JetBlue Seeks Authority to Provide International Service to Aruba: Low-Fare Carrier Proposes New Daily Nonstop Flight from New York City to Aruba, in Filing with the U.S. Department of Transportation(a)
NEW YORK, May 25, 2006 (PRIMEZONE) -- JetBlue Airways (Nasdaq:JBLU), New York's low-fare hometown airline, today requested authority from the U.S. Department of Transportation to provide international nonstop service to Aruba. Pending approval from both governments, the proposed service from John F. Kennedy International Airport would operate with daily Airbus A320 service to Aruba planned to begin September 15, 2006.(a)

In the six years since its launch, JetBlue Airways has focused on creating a new airline category -- an airline that offers value, service and style. Based out of New York City, the low-cost carrier currently serves 37 destinations with more than 400 flights daily. Onboard JetBlue, customers enjoy roomy leather seats and 36 channels of free DIRECTV(r) programming(b), the most live TV available on any airline. On flights longer than two hours, a selection of first-run movies and bonus features from FOX InFlight(tm) is also available. JetBlue offers customers generous brand name snacks and beverages, including freshly brewed Dunkin' Donuts coffee, and delicious wines selected by the airline's Low Fare Sommelier, Josh Wesson from Best Cellars. On overnight flights from the West, the airline now offers Shut-Eye Service, with a Shut-Eye Kit(tm) designed exclusively for JetBlue by Bliss Spa and other special amenities including a "good morning" hot towel service. With JetBlue, all seats are assigned, all travel is ticketless, all fares are one-way, and an overnight stay is never required. For information or reservations call 1-800-JETBLUE (1-800-538-2583) or visit www.jetblue.com.

(a) This service is subject to receipt of government operating authority.

(b) DIRECTV(r) service is not available on flights outside the continental United States; however, where applicable FOX InFlight is offered complimentary on these routes. FOX InFlight is a trademark of Twentieth Century Fox Film Corporation. JetBlue's in-flight entertainment is powered by LiveTV, a wholly owned subsidiary of JetBlue.
