

EPAM Testing and QA Center of Excellence honored in the 2010 International Business Awards

October 4, 2010 9:48 AM ET

Newtown, PA — October 4, 2010 — EPAM Systems, Inc., the [leading software engineering and IT Outsourcing \(ITO\)](#) provider in Central and Eastern Europe (CEE), announced today that its Testing and QA Center of Excellence has earned a Distinguished Honoree medal in the category "IT Department of the Year" in The 2010 International Business Awards, a global business awards program honoring great performances in business.

EPAM's Testing and QA Center of Excellence (CoE) is the largest stand-alone testing organization in Central and Eastern Europe. Established in 1999, the software testing CoE has grown to over 1,000 seasoned test professionals offering a comprehensive set of services covering functional and performance testing, automated testing, localization testing, mobile and security testing, and cloud/SOA [testing](#). [Software Russia](#) and Eastern Europe also offer best-in-class engineering staff with the deep understanding of specific business domains needed to provide quality services in such complex vertical segments as Investment and Retail Banking, Business Information Services and Media, and Travel and Hospitality among others.

Today there are dozens of leading software product companies as well as Fortune 1000 corporations that utilize various testing services provided by EPAM independently or in combination with other EPAM software engineering offerings.

"This award validates EPAM's leading position as a provider of independent testing services among global ITO vendors. It recognizes not just over ten years of EPAM's experience in this field, but also our top level expertise with market leading advanced testing tools and multiple technology platforms, EPAM's rich set of proprietary testing frameworks and methodologies developed internally to address many complex and unique client requirements, and also the availability of EPAM's SDLC management platform used in most of our engagements to bring complete transparency and traceability to the testing process," noted Andrei Savastsiuk, Director, Testing and QA at EPAM.

About The Stevie Awards

The Stevie Awards are conferred in four programs: The American Business Awards, The International Business Awards, the Stevie Awards for Women in Business, and the Stevie Awards for Sales & Customer Service. Honoring companies of all types and sizes and the people behind them, the Stevies recognize outstanding performances in the workplace worldwide.
