

## EPAM Achieves Elite Tier Partner Status with Snowflake

August 2, 2022 2:02 PM EDT

*Achievement further propels EPAM in the Snowflake Partner Network, bringing additional technology, industry and business experience for joint customers.*

NEWTOWN, Pa., Aug. 2, 2022 /PRNewswire/ -- For companies to stay competitive, they must change the way they think about and handle data as the need for digital transformation accelerates. For organizations looking to unlock the potential of the cloud, it is imperative to select an experienced partner. [EPAM Systems, Inc.](#) (NYSE: EPAM), a leading digital transformation services and product engineering company, today announced that it has achieved Elite tier partner status from [Snowflake](#), the Data Cloud company.

"We couldn't be more excited or proud of our entire data practice for achieving Elite Services Partner status with Snowflake. A special thanks goes out to our customers who trusted us to successfully lead their data projects and the broader EPAM Snowflake community for supporting our organization to make this happen," said Valentin Tsitlik, Head of Data and Analytics Practice at EPAM. "Our ongoing commitment to broadening the reach of our Snowflake capabilities demonstrates we are a leading global player that helps customers build and drive their businesses forward with data."

#### Forward-Looking Statements

This press release includes estimates and statements which may constitute forward-looking statements made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, the accuracy of which are necessarily subject to risks, uncertainties, and assumptions as to future events that may not prove to be accurate. Our estimates and forward-looking statements are mainly based on our current expectations and estimates of future events and trends, which affect or may affect our business and operations. These statements may include words such as "may," "will," "should," "believe," "expect," "anticipate," "intend," "plan," "estimate" or similar expressions. Those future events and trends may relate to, among other things, developments relating to on-going hostilities in Ukraine, political and civil unrest or military action in the geographies where we conduct business and operate, developments relating to the on-going COVID-19 pandemic, and the effect that they may have on our revenues, operations, access to capital, profitability and customer demand. Other factors that could cause actual results to differ materially from those expressed or implied include general economic conditions, the risk factors discussed in the Company's most recent Annual Report on Form 10-K and the factors discussed in the Company's Quarterly Report on Form 10-Q, filed on or after the date of this press release, particularly under the headings "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Risk Factors" and other filings with the Securities and Exchange Commission. Although we believe that these estimates and forward-looking statements are based upon reasonable assumptions, they are subject to several risks and uncertainties and are made in light of information currently available to us. EPAM undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise, except as may be required under applicable securities law.
