JetBlue Joins TSA PreCheck(TM)

Expedited Screening Available via Mobile Boarding Pass at 22 JetBlue Locations

NEW YORK, NY -- (Marketwired) -- 11/21/13 -- JetBlue Airways Corp. (NASDAQ: JBLU) today joins the Transportation Security Administration's (TSA) Pre✓™ program. TSA Pre✓™ allows participating customers to expedite security by leaving their shoes, belt and light outerwear on and in most cases keep their laptop computers and 3-1-1 compliant liquids and gels in their carry on bag.

JetBlue customers who are members of one of the certified "trusted traveler" programs as defined by TSA may add their "known traveler" number to their reservation, and check in via JetBlue's mobile app in order to receive expedited screening benefits at any of the 22 JetBlue locations where it is available. In addition, some customers who opt to use JetBlue's mobile boarding pass, who are not TSA Pre✓™ qualified but meet TSA's low-risk profile, may be randomly selected for TSA Pre✓™ expedited screening.

"TSA's Pre✓™ program not only helps expedite known travelers, but benefits all JetBlue customers with a more efficiently managed security lane experience," said Dave Barger, JetBlue's president and CEO. "For our customers who fly often, this makes a world of difference, and we're happy to make this benefit available."

"TSA remains committed to working with our partners across the aviation community to provide travelers the most effective security in the most efficient way," said TSA Administrator John S. Pistole. "Expanding TSA Pre✓™ to JetBlue underscores our strong commitment to developing and deploying innovative security solutions to protect the nation's transportation systems."

Initially, TSA Pre✓™ will be available to JetBlue customers who are U.S. citizens and members of one of the following certified "trusted traveler" programs recognized by the TSA: Global Entry; NEXUS; and SENTRI. Members of those programs may input their "known traveler" number into their JetBlue reservation prior to getting their mobile boarding pass. All U.S. Armed Forces service members are eligible to participate in the program as well, effective Dec. 20, 2013, using their Department of Defense identification number.

JetBlue will expand its participation in TSA Pre✓™ to include paper boarding passes printed at home, from the check-in desk, or from the kiosk in the departure lobby by the end of the first quarter 2014. Until then, only mobile boarding passes via JetBlue's app will be available for the TSA Pre✓™ lane.

TSA Pre✓™/expedited security screening is available in the following 22 JetBlue locations:

Austin, Texas	Newark, N.J. (a)
Boston	Oakland, Calif.
Charlotte, N.C.	Orlando, Fla.
Ft Lauderdale, Fla. (a)	Pittsburgh
Hartford, Conn.	Salt Lake City
Houston (Hobby)	San Francisco (a)
Las Vegas	San Juan, Puerto Rico (a)
Long Beach, Calif.	Seattle
Los Angeles	Syracuse, N.Y.
New York (LaGuardia) (a)	Washington, D.C. (Dulles)
New York (JFK)	White Plains, N.Y.

(a) These locations do not currently have a dedicated TSA Pre✓™ lane. However, TSA will offer a form of expedited screening to eligible passengers; customers may keep their shoes, belt and light outerwear on, but must remove their laptop and 3-1-1 compliant liquids and gels from their carry-on bags.

About JetBlue Airways

As New York's Hometown Airline™ and a leading carrier in Boston, Fort Lauderdale/Hollywood, Los Angeles (Long Beach), Orlando and San Juan, JetBlue carries 30 million customers a year to 81 cities in the U.S., Caribbean and Latin America with an average of 750 daily flights. With JetBlue, all seats are assigned, all fares are one-way, and an overnight stay is never required. JetBlue's fleet totals 193 aircraft, comprising 130 Airbus A320s, 3 A321s and 60 Embraer 190s. Upcoming destinations include Detroit, Mich.; Savannah, Ga.; Port-au-Prince, Haiti; Port of Spain, Trinidad and Tobago; and Lima, Peru, subject to receipt of government approval.
