4th Annual Cboe Risk Management Conference Asia 2018

- Leading institutional derivatives, volatility traders to meet in Hong Kong, December 3-4

CHICAGO – November 12, 2018 - Cboe Global Markets, Inc. (Cboe: CBOE), one of the world's largest exchange holding companies, will host the 4th annual Cboe Risk Management Conference (RMC℠) Asia on Monday, December 3, through Tuesday, December 4, 2018, at the Conrad Hong Kong.

Top traders, strategists and researchers will discuss the latest products and strategies for managing risk, enhancing yields and lowering portfolio volatility at Cboe RMC Asia. The conference features nine sessions over two days, with presentations and discussions led by 10 highly regarded industry experts.

Dinny McMahon, Fellow at The Paulson Institute, will be the keynote speaker at Cboe RMC Asia, discussing "After the Deluge: Deleveraging and the Challenge of Cleaning up China's Debt." Mr. McMahon is also the author of the book, "China's Great Wall of Debt: Shadow Banks, Ghost Cities, Massive Loans, and the End of the Chinese Miracle." Other RMC Asia speakers include Sheldon Natenberg, Former Co-Director of Education at the Chicago Trading Company and author of "Option Volatility & Pricing," who will present "Options/Volatility Fundamentals Part One, Two and Three."

The full agenda and list of speakers is available at www.cboermcasia.com. For more information on previous RMC's in Tel Aviv, the U.S. and Europe, visit www.cboermc.com.

About the Cboe Risk Management Conference

The annual Cboe Risk Management Conference (RMC℠) is the premier financial industry conference designed for institutional users of equity derivatives, options and volatility products. Now in its 34th year in the U.S., 7th year in Europe, 4th year in East Asia, and for the first time this year, Israel.

Cboe RMC is an educational forum dedicated to exploring the latest products and strategies for managing risk, enhancing yields and lowering portfolio volatility for institutional investors. Cboe RMC brings together top traders, investors, strategists and researchers, enabling participants to learn the state of the art in portfolio management from highly regarded industry experts.

Cboe RMC's agenda covers a variety of concepts, challenging attendees to think differently about how they manage positions, employ hedging techniques, utilize equity derivatives, and model and trade volatility. Topics ranging from basic derivatives applications to advanced trading concepts are current and relevant. See www.cboermc.com for additional information.*
