Forward-Looking Statements

- Certain statements of other than historical fact that are contained in this press release and in other written materials, documents and oral statements issued by or on behalf of the Company may be considered to be “forward-looking statements” within the meaning of and subject to the safe harbor protections of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are not guarantees of future performance, nor should they be relied upon as representing management’s views as of any subsequent date. These statements may include words such as “expect,” “estimate,” “project,” “anticipate,” “appear,” “believe,” “could,” “should,” “may,” “might,” “will,” “would,” “seek,” “intend,” “probability,” “risk,” “goal,” “target,” “objective,” “plans,” “potential,” and similar expressions. Forward-looking statements are statements with respect to the Company’s beliefs, plans, expectations, objectives, goals, anticipations, assumptions, estimates, intentions and future performance and are subject to significant known and unknown risks and uncertainties, which could cause the Company’s actual results to differ materially from the results discussed in the forward-looking statements. For example, benefits of the Share Repurchase Plan, trends in asset quality, capital, liquidity, the Company’s ability to sell nonperforming assets, expense reductions, planned operational efficiencies and earnings from growth and certain market risk disclosures, including the impact of interest rates and our expectations regarding rate changes, tax reform, inflation, tariffs, the impacts related to or resulting from other economic factors are based upon information presently available to management and are dependent on choices about key model characteristics and assumptions and are subject to various limitations. By their nature, certain of the market risk disclosures are only estimates and could be materially different from what actually occurs in the future. Accordingly, our results could materially differ from those that have been estimated. The most significant factor that could cause future results to differ materially from those anticipated by our forward-looking statements include the ongoing impact of higher inflation levels, interest rate fluctuations, including the impact of changes in interest rates on our financial projections, models and guidance, and general economic and recessionary concerns, as well as the effects of declines in the real estate market, tariffs or trade wars (including reduced consumer spending, lower economic growth or recession, reduced demand for U.S. exports, disruptions to supply chains, and decreased demand for other banking products and services), high unemployment and increasing insurance costs, as well as the financial stress on borrowers as a result of the foregoing, all of which could impact economic growth and could cause a reduction in financial transactions and business activities, including decreased deposits and reduced loan originations, and our ability to manage liquidity in a rapidly changing and unpredictable market.
- Additional information concerning the Company and its business, including additional factors that could materially affect the Company’s financial results, is included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2024, under “Part I - Item 1. Forward Looking Information” and “Part I - Item 1A. Risk Factors” and in the Company’s other filings with the Securities and Exchange Commission. The Company disclaims any obligation to update any factors or to announce publicly the result of revisions to any of the forward-looking statements included herein to reflect future events or developments.

Key Management Team

Lee Gibson, *Chief Executive Officer*

- Board and Executive Committee member of Tyler Economic Development Council
- Board member Texas Bankers Association
- Past Chairman, FHLB Dallas and Council of FHLBanks
- Over 40 years with Southside

Keith Donahoe, *President*

- Served as Regional President, Central Texas from 2022-2024
- Over 30 years of experience in the banking and financial services industry

Julie Shamburger, *Chief Financial Officer*

- Chief Accounting Officer of Southside Bank from 2011-2016
- Over 40 years with Southside

Curtis Burchard, *Chief Lending Officer*

- Prior to Southside, served as Head of Commercial Real Estate at another Texas public bank
- Over 40 years of experience in the banking and financial services industry

TL Arnold, *Chief Credit Officer*

- Board member of William Mann Community Development Corporation
- 10 years with Southside and over 35 years of experience in the banking and financial services industry

Brian McCabe, *Chief Operations Officer*

- Board member of East Texas Lighthouse for the Blind and CHRISTUS Trinity Mother Frances Foundation
- Over 40 years with Southside

Suni Davis, *Chief Treasury Officer*

- Financial Managers Society Audit and Risk Council Member
- 24 years with Southside

Southside Snapshot

Company Overview

- Founded in 1960 with headquarters in Tyler, TX
- Community-focused financial institution
- Offers a broad range of consumer, commercial and mortgage banking services, as well as private banking, wealth management and trust services, and brokerage services
- Awarded one of the "Best Banks to Work For" in 2022, 2023 and 2024 by American Banker
- Diversified branch footprint consisting of 53 branches, 12 of which are located in grocery stores
- 787 Full-Time Equivalent Employees
- Insider ownership equal to 5.88%⁽¹⁾
- Experienced Management Team, each with over 20 years of experience in Banking
- Strong asset quality, with NPA to Total Assets of 0.39%

East Texas	25	<ul style="list-style-type: none"> • Founded in 1960 in Tyler, TX • Leading deposit market share (38%) in Smith County • Tyler metropolitan area population of approximately 240,000
Dallas – Fort Worth	15	<ul style="list-style-type: none"> • Acquired Fort Worth Bancshares, Inc. (\$129m in Assets) in 2007 and OmniAmerican Bancorp, Inc. (\$1.4b in Assets) in 2014 • Expanded footprint with a Loan Production Office in Dallas January 2024 • #1 largest MSA in Texas and #4 in U.S. • 21 Fortune 500 Companies
Southeast Texas	10	<ul style="list-style-type: none"> • Acquired Diboll State Bancshares, Inc. (\$1.0b in Assets) in 2017 • Leading deposit market share (29%) in Angelina County • Lufkin metropolitan area population of approximately 90,000
Austin	2	<ul style="list-style-type: none"> • Expanded footprint to Austin with LPO acquired through Fort Worth Bancshares, Inc. transaction in 2007, became a full service branch in 2011 • #4 largest MSA in Texas
Houston	1	<ul style="list-style-type: none"> • #2 largest MSA in Texas and #5 in the US • 24 Fortune 500 Companies

Geographic Footprint

Geographic Footprint consists of 53 branches in Texas, including 12 grocery store branches

Goals for 2025

- Maintain asset quality;
- Continued focus on organically growing loans & non-maturity deposits;
- Focus on increasing net-interest income;
- Capitalize on operational process efficiency;
- Focus on non-interest income growth; and
- Further enhance digital/technology strategies.

NCOs / Average Loans

ALLL / NPLs⁽¹⁾

- (1) Pursuant to our adoption of ASU 2022-02, effective January 1, 2023, we prospectively discontinued the recognition and measurement guidance previously required on troubled debt restructures. As a result, non-performing loans (NPLs) beginning March 31, 2023 exclude any loan modifications that are performing but would have previously required disclosure as troubled debt restructures.
- (2) Nonperforming assets increased during Q1 2025 primarily due to an increase of \$27.5 million in restructured loans due to an extension of maturity on a CRE loan to allow for an extended lease up period.

Appendix

Non-GAAP Reconciliation

This presentation contains certain financial information determined by methods other than in accordance with accounting principles generally accepted in the United States (GAAP). These non-GAAP financial measures include return on average tangible common equity, tangible book value per common share, tangible common equity to tangible assets, efficiency ratio on a fully taxable-equivalent (FTE) basis, net interest income (FTE), net interest margin (FTE) and net interest spread (FTE).

In calculating return on average tangible common equity, Southside (i) adds back the after tax amortization expense to net income available to common shareholders and (ii) subtracts average intangible assets for the period from average shareholders' equity. In calculating tangible book value per common share, Southside subtracts intangible assets for the period from shareholders' equity. In calculating the ratio of tangible common equity to tangible assets, Southside subtracts intangible assets both from shareholders' equity and total assets at the end of the period. Management believes that the presentation of these measures excluding the impact of intangible assets provides useful supplemental information that is helpful in understanding Southside's financial condition and results of operations, as they provide a method to assess management's success in utilizing Southside's tangible capital as well as its capital strength. Management also believes that providing measures that exclude balances of intangible assets, which are subjective components of valuation, facilitates the comparison of Southside's performance with the performance of its peers. In addition, management believes that these are standard financial measures used in the banking industry to evaluate performance.

The efficiency ratio (FTE) is a non-GAAP measure that provides a measure of productivity in the banking industry. This ratio is calculated to measure the cost of generating one dollar of revenue. The ratio is designed to reflect the percentage of one dollar which must be expended to generate that dollar of revenue. We calculate this ratio by dividing noninterest expense, excluding amortization expense on intangibles and certain nonrecurring expense by the sum of net interest income (FTE) and noninterest income, excluding net gain (loss) on sale of securities available for sale and certain nonrecurring impairments. The most directly comparable financial measure calculated in accordance with GAAP is our efficiency ratio.

Net interest income (FTE) is a non-GAAP measure that adjusts for the tax-favored status of net interest income from certain loans and investments. We believe this measure to be the preferred industry measurement of net interest income and it enhances comparability of net interest income arising from taxable and tax-exempt sources. The most directly comparable financial measure calculated in accordance with GAAP is our net interest income. Net interest margin (FTE) is the ratio of net interest income (FTE) to average earning assets. The most directly comparable financial measure calculated in accordance with GAAP is our net interest margin. Net interest spread (FTE) is the difference in the average yield on average earning assets on a tax-equivalent basis and the average rate paid on average interest bearing liabilities. The most directly comparable financial measure calculated in accordance with GAAP is our net interest spread.

These non-GAAP financial measures are supplemental and are not a substitute for any analysis based on GAAP financial measures. Because not all companies use the same calculation of non-GAAP financial measures, this presentation may not be comparable to other similarly titled measures as calculated by other companies.
