

As part of the planning process for the **Côté Gold Project**, the **IAMGOLD Corporation** (IAMGOLD) has completed the draft Environmental Assessment Report for the Côté Gold Project.

The **Côté Gold Project** is a majority owned Project held by a subsidiary of IAMGOLD, and consists of a proposed open pit gold mine with related processing facilities and infrastructure. The Project is located in northeastern Ontario, approximately 20 kilometres southwest of Gogama.

### The Process

The **Côté Gold Project** requires approval under two environmental assessment processes: a Federal environmental assessment under the *Canadian Environmental Assessment Act, 2012* and a Provincial environmental assessment pursuant to the Ontario *Environmental Assessment Act*. The Provincial Environmental Assessment will be carried out according to the Terms of Reference approved by the Provincial Minister of the Environment on January 14, 2014. IAMGOLD voluntarily agreed to prepare a draft Environmental Assessment Report to provide sufficient opportunity for review and comment from Aboriginal groups, government agencies and the general public prior to submission of the final Report.

All personal information included in a submission – such as name, address, telephone number and property location – is collected, maintained and disclosed by the Ministry of the Environment for the purpose of transparency and consultation. The information is collected under the authority of the *Environmental Assessment Act* or is collected and maintained for the purpose of creating a record that is available to the general public as described in s.37 of the *Freedom of Information and Protection of Privacy Act*. Personal information you submit will become part of a public record that is available to the general public unless you request that your personal information remain confidential. For more information, please contact the Project Officer or the Ministry of the Environment's Freedom of Information and Privacy Coordinator at (416) 327-1434.

### Consultation

Members of the public, Aboriginal communities and other interested persons are encouraged to actively participate in the environmental assessment process by attending consultation opportunities, or contacting IAMGOLD directly with information requests, comments or questions. Consultation opportunities will continue throughout the planning process including this opportunity to provide comments on the draft Environmental Assessment Report. All upcoming consultation events will be advertised in local papers and published at: [www.iamgold.com](http://www.iamgold.com).

Printed copies of the draft Environmental Assessment Report are being made available for public review and comment from **June 13, 2014 to July 14, 2014** during regular business hours at the following locations:
