

ENVIRONMENTAL, HEALTH AND SAFETY POLICY

Crane is committed to the protection of the environment and the health and safety of its associates. Consistent with that commitment, the Company will seek to prevent serious or irreversible environmental degradation through efficient operations and activities, and the Company will strive to continually reduce the incidence and severity of job-related injuries. In particular, our general policy requires the following:

1. Crane will comply with all applicable environmental laws governing the use, storage, discharge and disposal of hazardous or toxic material.
2. Crane will comply with right-to-know laws and other applicable laws and regulations relating to communications about known hazards and safeguards associated with its manufacturing processes and activities.
3. Crane will strive to minimize occupational health and safety risks to all its associates by utilizing safe technologies, training programs, effective risk management practices and sound science in its operations.
4. Crane will seek to improve the operation of its facilities through the efficient use of energy and sustainable use of renewable resources, and it will strive to minimize adverse environmental impact through waste reduction, recycling and responsible waste disposal.
5. Crane will seek to manufacture and deliver products and services that minimize environmental impact and that are safe when properly used and maintained.

This policy extends beyond our own operations, and is expected to be followed by the Company's suppliers and vendors. Crane has implemented robust processes and procedures to ensure that these policy objectives are achieved, including requiring routine reporting of environmental or safety matters to the Company's senior leadership, establishing safety committees at our operating facilities, having designated Environmental Health & Safety managers appointed at our facilities, conducting periodic audits using outside experts in the fields of environmental health and safety, and providing training to our personnel.
