

## EPAM's Digital Healthcare Team to Showcase Patient Engagement and Data Usability Solutions at HIMSS 2018

February 28, 2018 2:00 PM EST

NEWTOWN, Pa., Feb. 28, 2018 (GLOBE NEWSWIRE) -- EPAM Systems, Inc. (NYSE:EPAM), a leading global provider of digital platform engineering and software development services, will be attending HIMSS 2018, showcasing its digital healthcare solutions. EPAM currently works with the largest telehealth provider, four of the top healthcare ISVs, three of the top U.S. health plans, and several leading providers and hospital systems, delivering integrated health solutions from mobile apps and population health management tools, to claims platforms and patient engagement portals.

At the meeting, EPAM will present its latest white paper "[Improving Data Usability Among Payors](#)" as well as a [white paper](#) that discusses the four most influential factors leading the transformation of patient-centric healthcare. EPAM has a dedicated healthcare and life sciences team of over 1,200 engineers, developers and consultants who are experts in digital transformation.

"With the rapid changes in the healthcare sector, it's critical that payors, providers and technology partners collaborate to successfully navigate the shift from volume to value business transformation," said Eladio Alvarez, VP, Head of Healthcare Solutions and Business Development, EPAM. "HIMSS offers us a great opportunity to connect with industry leaders, understand their business needs and determine how to help them withstand disruption."

EPAM is a Platinum Sponsor of HIMSS 2018, the leading health information and technology conference, in Las Vegas, Nevada from March 5-9, 2018. To learn more about EPAM's capabilities in healthcare, stop by booth #12347 during the conference, read our [customer stories](#) or visit [www.epam.com/our-work/life-sciences-and-healthcare](http://www.epam.com/our-work/life-sciences-and-healthcare).
