TOWERS

In 2017, the iconic Caesars Palace Las Vegas completed its latest renovation of its **Palace Tower**, the resort's largest tower, featuring 1,181 stylishly designed guest rooms and suites and a price tag topping \$100

million. Considered the crown jewel of the tower, the coveted 29th floor features 10 luxurious villas ranging in size from 2,750 square feet to 4,085 square feet and featuring exquisite finishes, bespoke furnishings and a curated art program. The Palace Tower's elegantly designed new guest rooms and suites feature cool grey tones accented by royal blue and champagne gold. Centrally located, the Palace Tower is a short walk to the resort's convention center, Appian Way shops and Garden of the Gods Pool Oasis.

During the resort's 50th anniversary celebration in 2016, the evolution of Caesars Palace continued with the reimagining of the iconic hotel's original tower, the Roman Tower, which was completely reborn as the new **Julius Tower**. Never resting on its laurels, the \$75 million Las Vegas hotel tower renovation is part of a \$1 billion investment, cementing Caesars Palace as the premier resort at the center of the Las Vegas Strip that has welcomed millions of visitors beginning Aug. 5, 1966. The new 587-room Julius Tower welcomed its first guests in January 2016, featuring design-savvy, modern rooms and suites.

Refurbished in 2016, the 948-room **Augustus Tower** features a classic Caesars theme but with a contemporary update. Cool grey tones are accented by infusions of royal blue and champagne gold. These luxurious rooms are conveniently located on the southern end of the property near the Garden of the Gods Pool Oasis and hotel lobby. The Augustus Tower initially opened in August 2005, with an additional valet entrance for VIP guests.

Caesars Palace and Nobu Hospitality developed the world's first **Nobu Hotel**, a boutique hotel within the larger destination resort that opened in February 2013. The innovative concept integrates an exclusive hotel tower with the first Nobu Restaurant & Lounge on the Las Vegas Strip. The 182-room Nobu Hotel offers 18 suites and a rooftop villa with stylish interiors showcasing natural materials fused with Nobu's signature Japanese elegance, designed to convey an extension of the fun and energetic Nobu lifestyle. Nobu Hotel guests enjoy a bevy of perks, including private check-in, Natura Bisse luxury bath amenities and 24-hour access to the exclusive in-room dining menu curated by Nobu's acclaimed culinary team.

On Jan. 2, 2012, Caesars Palace opened **Octavius Tower**, the resort's sixth hotel tower. The 23-story hotel tower offers 642 rooms including 62 suites and six luxury villas. Octavius Tower offers a luxurious boutique hotel experience within Caesars Palace featuring stylish hotel rooms starting at 550 square-feet and an innovative technology package which includes a web application that allows guests direct accessibility to communicate with room service, housekeeping, reservations and front desk services. An in-room MediaHub allows convenient plug-and-play capabilities with direct streaming straight from a mobile device to the 42-inch flat-screen television.

In 2010, three luxury villas were completed in the newly constructed **Augustus Tower** revealing spacious floor plans spanning an average of 8,800 square feet. Each villa features imported marble floors; a private elevator; hand-distressed wood parquet and inlaid wood floors; hand-painted wall murals and ceiling designs; wood and stone archways and casings; a billiard room; a plush home entertainment theatre; whirlpool bathtubs in the master and guest baths; steam mist showers in all bathrooms; fully integrated audio visual systems with televisions in nearly every room and custom contemporary artwork. An outside private terrace includes a spa tub,

fire pit, seating and dining area with a gas lantern and wall sconces. Villa guests may also enjoy the luxury of private butler and concierge services.

The 24-story **Forum Tower** includes 452 guest rooms, 10 two-story suites, inspiration for the movies “Rain Man” and “The Hangover,” 60 two-bay suites, 18 executive suites and two penthouses (9,500 and 12,500 square feet). Guest accommodations feature blissful bedding, dressed in premium linens and stylish matelassé, as well as large, flat-panel televisions, iPod® docking stations, electronic doorbells and “do not disturb” messaging. Distinctive in the Forum Tower are spacious, marble showers equipped with both rain shower and regular showerhead fixtures and bench seating. The refurbishment of the Forum Tower was completed in October 2008 at a cost of \$83 million, following the late 2005 opening of the 900-room Augustus Tower and the 2006 refurbishment of the 1,100-room Palace Tower.
