

# You're Invited...

To come out to one of our community events to learn more about the Côté Gold Project and the Provincial Individual EA process.

IAMGOLD has volunteered to complete an Individual Environmental Assessment (EA) process for the Côté Gold Project, a proposed open pit gold mine, located 20 kilometres southwest of Gogama, Ontario.

IAMGOLD is hosting community open houses to share information and meet with interested Aboriginal communities and stakeholders about the Draft Environmental Assessment Report. The Draft EA Report was completed under the Ontario Environmental Assessment Act, and carried out in accordance with the Terms of Reference approved by the Provincial Minister of Environment on January 14, 2014.

IAMGOLD is keen to hear your thoughts on the project.
