

# MADISON SQUARE GARDEN ENTERTAINMENT CORP. REPORTS FISCAL 2023 THIRD QUARTER RESULTS

## Spin-off Completed in April Creating Pure-Play Live Entertainment Company

**NEW YORK, N.Y., May 18, 2023** - Madison Square Garden Entertainment Corp. (NYSE: MSGE) ("MSG Entertainment") today reported financial results for the fiscal third quarter ended March 31, 2023. This marks the first quarter that MSG Entertainment is reporting financial results as a standalone company, following its spin-off from Sphere Entertainment Co. (NYSE: SPHR) ("Sphere Entertainment"), which was completed on April 20, 2023.

The Company continues to benefit from robust consumer and corporate demand for live experiences and is on track to host nearly 900 events and more than 5 million guests at its venues in fiscal 2023. This includes a successful run of the *Christmas Spectacular* production, for which over 930,000 tickets were sold in its first complete run since the 2019 holiday season. The majority of concerts held at the Company's venues continue to sell out, while in-venue per-capita spending continues to exceed results for the prior year. In addition, suite and sponsorship revenues are on track to exceed pre-pandemic levels as a result of strong new sales and renewal activity coming out of the pandemic.

The Company's fiscal 2023 and 2022 results are presented in accordance with accounting requirements for the preparation of carve-out financial statements, reflecting the results of the traditional live entertainment businesses previously owned and operated by Sphere Entertainment through its Entertainment business segment. These results do not include all of the expenses that would have been incurred by MSG Entertainment had it been a standalone company for the periods presented.

For the fiscal 2023 third quarter, the Company reported revenues of \$201.2 million, an increase of \$7.2 million, or 4%, as compared to the prior year quarter. Excluding the impact of the termination of the advertising sales representation agreement with MSG Networks, total revenues would have increased 9% as compared to the prior year period. In addition, the Company reported operating income of \$24.7 million, an increase of \$8.8 million, or 56%, and adjusted operating income of \$38.0 million, an increase of \$4.3 million, or 13%, both as compared to the prior year period. Executive Chairman and CEO James L. Dolan said, "With the completion of our spin-off, MSG Entertainment begins its new chapter as a standalone, pure-play live entertainment company. We remain confident in the strength of our assets and brands and believe that we are well-positioned to create long-term value for shareholders."

## **Summary of Reported Results of Operations**

For the fiscal 2023 third quarter, the Company generated revenues of \$201.2 million, an increase of \$7.2 million, or 4%, as compared to the prior year period. Revenues related to the Company's arena license agreements with the New York Knicks ("Knicks") and New York Rangers ("Rangers") increased \$11.7 million. This included a \$10.1 million increase in revenues subject to the sharing of economics with Madison Square Garden Sports Corp. ("MSG Sports"), primarily reflecting higher food, beverage and merchandise sales and higher suite revenues at Knicks and Rangers games. Revenues from the presentation of the *Christmas Spectacular* production increased \$3.5 million, which reflected seven performances during the current year quarter as compared to no performances in the prior year quarter. The increase in revenues was partially offset by a decrease in advertising sales commissions of \$9.6 million in the current year period due to the termination of MSG Networks' advertising sales representation agreement. Excluding the impact of the termination of MSG Networks' advertising sales representation agreement, total revenues for the fiscal 2023 third quarter would have increased 9% as compared to the prior year period.

Fiscal 2023 third quarter direct operating expenses of \$115.1 million increased \$5.2 million, or 5%, as compared to the prior year quarter. This was due to higher expenses associated with the sharing of economics with MSG Sports pursuant to the arena license agreements of \$4.5 million and an increase in other direct operating expenses associated with the arena license agreements of \$3.7 million, partially offset by other net cost decreases.

Fiscal 2023 third quarter selling, general and administrative expenses of \$44.1 million decreased \$2.9 million, or 6%, as compared with the prior year quarter. This decrease primarily reflects lower employee compensation and related benefits, partially offset by other net cost increases.

Fiscal 2023 third quarter operating income of \$24.7 increased by \$8.8 million, or 56%, and adjusted operating income of \$38.0 million increased by \$4.3 million, or 13%, both as compared to the prior year period. The increase in operating income was primarily due to the increase in revenues, lower selling, general and administrative expenses (including share-based compensation) and the impact of lower restructuring charges in the current year period, partially offset by higher direct operating expenses. The increase in adjusted operating income was primarily due to the increase in revenues and, to a lesser extent, lower selling, general and administrative expenses (excluding share-based compensation), partially offset by higher direct operating expenses.

#### **Financial Guidance**

As the Company nears the completion of the fiscal year, it is reaffirming its previously issued fiscal 2023 guidance for adjusted operating income, while refining its guidance for revenue and operating income. These fiscal 2023 projections reflect MSG Entertainment as if it had been a standalone, independent entity from the start of the fiscal year (July 1, 2022), including expenses that would have been incurred by the Company had it been a standalone company for the entire fiscal year. The Company now expects the following<sup>(2)</sup>:

- Revenues of \$835 million to \$845 million.
- Operating income of \$85 million to \$95 million.
- Adjusted operating income of \$145 million to \$155 million.

An updated version of the MSG Entertainment investor presentation, which was originally issued in February 2023, is now available at investor.msgentertainment.com.

#### About Madison Square Garden Entertainment Corp.

Madison Square Garden Entertainment Corp. (MSG Entertainment) is a leader in live entertainment, delivering unforgettable experiences while forging deep connections with diverse and passionate audiences. The Company's portfolio includes a collection of world-renowned venues – New York's Madison Square Garden, The Theater at Madison Square Garden, Radio City Music Hall, and Beacon Theatre; and The Chicago Theatre – that showcase a broad array of sporting events, concerts, family shows, and special events for millions of guests annually. <sup>(2)</sup> Financial guidance for fiscal year 2023 reflects the impact of the termination of the advertising sales representation agreement with MSG Networks as if it had been terminated at the start of fiscal 2023, the estimated impact of post spin-off intercompany agreements with Sphere Entertainment Co. and a public company overhead structure. See the appendix for a reconciliation from operating income to adjusted operating income.

#### **Non-GAAP Financial Measures**

We define adjusted operating income (loss), which is a non-GAAP financial measure, as operating income (loss) excluding (i) the impact of non-cash straight-line leasing revenue associated with the arena license agreements with MSG Sports, (ii) depreciation, amortization and impairments of property and equipment, goodwill and other intangible assets, (iii) share-based compensation expense or benefit, (iv) restructuring charges or credits, (v) merger and acquisition-related costs, including litigation expenses, (vi) gains or losses on sales or dispositions of businesses and associated settlements, (vii) the impact of purchase accounting adjustments related to business acquisitions, (viii) gains and losses related to the remeasurement of liabilities under the executive deferred compensation plan, and (ix) amortization for capitalized cloud computing arrangement costs. We believe that given the length of the arena license agreements and resulting magnitude of the difference in leasing revenue recognized and cash revenue received, the exclusion of noncash leasing revenue provides investors with a clearer picture of the Company's operating performance. We believe that this adjustment is beneficial for other incremental reasons as well. This adjustment provides senior management, investors and analysts with important information regarding a long-term related party agreement with MSG Sports. In addition, this adjustment is included under the Company's debt covenant compliance calculations and is a component of the performance measures used to evaluate, and compensate, senior management of the Company. We believe that the exclusion of share-based compensation expense or benefit allows investors to better track the performance of the various operating units of our business without regard to the settlement of an obligation that is not expected to be made in cash. We eliminate merger and acquisition-related costs, when applicable, because the Company does not consider such costs to be indicative of the ongoing operating performance of the Company as they result from an event that is of a non-recurring nature, thereby enhancing comparability. In addition, management believes that the exclusion of gains and losses related to the remeasurement of liabilities under the executive deferred compensation plan, provides investors with a clearer picture of the Company's operating performance given that, in accordance with U.S. generally accepted accounting principles ("GAAP"), gains and losses related to the remeasurement of liabilities under the executive deferred compensation plan are recognized in Operating (income) loss whereas gains and losses related to the remeasurement of the assets under the executive deferred compensation plan, which are equal to and therefore fully offset the gains and losses related to the remeasurement of liabilities, are recognized in Other income (expense), net, which is not reflected in Operating income (loss).

We believe adjusted operating income (loss) is an appropriate measure for evaluating the operating performance of the Company on a combined basis. Adjusted operating income (loss) and similar measures with similar titles are common performance measures used by investors and analysts to analyze our performance. Internally, we use revenues and adjusted operating income (loss) as the most important indicators of our business performance, and evaluate management's effectiveness with specific reference to these indicators. Adjusted operating income (loss) should be viewed as a supplement to and not a substitute for operating income (loss), net income (loss), cash flows from operating activities, and other measures of performance and/or liquidity presented in accordance with GAAP. Since adjusted operating income (loss) is not a measure of performance calculated in accordance with GAAP, this measure may not be comparable to similar measures with similar titles used by other companies. For a reconciliation of operating income (loss) to adjusted operating income (loss), please see page 6 of this release.

<sup>(1)</sup> Financial guidance for fiscal year 2023 reflects MSG Entertainment as if it had been a standalone, independent entity from the start of the fiscal year (July 1, 2022), including the impact of the termination of the advertising sales representation agreement with MSG Networks as if it had been terminated at the start of fiscal 2023, the estimated impact of post spin-off intercompany agreements with Sphere Entertainment Co. and a public company overhead structure.
