**LAS VEGAS** – Nov. 10, 2023 – A dramatic world of wonder will be hidden behind the walls of a seductive cocktail and caviar bar at [Caesars Palace](#) with [Clique Hospitality's](#) opulent new creation, [Caspian's](#). Set to open this spring, Caspian's will be steps away from the main casino floor, inviting passersby for caviar, cocktails and to discover what lies beyond the walls.

On the outside, Caspian's exudes European elegance. An exceptional collection of caviar will be enjoyed from an intricately designed bar and intimate tables in a luxurious setting that dramatically pairs onyx and pearl hues with detailed brass. Expertly curated champagne and vodka selections will enhance the flavors of the world's most celebrated delicacy with accompaniments to make each bite an explosion of pleasure for the tastebuds.

Fading into the background of the caviar bar's back wall, a monochromatic passageway seemingly disappears into the shadows. Those in the know will venture into the darkness, and upon opening the door, an explosion of vibrancy and color will shock the senses with a moment of brilliant impact, inviting them into an otherworldly journey.

An homage to Art Deco's Parisian roots, the music lounge is a collision of materials, fabrics and colors that come together for sightlines that are filled with opulence and beauty. A large carved golden frame draped with inky blue velvet curtains will provide a rich backdrop for performances, which will be enjoyed from ornate, oversized couches wrapped in deep browns, blues and golds. A dramatic chandelier hangs from the center of the lounge from a 16-foot-tall ceiling, illuminating colors of the sea accentuated by brilliant gold features.

The music and cocktails will be flowing; with nightly performances that will bring the crowd to their feet as each night progresses. Imaginative cocktails will delight the senses, enhancing what will be an experience beyond compare.

Located near the main entrance to Caesars Palace on the walkway between the high limit slot area and Nobu Hotel & Restaurant, Caspian's is taking over the space formerly occupied by Cleopatra's Barge.

Designed by the imaginative, award-winning team of Celano Design Studio Co., the 1,100-square-foot caviar bar will seat close to 50 guests. The music lounge will span 2,300 square feet and will seat nearly 100 guests.

More information about Caspian's will soon be available on the website at [www.caspianslv.com](http://www.caspianslv.com), as well as on [Instagram](#), [TikTok](#) and [Facebook](#) at @caspianslv.
