

EPAM Named To 2018 CRN Fast Growth 150 List, Moving Up This Year From #98 To #66

August 15, 2018 2:00 PM EDT

CRN Fast Growth List Recognizes Thriving Solution Providers in the IT Channel

NEWTOWN, Pa., Aug. 15, 2018 /PRNewswire/ -- EPAM Systems, Inc. (NYSE: EPAM), a leading global provider of digital platform engineering and software development services, announced that [CRN](#), a brand of [The Channel Company](#), has named EPAM to its 2018 Fast Growth 150 list.

"EPAM has been delivering over 20% year-over-year growth for the past 30 consecutive quarters and it's exciting to see this level of industry-leading growth continue, given that we are not only competing with small, fast-growing start-ups, but much larger established solution providers," said Elaina Shekhter, SVP & CMO, EPAM. "We are continually expanding our service capabilities, moving beyond traditional services into business consulting, design and physical product development areas. These new capabilities, combined with our 25 years of advanced technology and software engineering experience, should give us a solid foundation for future growth."

The list is CRN's annual ranking of North America-based technology integrators, solution providers and IT consultants with gross sales of at least \$1 million that have experienced significant economic growth over the past two years. The 2018 list is based on an increase of gross revenue between 2015 and 2017. The companies recognized this year represent a remarkable combined total revenue of more than \$50 billion.

"CRN's 2018 Fast Growth 150 list features companies that are growing in an ever-changing, challenging market," said Bob Skelley, CEO of The Channel Company. "As traditional solution providers are moving towards a services-focused business model, this extraordinary group have been able to successfully adapt; outperforming competitors and proving themselves as channel leaders. We are pleased to recognize these organizations and look forward to their continued success."

The complete 2018 Fast Growth 150 list is featured in the August issue of CRN and can be viewed online at www.crn.com/fastgrowth150.
