#### OVERVIEW:

##### About Harrah's Ak-Chin Casino

For nearly 30 years in Maricopa, Harrah's Ak-Chin Casino is Arizona's first and only tribal casino to have an international management partner. Through the Caesars Rewards program, Harrah's Ak-Chin is the only casino in Arizona that allows guests to unlock benefits and other rewards that can be used worldwide at the entire Caesars' family of hotels and casinos.

Harrah's Ak-Chin has been named a Most Admired Company by Arizona Business Magazine and Best Companies AZ, and Phoenix Business Journal has named the property one of the "Best Places to Work in

the Valley” four consecutive years. Harrah’s Ak-Chin was also awarded a Volunteer Service Award from the Arizona Governor’s Commission on Service and Volunteerism.

### **About Ak-Chin Indian Community**

The Ak-Chin Indian Community is 30 miles south of Phoenix in the northwestern part of Pinal County. Ak-Chin is an O’odham word translated to mean “mouth of the wash” or “place where the wash loses itself in the sand or ground.” The term refers to farming that relies on washes – seasonal flood plains created by winter snows and summer rains. The Community has an enrollment of more than 1,000 tribal members and a land base of over 22,000 acres.

The first significant enterprise for the Ak-Chin Indian Community was the Ak-Chin Farms, established in 1963 and currently harvests more than 15,000 acres, making it one of the largest farming communities in the United States.

In 2016, the Ak-Chin Indian Community revised its constitution and, for the first time, elected its Chairman, Vice Chairman and three tribal council members. Until then, the council appointed the chair and vice chair from within the elected members.

The Ak-Chin Indian Community entered the gaming industry in 1994 as part of the original compacts with the State of Arizona and established a management agreement with Harrah’s and, to this day, are the only Tribe in the state with an international management partner.

The Ak-Chin Indian Community has been a continuous source of economic vitality for Pinal County, the City of Maricopa and surrounding communities, largely thanks to its casino operations, providing hundreds of jobs for community members and everyone in and around the Ak-Chin Indian Community.
