PerkinElmer to Present Translating Data into Clinical Medicine at the Bio-IT World Conference

WALTHAM, Mass.--(BUSINESS WIRE)-- [PerkinElmer, Inc.](#) (NYSE:PKI), a global leader focused on improving the health and safety of people and the environment, today announced that the Company will present at the Bio-IT World Conference at 11:00AM eastern time on Wednesday, April 10, 2013 at the Seaport World Trade Center located at 200 Seaport Boulevard in Boston, MA.

Kevin Hrusovsky, president of PerkinElmer's Life Sciences & Technology business, will be a featured speaker at the Bio-IT World Conference's Cancer Informatics track. In his *Tools for Revolutionizing Translational Cancer Medicine* presentation, Mr. Hrusovsky will discuss how combining the "in vitro-to-in vivo-to human" continuum of research tools with a powerful informatics platform may successfully bridge the chasm from laboratory research to clinical applications, particularly in the field of cancer medicine and personalized health.
