## PerkinElmer Announces New Organizational Structure

### *Company Realigns into Two Business Segments -- Diagnostics and Discovery & Analytical Solutions -- to Further Accelerate Growth and Create Greater Customer Value*

WALTHAM, Mass.--(BUSINESS WIRE)-- [PerkinElmer, Inc.](#) (NYSE: PKI), a global leader committed to innovating for a healthier world, today announced organizational changes effective October 3, 2016 to better position PerkinElmer to grow in attractive end markets and expand share with the Company's core product offerings through an improved customer focus, more value-add collaboration and breakthrough innovations.

PerkinElmer's Diagnostics business, focused on reproductive health, emerging market diagnostic solutions and applied genomics, will become a standalone business segment to better meet the needs of clinically-oriented customers in regulated markets. Prahlad Singh, who has been named Senior Vice President and President, Diagnostics effective October 3, 2016, will lead this business.

PerkinElmer's Environmental Health and Life Science Solutions businesses will combine to form Discovery & Analytical Solutions. This combination will advance PerkinElmer's success in serving and innovating for its applications-oriented customers in the food, environmental, industrial, and life sciences markets. Jim Corbett has been named Executive Vice President and President, Discovery & Analytical Solutions effective October 3, 2016.

"We are excited about taking the next step in our strategic evolution to drive increasing profitable growth and advance our mission of innovating for a healthier world," said Robert Friel, chairman and chief executive officer of PerkinElmer. "These organizational changes will accelerate our application and technology development efforts for the benefit of PerkinElmer's customers as we expand our capabilities to provide more integrated solutions that address critical needs around the globe."

### **Factors Affecting Future Performance**

This press release contains "forward-looking" statements within the meaning of the Private Securities Litigation Reform Act of 1995, including, but not limited to, statements relating to estimates and projections of future earnings per share, cash flow and revenue growth and other financial results, developments relating to our customers and end-markets, and plans concerning business development opportunities and divestitures. Words such as "believes," "intends," "anticipates," "plans," "expects," "projects," "forecasts," "will" and similar expressions, and references to guidance, are intended to identify forward-looking statements. Such statements are based on management's current assumptions and expectations and no assurances can be given that our assumptions or expectations will prove to be correct. A number of important risk factors could cause actual results to differ materially from the results described, implied or projected in any forward-looking statements. These factors include, without limitation: (1) markets into which we sell our products declining or not growing as anticipated; (2) fluctuations in the global economic and political environments; (3) our failure to introduce new products in a timely manner; (4) our ability to execute acquisitions and license technologies, or to successfully integrate acquired businesses and licensed technologies into our existing business or to make them profitable, or successfully divest businesses; (5) our failure to adequately protect our intellectual property; (6) the loss of any of our licenses or licensed rights; (7) our ability to compete effectively; (8) fluctuation in our quarterly operating results and our ability to adjust our operations to address unexpected changes; (9) significant disruption in third-party package delivery and import/export services or significant increases in prices for those services; (10) disruptions in the supply of raw materials and supplies; (11) the manufacture and sale of products exposing us to product liability claims; (12) our failure to maintain compliance with applicable government regulations; (13) regulatory changes; (14) our failure to comply with healthcare industry regulations; (15) economic, political and other risks associated with foreign operations; (16) our ability to retain key personnel; (17) significant disruption in our information technology systems; (18) our ability to obtain future financing; (19) restrictions in our credit agreements; (20) our ability to realize the full value of our intangible assets; (21) significant fluctuations in our stock price; (22) reduction or elimination of dividends on our common stock; and (23) other factors which we describe under the caption "Risk Factors" in our most recent quarterly report on Form 10-Q and in our other filings with the Securities and Exchange Commission. We disclaim any intention or obligation to update any forward-looking statements as a result of developments occurring after the date of this press release.
