## Vectrus Recognized by Military Times as Top Employer for Veterans

10/6/2020

COLORADO SPRINGS, Colo., Oct. 6, 2020 /PRNewswire/ -- Vectrus, Inc. (NYSE: VEC) announced today that it has been recognized as a **2020 Best for Vets Employer** by Military Times. This survey is the most comprehensive annual ranking of the country's best employers and organizations with military-connected employment programs, benefits, and support efforts.

"We are honored to be recognized this year by Military Times for our success as a top employer to our veterans, specifically for the recruiting, onboarding, and education support we offer," said Frank Peloso, Vectrus senior vice president and chief human resources officer. "Military veterans add to the diversity of our culture at Vectrus, bringing leadership experience, specialized skills, an instant knowledge of, and appreciation for, our clients' missions."

The criteria for evaluating the companies is based on years of Military Times research, interviews with veterans, input from veterans' advocates and human resources professionals. The survey was written, analyzed, weighted and scored in partnership with data analysts at the Veterans Research Network, which was part of ScoutComms but is now part of the Fors Marsh Group.

In its 11th year, Best for Vets: Employers rankings were based on a voluntary survey that included more than 100 questions seeking detailed information based on the individual company's policies and practices related to veteran recruitment and retention, support for translation of military skills to civilian credentials, support for military spouse employment and accommodations for members of the National Guard and reserves.
