

IAMGOLD CORPORATION
TECHNICAL COMMITTEE MANDATE

1. Overall Purpose and Objectives

The Technical Committee (the “**Committee**”) of the Board of Directors (the “**Board**”) of IAMGOLD Corporation (the “**Corporation**”) will assist the Board in fulfilling its responsibilities under its mandate and applicable laws and regulations in respect of reserve and resource estimation and reporting, technical and operational matters at the Corporation’s operating mines, projects and properties.

In addition to the powers and responsibilities expressly delegated by the Board to the Committee in this mandate, the Committee may exercise any other powers and carry out any other responsibilities delegated to it by the Board from time to time consistent with the Corporation’s by-laws. The powers and responsibilities delegated by the Board to the Committee in this mandate or otherwise shall be exercised and carried out by the Committee as it deems appropriate without requirement of Board approval, and any decision made by the Committee (including any decision to exercise or refrain from exercising any of the powers delegated to the Committee hereunder) shall be at the Committee’s sole discretion. To the fullest extent permitted by law, the Committee shall have the power to determine which matters are within the scope of the powers and responsibilities delegated to it.

2. Authority

- (a) The Committee shall have the authority to:
 - (i) Engage advisors and independent counsel as the Committee determines necessary to carry out its duties; and
 - (ii) Set compensation and authorize payment for any advisors employed by the Committee.
- (b) The Committee shall have unrestricted and unfettered access to all personnel and documents of the Corporation and shall be provided with the resources reasonably necessary to fulfill its responsibilities.

3. Membership and Organization

- (a) The Committee will be composed of at least three members of the Board, with applicable technical, operational and project development skills, knowledge and experience, each of whom shall be independent for the purposes of applicable securities laws. The members of the Committee shall be appointed by the Board to serve a term of one (1) year and shall be permitted to serve up to ten (10) consecutive terms. For the purposes of this mandate, the term “independent” shall have the meaning ascribed to it in National Instrument 52-110 – *Audit Committees*.
- (b) The chair of the Committee will be appointed by the Board on the recommendation of the Nominating and Corporate Governance Committee and shall serve no longer than ten (10) consecutive terms of one (1) year.
- (c) The Committee shall meet at times necessary to perform the duties described in this mandate in a timely manner but not less than two (2) times per year. The time and place at which meetings of the Committee are to be held will be determined from time to time by

the chair of the Committee. A meeting of the Committee may be called by notice, which may be given by telephone, email or other electronic communication at least 48 hours prior to the time of the meeting; however, no notice of a meeting shall be necessary if all of the members are present either in person or by means of telephone, web conference or other communication equipment, if those absent waive notice or otherwise signify their consent to the holding of such meeting or the meeting is an adjourned meeting as contemplated in this mandate.

- (d) Members may participate in a meeting of the Committee by means of telephone, web conference or other communication equipment which allows all members to hear each other.
- (e) A majority of the members of the Committee shall constitute a quorum. No business may be transacted at a meeting of the Committee without a quorum. If within 15 minutes of the time appointed for a meeting of the Committee, a quorum is not present, the meeting shall stand adjourned to the same hour on the next business day following the date of such meeting at the same place. If at the adjourned meeting a quorum as hereinbefore specified is not present within 15 minutes of the time appointed for such adjourned meeting, such meeting shall stand adjourned to the same hour on the second business day following the date of such meeting at the same place. If at the second adjourned meeting a quorum as hereinbefore specified is not present, the quorum for the adjourned meeting shall consist of the members then present.
- (f) The secretary of the Committee will be the Secretary of the Corporation, or such other person as is chosen by the Committee, who shall keep minutes in respect of the proceedings of all meetings of the Committee.
- (g) The Committee may invite such persons to meetings of the Committee as the Committee considers appropriate, except to the extent exclusion of certain persons is required pursuant to this mandate or applicable laws.
- (h) All decisions of the Committee shall be by simple majority, and the chair of the Committee shall not have a deciding or casting vote.
- (i) At each meeting, the Committee shall hold an in camera session consisting of only independent directors, unless such a session is not considered necessary by the members present.
- (j) The Committee may transact its business by a resolution in writing signed by all the members of the Committee (including in counterparts by electronic signature) in lieu of a meeting of the Committee.

4. Role and Responsibilities

The primary responsibility for management of the Corporation's technical, operation and project development and execution matters rests with the Corporations management team. The Committee shall have the following roles and responsibilities:

Reserves and Resources

- (a) review and oversee, and periodically receive reports from management responsible for reserve and resource estimation and reporting;

- (b) review regulatory requirements regarding the estimation of mineral reserves and resources and any changes thereto; and
- (c) recommend to the Board the approval of appropriate policies and practices regarding the estimation and reporting of mineral reserves and resources data and in connection therewith:
 - (i) consider the adequacy of such procedures;
 - (ii) review compliance with applicable regulations and policies; and
 - (iii) make appropriate reports and recommendations to the Board concerning the disclosure of reserves and resources.
- (d) review the Corporation's procedures relating to the preparation and disclosure of reserve and resource estimates;
- (e) annually review and approve the qualifications of persons acting as "qualified persons" for purposes of National Instrument 43-101 – Standards of Disclosure for Mineral Projects, in respect of the Corporation's mineral reserve and resource reporting;
- (f) review and approve the Corporation's annual mineral reserve and resource estimates prior to public disclosure including:
 - (i) reviewing and approving the material economic and other assumptions supporting the Corporation's reserve and resource estimates,
 - (ii) reviewing any third party audit of reserve and resource estimates for material properties,
 - (iii) reviewing any material change to IMG's mineral reserves and resources and the disclosure related thereto, and making recommendations to the Board with respect to the content, filing and release of such disclosure, as applicable.

Technical and Operational Matters

- (g) review and oversee, and periodically receive reports from management responsible for technical and operational matters, including:
 - (i) annual operating, production and life of mine plans;
 - (ii) annual exploration plans and budgets;
 - (iii) progress of project studies and capital construction projects at the Corporation's mines and projects; technical merits associated with new material projects or acquisitions under consideration;
 - (iv) significant technical risks of the Corporation's mines and projects, including the top technical risks identified by management and the controls in place to mitigate those risks including, but not limited to, the design, construction and operation of tailings management facilities and the ongoing reclamation and rehabilitation of lands disturbed by mining activities and the closure of mines at the end of their lives, and

- (v) exploration, geological, mining, metallurgical and other technical issues of significant concern as raised by the Board or management;
- (h) make visits, as a Committee or individually, to operations and project sites in order to become familiar with the assets and review relevant objectives, procedures, and performance against plan; and
- (i) review such other technical and operations/project related matters as the Committee considers advisable or the Board may specifically request the Committee to review.

Risk Review

- (j) review, on a quarterly basis, risks applicable to the execution of its mandate.

5. Communication with the Board

The Committee shall:

- (a) provide the Board with a summary of all actions taken at each Committee meeting or by written resolution; and
- (b) produce and provide the Board with all reports or other information required to be prepared under applicable law.

6. Self-Assessment and Mandate Review

- (c) The Committee and the Board shall annually assess the effectiveness of the Committee with a view to ensuring that the performance of the Committee accords with best practices and applicable law.
- (d) The Committee will annually review and assess the adequacy of this mandate and recommend any proposed changes to the Board for consideration.

7. Approval Date
