This presentation contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, which are statements other than statements of historical facts, and statements in the future tense. Forward-looking statements are based on our expectations as of the date of this presentation and are subject to a number of risks, uncertainties and assumptions, many of which involve factors or circumstances that are beyond our control. These statements include, but are not limited to, statements regarding our expectations of future performance, including guidance for our total revenue, core revenue, non-GAAP operating income, non-GAAP net income, and non-GAAP net income per share for the fiscal first quarter ending September 30, 2024 and full fiscal year ending June 30, 2025, our planned investments in fiscal year 2025, our revenue growth, margin expansion and profitability profile in future years, our share repurchase program, our expectations for the growth of demand on our platform and the expansion of our customers' utilization of our services. These risks and uncertainties include, but are not limited to macroeconomic factors, including changes in interest rates, inflation and volatile market environments, as well as fluctuations in foreign exchange rates, our history of operating losses, our recent rapid growth, the large sums of customer funds that we transfer daily, the risk of loss, errors and fraudulent activity, credit risk related to our BILL Divvy Corporate Cards, our ability to attract new customers and convert trial customers into paying customers, our ability to invest in our business and develop new products and services, increased competition or new entrants in the marketplace, potential impacts of acquisitions and investments, including our ability to integrate acquired businesses, incorporate their technology effectively and implement appropriate internal controls at such businesses, our relationships with accounting firms and financial institutions, the global impacts of ongoing geopolitical conflicts, and other risks detailed in the registration statements and periodic reports we file with the Securities and Exchange Commission (SEC), including our quarterly and annual reports, which may be obtained on the Investor Relations section of our website (<https://investor.bill.com/financials/sec-filings/default.aspx>) and on the SEC website at www.sec.gov. You should not rely on these forward-looking statements, as actual results may differ materially from those contemplated by these forward-looking statements as a result of such risks and uncertainties. All forward-looking statements in this presentation are based on information available to us as of the date hereof. We assume no obligation to update or revise the forward-looking statements contained in this presentation because of new information, future events or otherwise.

In addition to financial measures prepared in accordance with U.S. generally accepted accounting principles (GAAP), this presentation contains non-GAAP financial measures, including non-GAAP gross profit, non-GAAP gross margin, non-GAAP operating expenses, non-GAAP operating income and non-GAAP net income. The non-GAAP financial information is presented for supplemental informational purposes only and is not intended to be considered in isolation or as a substitute for, or superior to, financial information prepared and presented in accordance with GAAP. Investors are cautioned that there are material limitations associated with the use of non-GAAP financial measures as an analytical tool. We believe that these non-GAAP financial measures provide useful information about our financial performance, enhance the overall understanding of our past performance and future prospects and allow for greater transparency with respect to important metrics used by our management for financial and operational decision-making. We believe that these measures provide an additional tool for investors to use in comparing our core financial performance over multiple periods with other companies in our industry; however, it is important to note that the particular items we exclude from, or include in, our non-GAAP financial measures may differ from the items excluded from, or included in, similar non-GAAP financial measures used by other companies in the same industry. We also periodically review our non-GAAP financial measures and may revise these measures to reflect changes in our business or otherwise. Please see the reconciliation tables in the Appendix for a reconciliation of GAAP and non-GAAP measures.

All SMBs have a need for back-office efficiency

Disparate systems

Antiquated paper-based processes. Spending hours manually processing bill payments and chasing down approvals and receipts.

Lack of visibility

Lack of visibility into cash flow and real time financial status, making informed decisions difficult.

Siloed workflows

Inability to scale financial operations without growing finance team, which can be time- and cost-intensive

Metrics Presentation Beginning in Q1-FY25

Metrics Presentation Beginning in Q1-FY25

Starting in Q1 fiscal year 2025, we will be revising our metrics presentation to reflect our evolving product solution set. This new presentation will provide investors with an enhanced view of our **Integrated Platform** and of our **Embedded & Other Solutions**.

We will provide **BILL AP/AR** and **Spend & Expense** metrics, which exclude financial institution metrics. These two solutions comprise our **Integrated Platform**. Sales of these solutions and our Integrated Platform happen through our direct sales efforts and relationships with accounting firms.

We will also provide combined metrics for solutions that are not a part of our Integrated Platform in a line called **Embedded & Other Solutions**. These include embedded solutions provided by financial institutions and other organizations, Invoice2go, and other. These solutions are either completely separate from our Integrated Platform (such as Invoice2go) or use select or customized features of our Integrated Platform (such as financial institutions). Sales of these solutions to SMBs happen through our embedded partners' platforms or separate sales motions from the Integrated Platform.

The following tables provide a nine-quarter look back for the metrics we will begin to use in FY25.
