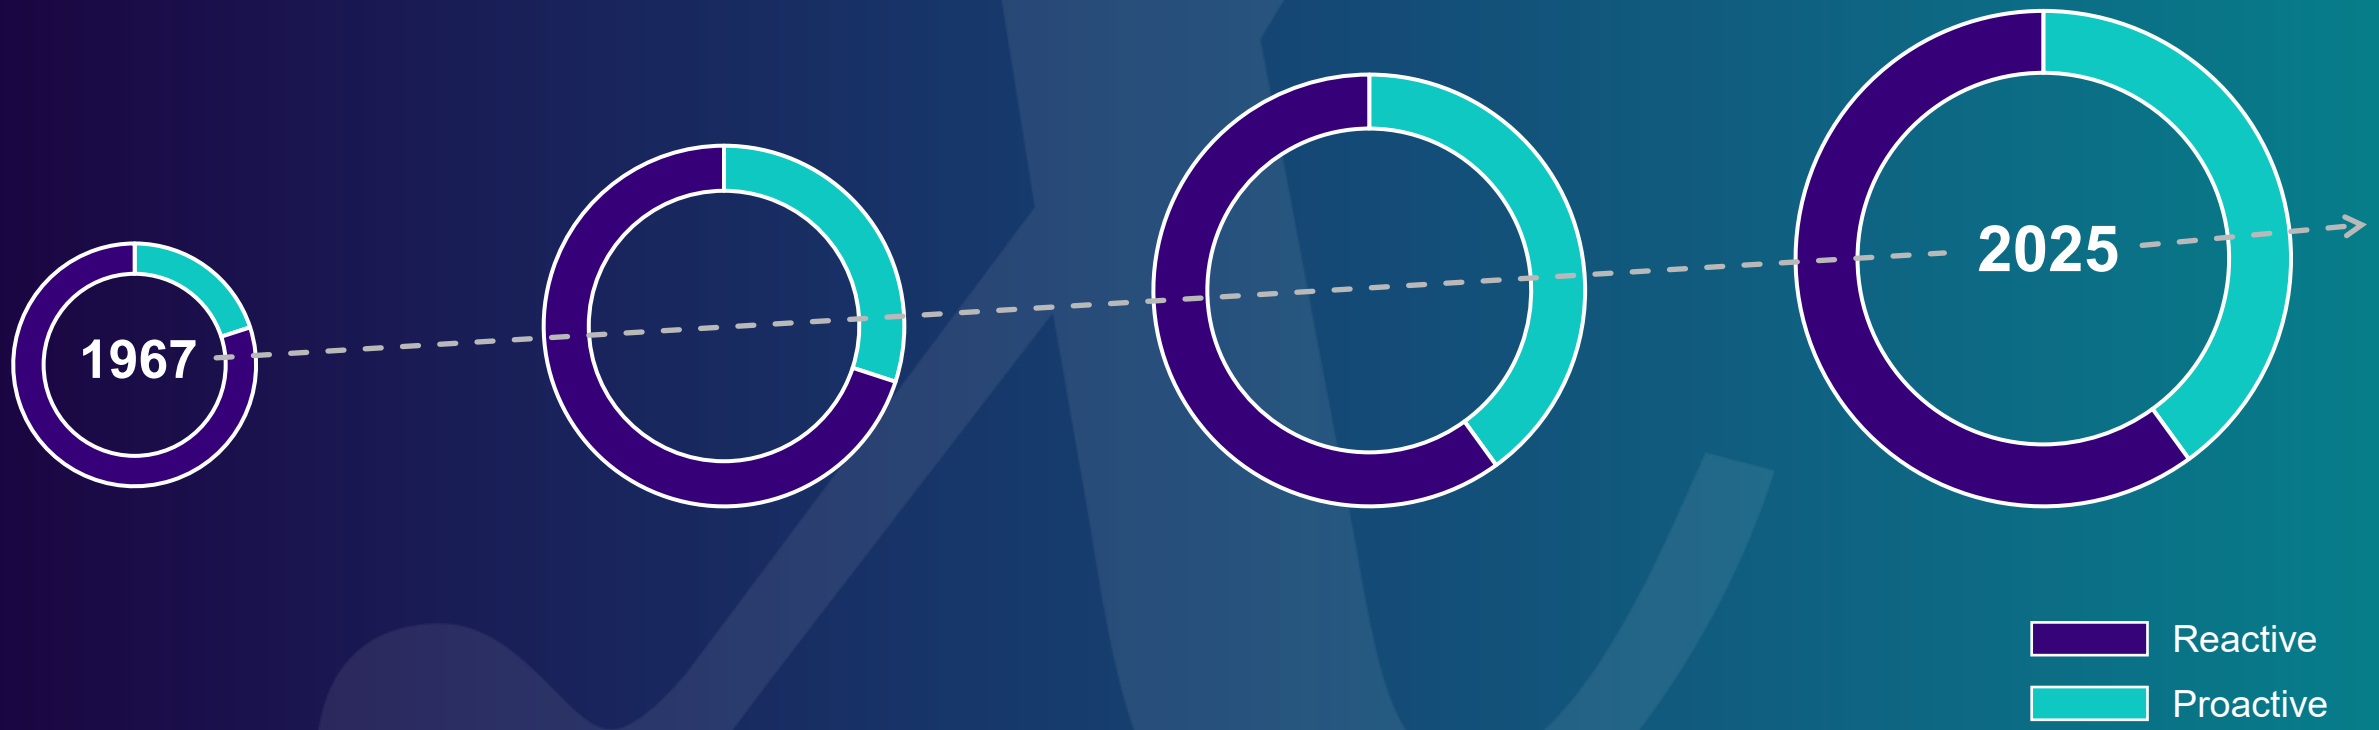

Charting a course for the future across the product lifecycle

- Product and process improvement
- Research and development
- Risk management
- Regulatory consulting

EBITDAS – YTD (as of 7/3)

($ Millions)	2025	2026	% Change
Net Income	**$53.2**	**$59.0**	**11%**
Add back (subtract):			
Income taxes	**21.4**	**24.1**	**13%**
Interest income, net	**(5.1)**	**(2.4)**	**-52%**
Depreciation and amortization	**5.0**	**5.2**	**4%**
EBITDA[1]	**74.5**	**85.9**	**15%**
Stock-based compensation	**13.4**	**15.7**	**17%**
EBITDAS[1]	**$88.0**	**$101.6**	**16%**

[1]EBITDA is a non-GAAP financial measure defined by the Company as net income before income taxes, interest income, depreciation and amortization. EBITDAS is a non-GAAP financial measure defined by the Company as EBITDA before stock-based compensation. The Company regards EBITDA and EBITDAS as useful measures of operating performance and cash flow to complement operating income, net income and other GAAP financial performance measures. Additionally, management believes that EBITDA and EBITDAS provide meaningful comparisons of past, present and future operating results. Generally, a non-GAAP financial measure is a numerical measure of a company's performance, financial position or cash flow that either excludes or includes amounts that are not normally excluded or included in the most directly comparable measure calculated and presented in accordance with GAAP. These measures, however, should be considered in addition to, and not as a substitute or superior to, operating income, cash flows, or other measures of financial performance prepared in accordance with GAAP.

EBITDAS – Q2 2026

($ Millions)	2025	2026	% Change
Net Income	**$26.6**	**$29.4**	**11%**
Add back (subtract):			
Income taxes	**10.3**	**11.4**	**11%**
Interest income, net	**(2.3)**	**(0.7)**	**-69%**
Depreciation and amortization	**2.5**	**2.7**	**6%**
EBITDA[1]	**37.0**	**42.7**	**16%**
Stock-based compensation	**5.2**	**6.7**	**27%**
EBITDAS[1]	**$42.4**	**$49.4**	**17%**
