Owens & Minor Announces Upsize and Pricing of Senior Secured Notes Offering

2025-04-02

RICHMOND, Va.--(BUSINESS WIRE)-- Owens & Minor, Inc. (NYSE:OMI) (the "Company") announced today the upsize and pricing of its private offering (the "Offering") of \$1 billion aggregate principal amount of its 10.000% senior secured notes due 2030 (the "Notes"). The Offering is expected to close on April 4, 2025, subject to customary closing conditions. The Notes will bear interest at the rate of 10.000% per year. The Notes will mature on April 15, 2030 (subject to certain earlier maturity triggers). The Notes were offered at a price of 100% of their principal amount.

Unless the previously announced acquisition (the "Acquisition") of Rotech Healthcare Holdings Inc. ("Rotech") is consummated substantially concurrently with the closing of the Offering, the Company will deposit the gross proceeds from the Offering into a segregated escrow account until the date that the Acquisition has been consummated. The consummation of the Acquisition is subject to customary closing conditions.

The Notes will be fully and unconditionally guaranteed, jointly and severally, on a senior secured basis by the Company and certain domestic subsidiaries of the Company that guarantee the Company's existing term loan facility and revolving credit facility. If the issue date occurs prior to the closing of the Acquisition (and subject to applicable grace periods), the Notes will be secured only by a first-priority security interest in the escrow account and all funds on deposit therein. Following the completion of the Acquisition, the Notes and related guarantees will be secured on a first-priority basis by liens on the same assets that secure the Company's existing term loan facility and revolving credit facility.

Upon the closing of the Offering or, if applicable, upon consummation of the Acquisition, the Company intends to use the net proceeds of the Offering, together with cash on hand and expected borrowings under a new senior

secured incremental term loan B facility to finance the consummation of the Acquisition and the other transactions contemplated by the merger agreement, including the repayment of Rotech debt and to pay Acquisition related fees and expenses. Any remaining net proceeds will be used for working capital and general corporate purposes.

The Notes have not been registered under the Securities Act of 1933, as amended (the "Securities Act"), any state securities laws or the securities laws of any other jurisdiction, and may not be offered or sold in the United States, or for the benefit of U.S. persons, except pursuant to an applicable exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities or blue sky laws. Accordingly, the Notes were offered only to persons reasonably believed to be "qualified institutional buyers," as that term is defined under Rule 144A of the Securities Act, or outside the United States to non-"U.S. persons" in accordance with Regulation S under the Securities Act.

A confidential offering memorandum for the Offering has been made available to such eligible persons. The Offering is being conducted in accordance with the terms and subject to the conditions set forth in such confidential offering memorandum.

This press release shall not constitute an offer to sell, a solicitation to buy or an offer to purchase or sell any securities. No offer, solicitation, purchase or sale will be made in any jurisdiction in which such offer, solicitation or sale would be unlawful. Any offer, or solicitation to buy, if at all, will be made only by means of a confidential offering memorandum. The Offering is not conditioned on the consummation of the Acquisition, which, if consummated, may occur subsequent to the closing of the Offering. This press release does not constitute a notice of repayment of any outstanding indebtedness of Rotech. The terms and conditions of the incremental term loan B facility have not been finalized and are therefore subject to change. The completion of the Offering is not conditioned upon our entering into the incremental term loan B facility, and our entering into such facility is not conditioned upon completion of the Offering.
