

EPAM Recognized As A Top 10 Travel, Hospitality & Logistics Service Provider By HFS

November 26, 2018 3:00 PM EST

NEWTOWN, Pa., Nov. 26, 2018 /PRNewswire/ -- EPAM Systems, Inc. (NYSE: EPAM), a leading global provider of digital platform engineering and software development services, today announced that it was ranked #10 in the HFS Research report, Top 10 Travel, Hospitality and Logistics Service Providers 2018.

EPAM ranked among the highest scores in talent and service delivery, relationship management, and industry-specific offerings and expertise. According to the report, "EPAM is a nimble player with engineering excellence at its core."

"EPAM's inclusion in this report showcases our deep history and experience with helping leaders in the Travel, Hospitality and Logistics industry navigate evolving technology change," said Elaina Shekhter, Chief Marketing Officer, EPAM. "Leveraging our expertise in machine learning, AI, digital platform engineering services, digital strategy and service design, we work with our clients to deliver customer-centric user experiences built on next-gen platforms."

With the emergence of tech solutions and pressure from changing consumer demands, Travel, Hospitality and Logistics companies are relying on technology partners to help them innovate and deliver personalized, omnichannel customer experiences to withstand disruption. With more than 15 years of experience working with Travel, Hospitality and Logistics companies, EPAM's most recent work in the industry includes:

- Developing the [Hotels.com mobile app](#), winner of the 2018 MediaPost Appy Award in the Travel & Tourism Category
- Collaborating with [HERE Technologies](#) to create and deliver innovative asset tracking solutions for the transportation, logistics, distribution and fleet management industries
- Designing a [new digital wayfinding system](#) to guide customers through the airport with Southwest Airlines, which was recognized with the 2018 Service Design Award in the "Best in Private Sector" category
- Partnering with [WorkFusion](#) to deliver smart automation solutions to travel and other industry customers

To assess the services landscape of the Travel, Hospitality and Logistics industry, HFS analyzed the capabilities of 21 service providers and ranked them across three primary categories and seven subcategories, including the ability to execute, innovation capabilities and voice of the customer.
