

## FACT SHEET

The 15,000-square-foot Spa at The LINQ is as a full-service facility offering facials, body treatments and massages, along with a modern salon and 24-hour fitness center. It is conveniently located on the sixth floor of the main guest tower elevators of The LINQ Hotel + Experience at the center of the Las Vegas Strip. For reservations and additional information, please call 702-794-3242.

### UNIQUE SPA AMENITIES

#### *HIMALAYAN SALT CAVE*

The most unique amenity of Spa at The LINQ is the Himalayan salt therapy cave. Natural salt caves have been used for centuries to help with congestion, asthma and other sinus conditions. This 30-minute session is open to those who book a treatment (\$50 and up) and must be booked in advance.

One Salt Cave session is included with each Spa Day Pass purchased or with any spa treatment. Enjoyed by Europeans for centuries, salt therapy also known as halotherapy emulates the conditions inside a natural salt cave. This is done by infusing the air with small particles of the highest quality salt. With each 30-minute session, relax and breathe easier as salt helps alleviate many skin and respiratory ailments. The walls of the cave are lined with glowing Himalayan crystal salts to create a calming and tranquil environment. Please see your spa host for times, availability and to book your session.

#### *LOUNGE TIME*

Spa at The LINQ offers unique co-ed spa facilities, which include the spacious spa lounge, eucalyptus steam rooms, spa pool and Himalayan salt caves. Guests who are in a hurry and do not need use of the spa facilities or locker rooms can ask for a spa facility discount and receive \$10 off the spa service.

#### *MUSIC*

While spas are known for calm, soothing sounds, guests of Spa at The LINQ have the option to play their own desired music or playlist by connecting their device to the treatment room's speakers.

#### *AROMATHERAPY*

Aromatherapy enriches the experience of every spa treatment. Spa at The LINQ offers aromatherapy as a part of every service, available upon request at no additional charge. Guests can choose their desired scent and can incorporate them into their treatments to enhance the relaxation. If guests are traveling with their soul mate, mom or best friend, the couples' room offers side by side services.

### *CBD TREATMENTS*

One of the first to offer CBD treatments on the Las Vegas Strip, Caesars Entertainment spas and salons incorporate CAUSE+MEDIC skincare products to enhance relaxation. Guests can experience CBD services at every Caesars Entertainment Las Vegas spa and salon, such as:

- *CBD Wellness Ritual Massage* – The calming, soothing effects of CBD work in unison with massage techniques designed to quiet the mind and relax the body for a blissful escape. This treatment will elevate your mind, relax the nervous system and help provide relief from aches, pains, sore muscles, arthritis, sprains, strains and inflammation.
- *CBD Pain Spot Treatment* – Combining the powerful regenerative properties of 400mg of water-soluble CBD with other active botanical ingredients, this spot treatment will provide relief from aches, pains, sore muscles, arthritis, sprains, strains and inflammation.

### *SALON AND RETAIL*

The salon features a more upbeat energy offering services like spray tanning, airbrush makeup, as well as beard trims for gentlemen. Take a piece of the spa home with you – spa and fitness clothing, free trade accessories, and more organic gifts are available for purchase.

### *NEVADA VERDE*

Spa at The LINQ also has a signature skincare line, Nevada Verde, featuring vegan-friendly, all-natural products with a refreshing scent. This Las Vegas spa takes it one step further – its nature-inspired ambience makes you feel like you're in a forest, at the center of The Strip.

### *FITNESS FUN*

Spa therapy is great, but sometimes you're just in the mood to break a sweat. The resort fees paid by hotel guests include complimentary access to the 24-hour, 1,700-square-foot fitness facility. The center includes free weights, cardio machines, stability balls and stretch bands.
