JetBlue Names Scott Green Vice President -- Flight Operations

NEW YORK, Aug. 29, 2006 (PRIMEZONE) -- JetBlue Airways (Nasdaq:JBLU) today is pleased to announce the appointment of Captain Scott Green as Vice President, Flight Operations for the low-fare, low-cost airline, effective October 1. Capt. Green, an A320 captain and current System Chief Pilot for JetBlue, joined the airline in 2001 as a line pilot after eight years with Comair, a regional airline based in Cincinnati, OH. Capt. Green has also previously held the positions of Chief Pilot-Cincinnati for Comair, Assistant Chief Pilot and Chief Pilot-JFK within JetBlue.

"Scott's passion, intelligence and servant leadership will continue to serve JetBlue's over 1,500 pilot crewmembers and our company well as we grow JetBlue," said Dave Barger, JetBlue's President and Chief Operating Officer. Capt. Green will report to Mr. Barger.

Capt. Green will be responsible for the airline's pilot crewmember team, the safe and reliable operation of the fleet of JetBlue's Airbus A320 and Embraer E190 aircraft, and representing JetBlue as the airline's Director of Operations of record with the Federal Aviation Administration.

"I am honored to serve JetBlue's pilots in this new capacity," Capt. Green said. "I share JetBlue's values of collaboration and customer-focused service, and I look forward to working for and on behalf of JetBlue's pilots."

Capt. Green succeeds Dave Bushy, who will leave JetBlue effective October 1 to join Cape Air, a regional airline based in Hyannis, MA, as Chief Operating Officer. Capt. Bushy joined JetBlue in 2003 as Vice President, Flight Operations, following a 24-year career with Delta Air Lines, where he ultimately served as Senior Vice President of Flight Operations.

"We reluctantly say goodbye to Dave, and we wish him all the best in his new position with Cape Air," said Mr. Barger. "Dave was instrumental in further developing the Flight Operations team and leadership, positioning JetBlue to succeed as we grow our airline and route network. His passion for JetBlue's pilots is matched by his successor, and on behalf of JetBlue's crewmembers, we thank him for his great contributions to our company."

In the six years since its launch, JetBlue Airways has focused on creating a new airline category -- an airline that offers value, service and style. Based out of New York City, the low-cost carrier currently serves 41 destinations with more than 470 flights daily. Onboard JetBlue, customers enjoy roomy leather seats and 36 channels of free DIRECTV(r) programming(a), the most live TV available on any airline. On flights longer than two hours, a selection of first-run movies and bonus features from FOX InFlight(tm) is also available. JetBlue offers customers generous brand name snacks and beverages, including freshly brewed Dunkin' Donuts coffee, and delicious wines selected by the airline's Low Fare Sommelier, Josh Wesson from Best Cellars. On overnight flights from the West, the airline now offers Shut-Eye Service, with a Shut-Eye Kit(tm) designed exclusively for JetBlue by Bliss Spa and other special amenities including a "good morning" hot towel service. With JetBlue, all seats are assigned, all travel is ticketless, all fares are one-way, and an overnight stay is never required. For information or reservations call 1-800-JETBLUE (1-800-538-2583) or visit www.jetblue.com.
