SCREAMBOX Continues to Grow, with Subscribers up 18% since Terrifier 3 Joined the Platform in February

LOS ANGELES, March 25, 2025 /PRNewswire/ -- **Cineverse** (NASDAQ: CNVS), a next-generation entertainment studio, has announced the Spring slate of programming for its horror streaming service, SCREAMBOX. This includes ART ATTACK! The Dissection of Terrifier 3, a behind-the-scenes film that gives fans an exclusive look into the making of box office smash, Terrifier 3, as well as the viral gut-puncher The Coffee Table, and the mysterious **Project MKHEXE**.

"Spring might be in the air, but so is horror as we've reached the official halfway point to Halloween," said Brad Miska, VP of Horror Content at Cineverse." This April, SCREAMBOX celebrates the box office smash hit Terrifier with the original documentary, ART ATTACK!, and shocks fans with the soul-shaking and traumatizing The Coffee Table. We're also excited to send viewers down the rabbit hole with the cryptic investigative horror Project MKHEXE."

As the first full week of Spring begins, horror fans can tune to SCREAMBOX to stream new titles including:

- Art Attack: The Dissection of Terrifier 3 (now available) – ART ATTACK takes viewers behind the scenes of Terrifier 3, exploring its brutal effects, Art the Clown's rise as a horror icon, and the cultural impact of the

franchise. With interviews and exclusive footage, it reveals the artistry behind the chaos.

- Uncontained (now available) – A mysterious drifter struggles to protect an abandoned boy and his little sister from an infection that turns people into a feral-like state and a ruthless militia leader searching for his missing daughter.

- I Spit on Your Grave (now available) – An aspiring writer is repeatedly assaulted, humiliated, and left for dead by four men she systematically hunts down to seek revenge.

- Growing Up With I Spit on Your Grave (premieres April 3) – Terry Zarchi's exhaustive analysis of the history of "I Spit on Your Grave" is packed with never-before-seen footage.

- The Coffee Table (premieres April 11) – Jesus and Maria are a couple who have just become parents, and they decide to buy a new coffee table, a decision that will change their existence.

- Project MKHEXE (premieres April 29) – An aspiring filmmaker returns home after his younger brother's suicide, only to discover his brother's obsession with a malevolent conspiracy theory that threatens to destroy reality.

- Bloody Bites (new episodes every Friday in April, and June) - Streaming exclusively from Bloody Disgusting and Scotchworthy Productions, Bloody Bites is a compilation of snack-sized horror films that will terrorize, astonish, disturb, and excite genre fans across the globe.

SCREAMBOX continues to grow, with paid subscribers up 18% since Terrifier 3 joined the streaming platform in February. This growth comes following a record theatrical run, having grossed nearly $55 million at the box office — making it the top unrated U.S. release ever — as well as success as an EST/VOD and physical release. In fact, the slasher masterpiece debuted at No. 1 on Fandango's charts and ranked as high as No. 2 with Microsoft and No. 3 on iTunes. Its release on physical media includes formats such as DVD, Blu-ray, 4K UHD + Blu-ray and 4K UHD + Blu-ray Steelbook and quickly became a collector's item.

Also available on SCREAMBOX is Terrifier 2, which continues to be one of the most popular titles, ranking as the platform's most-watched film in 2024. Also available are Street Trash, Devon, Tales From the Void, Frogman, Delicate Arch, and Outwaters.
