About Ambac

Ambac Financial Group, Inc. ("Ambac" or "AFG") is a financial services holding company headquartered in New York City. Ambac's core business is a growing specialty P&C distribution and underwriting platform. Ambac also has a legacy financial guaranty business in run off. Ambac's common stock trades on the New York Stock Exchange under the symbol "AMBC". Ambac is committed to providing timely and accurate information to the investing public, consistent with our legal and regulatory obligations. To that end, we use our website to convey information about our businesses, including the anticipated release of quarterly financial results, quarterly financial, statistical and business-related information. For more information, please go to www.ambac.com.

The Amended and Restated Certificate of Incorporation of Ambac contains substantial restrictions on the ability to transfer Ambac's common stock. Subject to limited exceptions, any attempted transfer of common stock shall be prohibited and void to the extent that, as a result of such transfer (or any series of transfers of which such transfer is a part), any person or group of persons shall become a holder of 5% or more of Ambac's common stock or a holder of 5% or more of Ambac's common stock increases its ownership interest.

(2) EBITDA is prior to the impact of noncontrolling interests, relating to subsidiaries where Ambac does not own 100% of $1.2 for the six months ended June 30, 2023 and of $1.5 and $1.3 for the years ended December 31, 2022 and 2021, respectively.

Ambac

Earnings Measures by Reporting Segment (Second Quarter 2023)

The Company reports its results of operations in three segments: Legacy Financial Guarantee Insurance, Specialty Property and Casualty Insurance and Insurance Distribution, separate from Corporate and Other, which is consistent with the manner in which the Company's chief operating decision maker ("CODM") reviews the business to assess performance and allocate resources. See *Note 1. Background and Business Description* of Ambac's Annual Report on Form 10-K for a description of each of the Company's business segments.

(1) Yield to maturity refers to the rate of interest to be earned over the remaining life of the fixed maturity investment based on book value. For mortgage and other asset-backed securities remaining life is calculated using estimated cash flows. For floating rate positions, yield to maturity is based on the current interest rate and not forward rates.

(2) Excluded from the measure of duration are Ambac insured bonds that have underlying Ambac internal ratings of BIG. These securities represent 20% of the fair value of Ambac Assurance and Subsidiaries' fixed maturity investment portfolio of $1,655.4 at June 30, 2023.

(3) Book value is net of allowance for credit losses.

Tier 2 Notes	—	145.8
Present value of future installment premiums [3]	89.3	128.5
Ambac Assurance claims-paying resources	**1,772.4**	**2,062.1**
Ambac UK claims-paying resources [4]	831.1	783.2
Total claims-paying resources	**$ 2,603.5**	**$ 2,845.4**
Net financial guarantees in force [5]		
Ambac Assurance	$ 19,340.4	$ 24,304.8
Ambac UK	11,100.9	10,670.6
Total net financial guarantees in force	**$ 30,441.3**	**$ 34,975.4**
Claims-paying ratio [6]		
Ambac Assurance	11 : 1	12 : 1
Ambac UK	13 : 1	14 : 1
Total claims-paying ratio	**12 : 1**	**12 : 1**

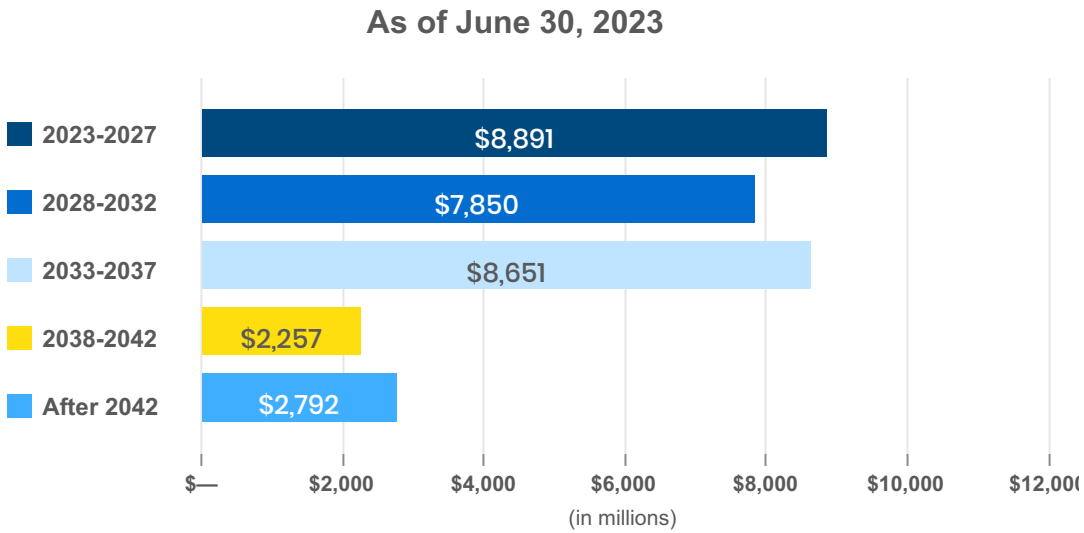

(1) Surplus notes with an aggregate par value of $519.2 and $519.2 as of June 30, 2023 and December 31, 2022, respectively, are included in policyholders' surplus.
(2) Loss and loss expense reserves are presented gross of the recorded statutory benefit for expected subrogation receipts of $160.6 and $293.6 (including R&W subrogation receipts of $139.9) at June 30, 2023 and December 31, 2022, respectively.
(3) Present value of future installment premiums includes premiums on installment financial guarantee insurance contracts (excluding Ambac UK). Present value calculations are discounted at 5.1%.
(4) Ambac UK's claims paying resources will become available to Ambac Assurance to the extent Ambac UK receives approval from its regulator to dividend monies to Ambac Assurance. Components of Ambac UK's claims paying resources are discounted at Ambac UK's projected investment rate of return. Ambac UK's claims-paying resources includes the present value of future installment premiums of approximately $162.7 at June 30, 2023.
(5) Financial guarantees in force represents the amount of principal and interest outstanding on a guaranteed obligation.
(6) Claims-paying ratio is net financial guarantees in force divided by claims-paying resources.

Total	**$ 176.2**	**$ 246.0**	**$ 85.1**

Future Amortization of Net Financial Guarantees in Force [4]

(1) Represents unearned premium amounts for both upfront and installment paying policies, net of deferred ceded premiums, which is reported separately as an asset on Ambac's Consolidated Balance Sheet. Depicts amortization of existing guaranteed portfolio, assuming no advance refunding as of June 30, 2023. The unearned premium amortization disclosed in the above table considers the use of contractual lives for many bond types that do not have homogeneous pools of underlying collateral, which may result in different unearned premium balances and earned premiums than if expected lives were considered. Actual future installments, and therefore earned premiums, may differ from estimated because borrowers may have the right to call or terminate a transaction or the guaranteed obligation may be subject to prepayment. If installment paying policies are retired early, premium earnings may be negative in the period of call or refinancing.

(2) Represents management's estimate of future installment premium collections, net of reinsurance. Actual premium collections may differ from estimated because borrowers may have the right to call or terminate a transaction or the guaranteed obligation may be subject to prepayment. Estimated net future installments exclude amounts eliminated as a result of consolidating variable interest entities ("Consolidated VIE") as required under the Consolidations Accounting Standard.

(3) Estimated net future installment amounts eliminated under the U.S. GAAP Consolidations Accounting Standard; not included in Estimated Net Future Installments.

(4) Depicts amortization of existing guaranteed portfolio (principal and interest), assuming no advance refundings, as of June 30, 2023. Expected maturities will differ from contractual maturities because borrowers may have the right to call or prepay guaranteed obligations.

(1) In addition to reporting the Company's quarterly financial results in accordance with GAAP, the Company is reporting non-GAAP financial measures: EBITDA, Adjusted Net Income and Adjusted Book Value. These amounts are derived from our consolidated financial information, but are not presented in our consolidated financial statements prepared in accordance with GAAP. We present non-GAAP supplemental financial information because we believe such information is of interest to the investment community, and that it provides greater transparency and enhanced visibility into the underlying drivers and performance of our businesses on a basis that may not be otherwise apparent on a GAAP basis. We view these non-GAAP financial measures as important indicators when assessing and evaluating our performance on a segmented and consolidated basis and they are presented to improve the comparability of our results between periods by eliminating the impact of the items that may not be representative of our core operating performance. These non-GAAP financial measures are not substitutes for the Company's GAAP reporting, should not be viewed in isolation and may differ from similar reporting provided by other companies, which may define non-GAAP measures differently..

(2) Per diluted share ("P.D.S.").

(3) Per Diluted Share includes the impact of adjusting redeemable noncontrolling interest to it's redemption value.
