PROXY STATEMENT

**Annual Meeting of Shareholders
May 16, 2012**

Purpose

This proxy statement is being made available to shareholders on or about April 2, 2012 in connection with a solicitation by the Board of Directors of WellPoint, Inc. (“WellPoint,” the “Company,” “we,” “us” or “our”) of proxies to be voted at the annual meeting of shareholders and any adjournments or postponements, to be held at 8:00 a.m., Eastern Daylight Time, Wednesday, May 16, 2012, at the Hilton Hotel at 120 West Market Street, Indianapolis, Indiana, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. Shareholders will be admitted to the annual meeting beginning at 7:30 a.m., Eastern Daylight Time.

Internet Availability of Proxy Materials

We are using the “e-proxy” rules adopted by the Securities and Exchange Commission (the “SEC”) to furnish proxy materials to shareholders through a “notice only” model using the Internet. This allows us to reduce costs by delivering to shareholders a Notice of Internet Availability of Proxy Materials (the “E-Proxy Notice”) and providing online access to the documents.

If you received an E-Proxy Notice by mail, you will not receive a printed copy of our proxy materials unless you specifically request one as set forth below. The E-Proxy Notice instructs you on how to access and review all of the important information contained in the proxy statement and our 2011 Annual Report on Form 10-K as well as how to submit your proxy through the Internet. On or about April 2, 2012, we mailed the E-Proxy Notice to the majority of our shareholders of record and a printed copy of these proxy materials to our other shareholders who had requested it.

This proxy statement, the form of proxy and voting instructions are being made available to shareholders on or about April 2, 2012, at www.envisionreports.com/wlp. If you received the E-Proxy Notice and would still like to receive a printed copy of the proxy materials, you may request a printed copy of this proxy statement and the form of proxy by any of the following methods: (a) telephone at 1-866-641-4276 in the U.S., Canada or Puerto Rico or at 781-575-2300 from outside the U.S., Canada or Puerto Rico; (b) Internet at www.envisionreports.com/wlp; or (c) e-mail at investorvote@computershare.com.

Record Date, Quorum and Vote Required

Record Date—At the close of business on March 15, 2012, the record date for the annual meeting, there were 332,590,137 shares of our common stock outstanding and entitled to vote at the annual meeting.

Quorum—In order for business to be conducted at the annual meeting, 25% of the votes entitled to be cast on a matter, represented in person or by proxy, must be present.

Vote Required—You will have one vote for each share held. Shares of our common stock represented by properly executed proxies will be voted at the annual meeting in accordance with the choices indicated on the proxy. Abstentions on a specific proposal will be considered as present at the annual meeting and will be counted for purposes of determining whether a quorum is present.

[Table of Contents](#)

Each proposal at the annual meeting will be approved only if the proposal receives more votes “for” than “against.” If your shares of our common stock are held in street name, and you do not provide your broker with voting instructions, your broker has the discretion to vote your shares of common stock for or against only Proposal 2, the ratification of the appointment of our independent registered public accounting firm, and not any of the other proposals. If your broker does not have discretion to vote your common stock without your instructions, this is referred to as a “broker non-vote.” Broker non-votes will not be considered as votes cast on these proposals.

Shareholders

Shares of our common stock may be held directly in your own name or may be held through a stockbroker, bank or other nominee in street name. Summarized below are some distinctions between shares held of record and those owned beneficially:

Shareholder of Record—If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered the shareholder of record with respect to those shares and we are providing proxy materials directly to you. As the shareholder of record, you have the right to vote in person at the annual meeting or to grant your voting proxy to the persons designated by us.

Beneficial Owner—If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of the shares held in street name, and you have been provided proxy materials from your broker, bank or other nominee who is considered the shareholder of record with respect to the shares. As the beneficial owner, you have the right to direct the broker, bank or nominee on how to vote your shares and are also invited to attend the annual meeting. Your broker, bank or nominee is obligated to provide you with a voting instruction card for you to use. However, since you are not the shareholder of record, you may not vote these shares in person at the annual meeting unless you bring with you to the annual meeting a legal proxy, executed in your favor, from the shareholder of record.

Employee Shareholder—If you participate in the WellPoint 401(k) Retirement Savings Plan (the “401(k) Plan”) and you are invested in our common stock fund in your account, you may give voting instructions to the plan trustee as to the number of shares of common stock equivalent to the interest in our common stock fund credited to your account as of the most recent valuation date coincident with or preceding the record date. The trustee will vote your shares in accordance with your instructions received by May 14, 2012 at 11:59 p.m., Eastern Daylight Time. You may also revoke previously given voting instructions by May 14, 2012 at 11:59 p.m., Eastern Daylight Time, by filing with the trustee either written notice of revocation or a properly completed and signed voting instruction card bearing a later date. Your voting instructions will be kept confidential by the trustee. If you do not send instructions for a proposal, the trustee will vote the number of shares equal to the share equivalents credited to your account in the same proportion that it votes shares for which it did receive timely instructions.

Voting

Whether you hold shares as a shareholder of record or as a beneficial owner, you may vote before the annual meeting by granting a proxy or, for shares held in street name, by submitting voting instructions to your broker or nominee. Most shareholders will have a choice of voting through the Internet or by telephone or, if you received a printed copy of the proxy materials, by completing a proxy card or voting instruction card and returning it in a postage-prepaid envelope. Please refer to the instructions below and in the E-Proxy Notice.

Through the Internet—You may vote through the Internet by going to www.envisionreports.com/wlp and following the instructions. You will need to have the E-Proxy Notice, or if you received a printed copy of the proxy materials, your proxy card or voting instruction card, available when voting through the Internet. If you want to vote through the Internet, you must do so before 11:59 p.m., Eastern Daylight Time, on May 15, 2012. **If you vote through the Internet, you do not need to return a proxy card.**

[Table of Contents](#)

By Telephone—You may vote by touchtone telephone by calling (800) 652-8683. You will need to have your E-Proxy Notice, or if you received a printed copy of the proxy materials, your proxy card or voting instruction card, available when voting by telephone. In order to obtain a proxy card, please follow the instructions on the E-Proxy Notice. If you want to vote by telephone, you must do so before 11:59 p.m., Eastern Daylight Time, on May 15, 2012. **If you vote by telephone, you do not need to return a proxy card.**

By Mail—If you are a beneficial owner, you may vote by mail by signing and dating your proxy card or voting instruction card provided by your broker, bank or nominee and mailing it in a postage-prepaid envelope. If you are a shareholder of record and you received a printed copy of our proxy materials, you may vote by signing and dating your proxy card or voting instruction card and mailing it in a postage-prepaid envelope. If you are a shareholder of record and received the E-Proxy Notice, in order to obtain a proxy card, please follow the instructions on the E-Proxy Notice. If you provide specific voting instructions, your shares will be voted as you instruct. **If you sign and date your proxy card, but do not provide instructions, your shares will be voted:**

- **FOR the election of each of our nominee directors,**
- **FOR the ratification of the appointment of the independent registered public accounting firm for 2012,**
- **FOR the approval of the compensation of our Named Executive Officers, and**
- **AGAINST the shareholder proposal.**

Changing Your Vote—You may revoke your proxy at any time prior to the annual meeting. If you provide more than one proxy, the proxy having the latest date will revoke any earlier proxy. If you attend the annual meeting you will be given the opportunity to revoke your proxy and vote in person.

Inspector of Elections—ComputerShare Trust Company, N.A. has been appointed Inspector of Election for the annual meeting. The Inspector will determine the number of shares outstanding, the shares represented at the annual meeting, the existence of a quorum, and the validity of proxies and ballots, and will count all votes and ballots.

Confidentiality of Votes—The vote of each shareholder is held in confidence, except (a) as necessary to meet applicable legal requirements and to assert or defend claims for or against the Company; (b) if there is a contested proxy solicitation; (c) if a shareholder makes a written comment on the proxy card or otherwise communicates his or her vote to management; or (d) as necessary to allow the Inspector of Election to resolve any dispute about the authenticity or accuracy of a proxy card, consent, ballot, authorization or vote and to allow the Inspector of Election to certify the results of the vote.

Householding

Shareholders who share the same last name and address may receive only one copy of the E-Proxy Notice unless we receive contrary instructions from any shareholder at that address. This is referred to as “householding.” If you prefer to receive multiple copies of the E-Proxy Notice at the same address, additional copies will be provided to you promptly upon written or oral request, and if you are receiving multiple copies of the E-Proxy Notice, you may request that you receive only one copy. Please address requests for a copy of the E-Proxy Notice to our Secretary, WellPoint, Inc., 120 Monument Circle, Mail No. IN0102-B381, Indianapolis, Indiana 46204 or telephone (800) 985-0999.

Additional Information

Our Board of Directors (the “Board”) has not received notice of any, and knows of no, matters other than those described in the attached Notice of Annual Meeting of Shareholders, which are to be brought before the annual meeting. If other matters properly come before the annual meeting, it is the intention of the persons named in the accompanying proxy card to vote such proxy in accordance with their judgment on such matters.

[Table of Contents](#)

Shareholders may receive, without charge, a copy of our 2011 Annual Report on Form 10-K, including consolidated financial statements, as filed with the SEC (which is our Annual Report to Shareholders). Please address requests for a copy of our 2011 Annual Report on Form 10-K to our Secretary, WellPoint, Inc., 120 Monument Circle, Mail No. IN0102-B381, Indianapolis, Indiana 46204. Shareholder Proposals and Nominations for Next Year’s Annual Meeting

Shareholder Proposal for Inclusion in Our Proxy Materials—In order to submit a shareholder proposal for inclusion in our proxy statement for the 2013 annual meeting of shareholders pursuant to SEC Rule 14a-8, the proposal must be received by our Secretary at WellPoint, Inc., 120 Monument Circle, Mail No. IN0102-B381, Indianapolis, Indiana 46204, not later than December 3, 2012. Such proposals also will need to comply with the SEC regulations regarding the inclusion of shareholder proposals in our sponsored proxy materials if the shareholder would like the proposal to be so included.

Other Shareholder Proposals and Nominations—Our By-Laws also establish an advance notice procedure relating to director nominations and shareholder proposals that are not submitted for inclusion in the proxy statement, but that the shareholder instead wishes to present directly at the annual meeting. To be properly brought before the 2013 annual meeting of shareholders, the shareholder must give timely written notice of the nomination or proposal to our Secretary along with the information required by our By-Laws. To be timely, a shareholder’s notice must be delivered to our Secretary at the address listed above not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year’s annual meeting. For the 2013 annual meeting of shareholders, such notice must be delivered no earlier than January 16, 2013 and no later than February 15, 2013. In the event that the date of the annual meeting is advanced by more than 30 days or delayed by more than 60 days from such anniversary date, notice by the shareholder must be delivered not earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. The notice must contain specified information about each nominee or the proposed business and the shareholder making the nomination or proposal.

Copy of By-Law Provisions—The specific requirements of these advance notice and eligibility provisions are set forth in Section 1.5 and Section 1.6 of our By-Laws. Our By-Laws are available on our website at www.wellpoint.com under “Investors—Corporate Governance—Governance & Corporate Documents.”

Annual Meeting Admission

Either an admission ticket or proof of ownership of our common stock, as well as a form of personal identification, must be presented in order to be admitted to the annual meeting. If you are a shareholder of record and received an E-Proxy Notice, your E-Proxy Notice is your admission ticket. If you are a shareholder of record and received a printed copy of our proxy materials, you must bring the admission ticket portion of your proxy card to be admitted to the annual meeting. If you are a beneficial owner and your shares are held in the name of a broker, bank or other nominee, you must bring a brokerage statement or other proof of ownership, dated as of the record date of March 15, 2012, with you to the annual meeting, or you may request an admission ticket in advance by mailing a request, along with proof of your ownership of our common stock, to WellPoint Shareholder Services, 120 Monument Circle, Mail No. IN0102-B323, Indianapolis, Indiana 46204.

No cameras, recording equipment, electronic devices, large bags, briefcases, signs or packages will be permitted in the annual meeting. Please note that due to security reasons, all bags may be subject to search, and all persons who attend the annual meeting may be required to pass through a metal detector or be subject to a hand wand search. We will be unable to admit anyone who does not comply with these security procedures. No one will be admitted to the meeting once the meeting has commenced.

Cost of Solicitation

We will bear the cost of the solicitation of proxies and have engaged Alliance Advisors, LLC to assist in the solicitation of proxies. Alliance Advisors, LLC will receive a fee of approximately \$6,000 plus reasonable out-of-pocket expenses for this work. We also will reimburse banks, brokers or other custodians, nominees and fiduciaries for their expenses in forwarding the proxy materials to beneficial owners and seeking instruction with respect thereto. In addition, our directors, officers or other associates, without additional compensation, may solicit proxies from shareholders in person, or by telephone, facsimile transmission or other electronic means of communication.

GOVERNANCE OF THE COMPANY

Our business is managed under the direction of the Board of Directors. The Board has responsibility for establishing broad corporate policies and for our overall performance. We believe that the only results worth achieving are those achieved with integrity and a commitment to excellence. Accordingly, we have long recognized the importance of and have always placed a high priority upon having good corporate governance measures in place.

Board Leadership Structure

The Board believes that it should have the flexibility to establish a leadership structure that works best for the Company at a particular time, and reviews that structure from time to time. Historically, the positions of our Chair of the Board and Chief Executive Officer (“CEO”) have, at different times, been separately held by two people or combined and held by the same person. Currently, the roles of Chair and CEO are combined and held by Angela F. Braly.

When the position of Chair and CEO are filled by the same person or if the Chair is not an independent Director, the independent Directors will elect a Lead Director. To promote independent Board leadership, as Ms. Braly is both the Chair and the CEO, the Board has elected an independent Lead Director. The Lead Director presides at meetings of the Board and shareholders in the Chair’s absence, presides at all meetings of the non-executive directors (which are scheduled at each Board meeting), serves as a liaison between the Chair and the independent directors, approves information sent to the Board, approves meeting agendas and schedules for the Board, has the authority to call additional meetings of the independent directors and is available for consultation and direct communication, if requested, with major shareholders. Jackie M. Ward is the current Lead Director.

Given the profound transition in our industry and the changes we will likely face in the next few years, the Board believes that at this time it is most efficient and effective to have a single individual fulfilling the roles of Chair and CEO. The Board of Directors also recognizes the important leadership roles played by our Lead Director and the chairpersons of each of the committees of the Board. We also believe that the current leadership structure supports the Board’s role in risk oversight by combining the operational experience of a member of management with the oversight focus of an independent member of the Board, as more fully discussed below. The Board evaluates its leadership structure from time to time and changes it as circumstances warrant.

Board Role in Risk Oversight

Our Board of Directors oversees the risk management processes that have been designed and are implemented by our executives to determine whether those processes are functioning as intended and are consistent with our business and strategy. The Board oversees our exposure to major enterprise risks and, with the assistance of the Audit Committee, oversees the processes by which we assess, monitor and manage our exposure to major risks. The Board reviews and approves certain risk tolerance levels and action plans regarding major risks. In addition to the responsibilities delegated to the Audit Committee, the Board delegates to the

[Table of Contents](#)

Board committees the responsibility for assisting in the oversight of categories of risk within their areas of responsibility. See also, “Compensation of Executive Officers—Assessment of Compensation-Related Risks” in this proxy statement for a description of the Compensation Committee’s role in overseeing compensation-related risks. A description of the enterprise risks facing us is included in Item I, Part IA “Risk Factors” in our 2011 Annual Report on Form 10-K.

In addition to its oversight of certain risks as delegated by the Board of Directors, the Audit Committee is specifically tasked with the following as it relates to enterprise risk management activities:

- Review the appointment, promotion or dismissal of the Chief Risk Officer, who serves as the head of the internal enterprise risk management function;
- Review and discuss our enterprise risk management framework, processes and governance structure;
- Review and discuss our major financial risk exposures, and any other categories of risk delegated by the Board to the Committee from time to time, and the steps management has taken to assess, monitor and manage such exposures; and
- Discuss the responsibilities, budget and staffing of our enterprise risk management function.

We have formed an Enterprise Risk Council and a Strategic Risk Forum to oversee our enterprise risk management activities. The Enterprise Risk Council is comprised of members of our executive leadership team, the Chief Risk Officer and the head of internal audit. Roles and responsibilities of the Enterprise Risk Council include:

- Drive an effective enterprise risk management culture;
- Continually evaluate and bring forward emerging risk insight;
- Review and approve risk tolerance levels (subject to Board review and approval where appropriate);
- Act on risk tolerance breaches;
- Review and approve the evaluation and prioritization of enterprise risks;
- Review and approve enterprise action plans against risks; and
- Review, approve and support resource requirements (subject to Board review where appropriate).

The Strategic Risk Forum is comprised of executives from across the Company who are directly accountable for their areas of responsibility and supports the Enterprise Risk Council. The Strategic Risk Forum is chaired by our Chief Risk Officer. Roles and responsibilities of the Strategic Risk Forum include:

- Evaluate and recommend levels of risk tolerance;
- Identify, assess and categorize existing and emerging risks; and
- Evaluate risks by estimating and conducting risk assessments, including analyzing and understanding root causes of risks, developing management’s action plan, and proposing accountabilities to the Enterprise Risk Council.

The Chief Risk Officer provides quarterly updates of enterprise risk management activities conducted through the Enterprise Risk Council and Strategic Risk Forum to the Board of Directors and the Audit Committee, including separate executive sessions with the Audit Committee.

Policies on Corporate Governance

Over the past several years, we have enhanced our corporate governance practices in a number of meaningful ways, and we continually seek out best practices to promote a high level of performance from the Board and management.

[Table of Contents](#)

Among the practices we adhere to are the following:

- We review annually our corporate governance documents, including our Articles of Incorporation, By-Laws, Corporate Governance Guidelines and committee charters, for compliance with their terms and for enhancements to improve corporate governance;
- We have adopted majority voting for the election of directors in uncontested elections;
- We have eliminated all supermajority voting requirements in our Articles of Incorporation and By-Laws and have opted out of the Indiana Control Share Acquisitions Statute;
- Ten of our eleven directors are “independent” under all applicable standards;
- Only independent directors serve on the Audit, Compensation and Governance Committees;
- Non-employee directors meet in executive session without management present at every in-person Board meeting;
- A Lead Director presides at the executive sessions of independent directors and performs various other duties; the Lead Director position is elected annually by the independent directors;
- The lead partner of our independent registered public accounting firm is rotated at least every five years;
- The Board, and each committee of the Board, has the authority to engage consultants and advisors at our expense;
- The Board, each standing committee and each director annually conduct evaluations of their performance, and a third party governance expert reviews and reports on the evaluations;
- The Board encourages directors to participate in continuing education programs and reimburses directors for the expenses of such participation;
- The Board and our executive officers and associates are governed by our Standards of Ethical Business Conduct;
- We have a recoupment policy to recover incentive compensation payments from our executive officers in the event of a restatement of our financial statements due to misconduct;
- We do not provide tax gross-ups on payments made in connection with a change in control or on perquisites;
- We prohibit short sales, hedging transactions and pledges of Company stock by all associates, including Named Executive Officers; and
- We have significant stock ownership guidelines that align our executives’ interests with those of shareholders.

Current versions of our Articles of Incorporation, By-Laws, Corporate Governance Guidelines, Standards of Ethical Business Conduct, and the charter of each standing committee of the Board are available on our website at www.wellpoint.com under “Investors—Corporate Governance—Governance & Corporate Documents.”

We will continue to assess and refine our corporate governance practices and share them with you.

BOARD AND COMMITTEE MEMBERSHIP

As reflected in our Corporate Governance Guidelines, our business, property and affairs are managed under the direction of our Board. Members of our Board stay informed of our business through discussions with our CEO and other officers, by reviewing materials provided to them, by visiting our offices, by participating in meetings of the Board and its committees and through their own industry knowledge and inquiries.

Director Independence

Our Board has adopted standards to assist it in making determinations of independence and whether or not a director has a material relationship with us. These standards are available on our website at www.wellpoint.com under “Investors—Corporate Governance—Governance & Corporate Documents.”

Our Board has determined that each of the following directors meets these standards, has no material relationship with us and is “independent” as defined by the New York Stock Exchange (“NYSE”) listing standards and the SEC’s rules: Lenox D. Baker, Jr., M.D., Susan B. Bayh, Sheila P. Burke, William H.T. Bush (retired May 17, 2011), Robert L. Dixon, Jr., Julie A. Hill, Warren Y. Jobe, William G. Mays (retired December 8, 2011), Ramiro G. Peru, Donald W. Riegle, Jr. (retired May 17, 2011), William J. Ryan, George A. Schaefer, Jr., and Jackie M. Ward.

Meetings and Committees of the Board

During 2011, the Board held sixteen meetings. The non-employee directors were given the opportunity to meet in executive session without management at all meetings. Our Board committees also conduct executive sessions that are presided over by the Chairperson of the respective committee. Each director attended at least 75% of the total meetings of the Board and each committee on which he or she served.

There are five standing committees of the Board. From time to time, the Board, in its discretion, may form other committees. The following table provides membership information for each of the Board committees as of March 1, 2012.

* Lead Director

Set forth below are the primary responsibilities of each of the committees as described more fully in their charters, which are available on our website at www.wellpoint.com under “Investors—Corporate Governance—Governance & Corporate Documents.”

The Audit Committee

The Audit Committee represents and assists the Board in its oversight of our accounting, financial reporting and internal audit controls and procedures. In its oversight of our financial statements and the independent audit

[Table of Contents](#)

thereof, the Audit Committee is responsible for the selection, evaluation and, where deemed appropriate, replacement of the independent registered public accounting firm, and for the evaluation of the independence of the independent registered public accounting firm. The Audit Committee is also responsible for the oversight of our Compliance Program and Standards of Ethical Business Conduct, as well as assisting the Board in overseeing the processes by which we assess, monitor and manage our exposure to major risks. See “Audit Committee Matters—Audit Committee Report” and “Governance of the Company—Board Role in Risk Oversight.”

The Audit Committee met ten times during 2011. The Audit Committee also met one time as the Pricing Committee with respect to our issuance of debt securities in August 2011. The Audit Committee met separately, generally at each in person meeting, with executive management, the head of internal audit, the Chief Risk Officer and the independent registered public accounting firm during 2011. The Board has determined that each of the members of the Audit Committee is “independent” as defined by the rules of the SEC and the NYSE listing standards and that each of the members, except Mr. Dixon, is an “audit committee financial expert” as defined by the SEC’s rules.

The Compensation Committee

The Compensation Committee assists the Board in discharging its responsibilities relating to compensation and benefits provided to our executive officers (which are to be determined by the Compensation Committee in its sole discretion) and other employees (except to the extent delegated by the Board to another committee of the Board), including conducting an assessment of the risks related to our compensation policies and practices. See “Compensation of Executive Officers—Assessment of Compensation-Related Risks.” One of the duties and responsibilities of the Compensation Committee is to set the compensation level of our CEO and other executive officers based on an evaluation of the executive’s performance in light of our goals and objectives. The Compensation Committee may take into consideration when setting the compensation levels of the executive officers (other than the CEO) any recommendations of the CEO with respect to the other executive officers. In addition, the Compensation Committee has directly engaged an outside compensation consultant to assist in the evaluation of CEO and executive officer compensation, as authorized under its charter. The Compensation Committee engaged Semler Brossy Consulting Group, LLC (“Semler Brossy”) commencing in May 2010 to provide executive compensation consulting services. Semler Brossy reports directly to the Compensation Committee, regularly participates in Committee meetings and advises the Committee with respect to compensation trends and best practices, plan design and the reasonableness of individual compensation awards. Semler Brossy does not provide any other services to the Company.

The Compensation Committee met six times during 2011. All members of the Compensation Committee are “outside directors” within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Tax Code”), “non-employee directors” within the meaning of Section 16b-3 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) and “independent” within the meaning of the NYSE listing standards.

Compensation Committee Interlocks and Insider Participation

None of the Compensation Committee members is or has been an officer or employee of the Company or was involved in a relationship requiring disclosure as an interlocking director or under Item 404 of Regulation S-K.

The Governance Committee

The Governance Committee assists the Board in discharging its responsibilities relating to Board composition, director compensation and corporate governance by identifying and recommending individuals for nomination as members of the Board, recommending to the Board the overall director compensation policy and developing and recommending to the Board a set of corporate governance guidelines. The Governance Committee has directly engaged Compensation Advisory Partners, LLC (“CAP”), an outside compensation consultant, to assist in the evaluation of director compensation, as authorized under its charter. CAP reports

[Table of Contents](#)

directly to the Governance Committee. During 2011, CAP advised the Committee with respect to director compensation trends and best practices, plan design and the reasonableness of director compensation. The CAP consultants do not provide any other services to us.

The Governance Committee met five times during 2011. The Board has determined that each of the members of the Governance Committee is “independent” as defined by the NYSE listing standards.

Shareholder Recommendations

The policy of the Governance Committee is to consider properly submitted shareholder recommendations for candidates for membership on the Board as described below under “Identifying and Evaluating Nominees for Directors.” In evaluating such recommendations, the Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board and to address the membership criteria set forth under “Director Qualifications.” Any shareholder recommendations proposed for consideration by the Governance Committee must include the nominee’s name and qualifications for Board membership and must be addressed to our Secretary at WellPoint, Inc., 120 Monument Circle, Mail No. IN0102-B381, Indianapolis, Indiana 46204. Following verification of the shareholder status of persons proposing candidates, recommendations are aggregated and considered by the Governance Committee at a regularly scheduled meeting. If any materials are provided by shareholders in connection with the recommendation of a director candidate, such materials are forwarded to the Governance Committee.

For a description of the requirements regarding shareholder nominations and other proposals at annual meetings, see “Shareholder Proposals and Nominations for Next Year’s Annual Meeting.”

Identifying and Evaluating Nominees for Directors

The Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Governance Committee assesses the appropriate size of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Governance Committee considers, subject to the restrictions in our By-Laws, whether the vacancy should be filled and if so, various potential candidates for director. Candidates may come to the attention of the Governance Committee through current Board members, management, professional search firms, shareholders or other persons. These candidates are evaluated at regular or special meetings of the Governance Committee, and may be considered at any point during the year.

Director Qualifications

The Governance Committee periodically evaluates the size and composition of the Board to assess the skills and qualifications of Board members, and compares them with those skills and qualifications that might prove valuable in the future, considering the circumstances of the Company and the then-current Board membership. This assessment enables the Board to consider whether the skills and qualifications described below continue to be appropriate as the Company’s needs evolve over time. On an ongoing basis, the Governance Committee, assisted by outside consultants, will look for candidates who possess qualifications that meet our strategic needs and have diverse experiences in key business, financial and other challenges that face a publicly held health benefits company. In general, all Directors must exhibit integrity and accountability, informed judgment, financial literacy, mature confidence and high performance standards.

The candidates should be committed to enhancing shareholder value, should have sufficient time and energy to diligently perform their duties and should be able to provide insight and practical wisdom based on experience to represent the interests of all shareholders. The candidates should also have the manifest ability to work in a collegial and constructive manner with the other members of the Board. Their service on other boards of public companies should be limited to a number that permits them, given their individual circumstances, to perform all director duties responsibly. The foregoing qualifications will be applied by the Governance Committee to all candidates, including candidates submitted by shareholders.

[Table of Contents](#)

Our Corporate Governance Guidelines provide that our Governance Committee is to take into account the overall diversity of the Board when identifying possible nominees for director, including gender, race, age and geographic location. The Committee implements that policy, and assesses its effectiveness, by examining the diversity of all of the directors on the Board when it selects nominees for directors. Currently, the Board has five female directors, one African-American director and one Hispanic director. The directors range in age from early 50s to early 70s and reside in 10 different states and the District of Columbia. The diversity of directors is one of the factors that the Governance Committee considers, along with the other selection criteria described above.

Below we identify and describe a few of the important skills and experiences that the Governance Committee looks for in a director candidate. Each of our Directors' specific skills and experiences, as determined in the annual evaluation of each Director, are included in their individual biographies. However, the fact that we do not list a particular skill or experience for a Director does not mean that the Director does not possess that particular skill or experience.

- Management experience. Directors with significant management experience, especially current and former senior executive officers, provide practical understanding of how large organizations operate and have experience in strategic thinking and risk management. They also possess significant leadership qualities and are able to identify and develop such qualities in others.
- Insurance Industry experience. Directors with experience in the insurance industry bring an understanding of the unique nature of the business, including an understanding and appreciation of the regulatory requirements and restrictions that we must comply with. They can provide effective oversight of our regulatory compliance and risk management efforts.
- Finance experience. Directors with an understanding of finance and financial reporting processes, particularly as they relate to large, complex, highly regulated businesses, provide an important oversight role of our financial measures and processes. We use several financial targets for measuring performance, and accurate financial reporting is critical to our success.
- Health Care Industry experience. Directors with experience in the health care industry bring valuable insight into the activities and requirements of the providers of health care services and products that receive payments directly or indirectly from our insurance products. These Directors bring knowledge of current system operations and experience with medical best practices that are valuable not only for current operations, but also for future strategic initiatives.
- Communications, Multi-Media Networking and Public Relations experience. Directors with experience in these areas provide important skills and information to us as we deal with increased public disclosure requirements and media attention on health care and other public policy issues. They can assist us in focusing our communications to effectively present our positions.
- Consumerism and Marketing experience. Directors with experience dealing with consumers, particularly in the areas of developing, marketing and selling products and services to consumers, provide significant direction and information to us as we identify changing market conditions and consumer trends and buying habits, because they understand consumer needs.
- Technology and E-Commerce experience. Directors with an understanding of technology and e-commerce can help us focus our efforts in these important areas. They are able to provide oversight of our efforts to improve efficiency and productivity through the use of new technologies in providing our products and services.
- Education experience. Directors with experience in higher education as faculty, frequent lecturers or directors bring in-depth knowledge about many areas that affect our overall business operations, including medicine, law, public policy and financial accounting. These resources are important to us in staying current in a rapidly changing economic and legal environment.
- Government experience. Directors with government experience, whether as members of government or through extensive interactions with state or federal governmental agencies, are able to recognize, identify and understand the key issues facing us as a highly regulated entity.

[Table of Contents](#)

- Environmental, Social and Governance experience. Directors who have worked with non-profit entities or have led projects designed to benefit society bring to us an understanding of the need to conduct business without harm to society, which could in turn, harm our reputation and decrease our long-term sustainability. They are able to provide insights to assist us in achieving our mission of improving the lives of the people we serve and the health of our communities.

The Governance Committee, in recommending the nominees for election as directors and in concluding that the continuing directors should serve as directors, considered the items set forth above. The Governance Committee believes that each of the directors and nominees for directors possesses the judgment and integrity necessary to make independent decisions and a willingness to devote adequate time to Board duties. In addition, the Governance Committee believes that each of the directors and nominees for director brings his or her own particular experiences and set of skills, giving the Board, as a whole, competence and experience in a wide variety of areas. Additional biographical and other information concerning the qualifications, skills and experience of the directors and nominees for director can be found under “Nominees for Director” and “Directors Continuing in Office.”

The Planning Committee

The Planning Committee assists the Board in discharging its responsibilities related to various strategic issues, such as our long-term plans, mergers and acquisitions, emerging trends, corporate social responsibility and emerging technology. The Planning Committee met five times during 2011.

The Executive Committee

Between meetings of the Board, the Executive Committee has and may exercise the powers and authority of the full Board. The Executive Committee assists the Board in discharging its responsibilities related to an emergency and long-term succession plan for our CEO and executive officers. The Executive Committee met three times during 2011.

Communications with the Board

Individuals may communicate with the Board by submitting an e-mail to our Board at boardofdirectors@wellpoint.com. Communications that are intended specifically for non-management directors or any individual director should be sent to the e-mail address above to the attention of the Lead Director. Individuals may also communicate with the Board by submitting a letter to our Secretary at WellPoint, Inc., 120 Monument Circle, Mail No. IN0102-B315, Indianapolis, Indiana 46204.

In addition, individuals may communicate with the Chairperson of the following committees by submitting an e-mail to:

Chairperson of the Audit Committee: auditchair@wellpoint.com

Chairperson of the Compensation Committee: compensationchair@wellpoint.com

Chairperson of the Governance Committee: governancechair@wellpoint.com

The process for collecting and organizing communications, as well as similar or related activities, has been approved by our independent directors. Communications are distributed to the Board, or to any individual directors as appropriate, depending on the facts and circumstances outlined in the communication. In that regard, the Board has requested that certain items which are unrelated to the duties and responsibilities of the Board should be excluded, such as spam, junk mail and mass mailings, medical claims inquiries, new product suggestions, resumes and other forms of job inquiries, surveys, and business solicitations or advertisements. In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will be excluded, with the provision that any such unsuitable communication is made available to any non-management director upon request.

Board Attendance at Annual Meeting of Shareholders

Our policy is that Board members are expected to attend each annual meeting of shareholders. With the exception of Mr. Dixon who was not then a Director, all members of the Board attended the 2011 annual meeting of shareholders.

REVIEW AND APPROVAL OF TRANSACTIONS WITH RELATED PERSONS

Policy

The Board has adopted a written policy and procedures for review, approval and monitoring of transactions involving us and “related persons” (directors and executive officers or shareholders owning five percent or greater of our outstanding common stock or their immediate family members). The policy covers any transaction in which we are a participant that involves amounts exceeding \$120,000 in any calendar year and in which a related person has or will have a direct or indirect interest (other than solely as a result of being a director or a less than ten percent beneficial owner of another entity).

Related person transactions must be approved or ratified by the Governance Committee of the Board. In considering the transaction, the Governance Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person’s interest in the transaction. The policy includes several categories of standing pre-approved transactions, including, but not limited to, transactions involving competitive bids, certain banking-related services and certain transactions involving amounts not in excess of the greater of \$1 million or 2% of the other company’s total annual gross revenues. The Governance Committee periodically reviews and assesses on-going transactions to ensure compliance with the Governance Committee’s guidelines and that the transactions remain appropriate.

Current Transactions

There were no transactions in 2011, and none are currently proposed, in which we were or are a participant and the amount involved exceeded \$120,000, and in which a related person had or will have a direct or indirect material interest. In the ordinary course of business, we may, from time to time, engage in transactions with other companies whose officers or directors are also our directors. Transactions with such companies are conducted on an arm’s length basis, and in 2011, all of these transactions came within the pre-approval procedures of the Governance Committee consistent with the above policy.

STANDARDS OF ETHICAL BUSINESS CONDUCT

We have adopted Standards of Ethical Business Conduct (the “Code”) for our directors, executive officers and other associates. The purpose of the Code is to focus on areas of ethical risk, provide guidance in recognizing and dealing with ethical issues, provide mechanisms to report unethical conduct and help foster a culture of honesty and integrity. The Code is posted on our website at www.wellpoint.com under “Investors—Corporate Governance—Governance & Corporate Documents.”

Everyone is required to act in accordance with the requirements of the Code. Waivers of the Code for any director, our Chief Executive Officer, our Chief Financial Officer and our other executive officers may only be made by the Board or by a Board committee composed of independent directors. Any such waiver and any amendment to the Code will be posted on our website at www.wellpoint.com under “Investors—Corporate Governance—Governance & Corporate Documents” and otherwise disclosed as required by law. During 2011, there were no waivers of the Code for any of our directors, our Chief Executive Officer, our Chief Financial Officer or any of our other executive officers.

⁽¹⁾ Employee directors do not receive any compensation for their service as a director. Ms. Braly's compensation for 2011 is shown in the Summary Compensation Table.

⁽²⁾ In addition to annual Board and committee chairperson retainer fees and meeting fees, amounts include \$62.50 paid in cash to each non-employee director, which represents cash payments in lieu of issuing fractional shares in connection with the annual grant of shares of our common stock received on the date of our annual meeting of shareholders, excluding Messrs. Bush and Riegler, who retired from the Board prior to the grant of the stock awards, and Mr. Dixon who was not then a director.

⁽³⁾ The amounts in this column reflect the grant date fair value of stock awards issued to each non-employee director during the year ended December 31, 2011, in accordance with Accounting Standards Codification Topic 718, "Compensation—Stock Compensation" ("ASC 718"). During 2011, each non-employee director, excluding Messrs. Bush, Dixon and Riegler, received 3,125 phantom shares of our common stock for the annual retainer grant of shares of our common stock on the date of our annual meeting of shareholders (May 17, 2011). The phantom shares will be converted into common stock upon the lapse of the deferral period. See also "—Board Equity Compensation and Stock Ownership Guidelines." The grant date fair value for the 2011 stock awards is calculated by multiplying the closing price of our common stock on the NYSE on the date of grant, which was \$79.98, by the number of shares in the stock award. As of December 31, 2011, each non-employee director had the following number of phantom shares and deferred shares under our Board of Directors' Deferred Compensation Plan ("Board Deferred Compensation Plan") in the aggregate and stock options, respectively, for all years of service as a director: Lenox D. Baker, Jr., M.D.: 20,808 and 16,667; Susan B. Bayh: 20,808 and 0; Sheila P. Burke: 28,018 and 9,920; William H.T. Bush: 0 and 59,520; Robert L. Dixon, Jr.: 0 and 0; Julie A. Hill: 28,018 and 0; Warren Y. Jobe: 20,808 and 9,920; William G. Mays: 28,482 and 0; Ramiro G. Peru: 20,808 and 0; Senator Donald W. Riegler, Jr.: 0 and 2,500; William J. Ryan: 20,808 and 20,000; George A. Schaefer, Jr.: 20,808 and 20,000; and Jackie M. Ward: 25,052 and 40,000. The phantom shares and deferred shares for each current director are included in the Security Ownership of Certain Beneficial Owners and Management table.

⁽⁴⁾ Includes the matching charitable contributions made by the WellPoint Foundation and, for Mr. Riegler, Ms. Hill and Ms. Ward, the cost of annual physical exams paid by us. See "—Matching Gift Program."

⁽⁵⁾ Messrs. Bush and Riegler retired from our Board of Directors effective May 17, 2011, and therefore, did not receive a stock award for 2011 and all stock was paid out in accordance with their payout elections.

⁽⁶⁾ Mr. Dixon was not a member of the Board in May 2011 and therefore, did not receive the annual stock award.

[Table of Contents](#)

- (7) Mr. Mays retired from our Board in December 2011.
- (8) All of Mr. Mays' 2011 compensation was deferred by him pursuant to the Board Deferred Compensation Plan, other than the \$62.50 paid in cash in lieu of a fractional share.

- (10) All of Ms. Ward's 2011 compensation was deferred by her pursuant to the Board Deferred Compensation Plan, other than the \$62.50 paid in cash in lieu of a fractional share.

In addition, all non-employee directors were reimbursed for expenses incurred in connection with attendance at and/or participation in any Board and committee meetings.

As an employee, Ms. Braly does not receive an additional retainer for her services as Chair of the Board.

WellPoint Board of Directors' Deferred Compensation Plan

Cash fees paid to directors may be deferred under the Board Deferred Compensation Plan, which provides a method of deferring payment until a date selected by the director. Deferred cash fees accrue interest at a declared interest rate, which is determined on January 1 of each year and is the average of the 10-year U.S. Treasury Note monthly average rates for the 12-month period ending on September 30 of the previous year, plus 150 basis points, but not to exceed 120% of the applicable federal long-term rate, with compounding. Fees paid to non-employee directors in our common stock may also be deferred under the Board Deferred Compensation Plan. Fees paid in stock and deferred under the Board Deferred Compensation Plan are distributed in stock pursuant to their election under the plan.

Board Equity Compensation and Stock Ownership Guidelines

For 2011, each non-employee director received, subject to the deferral described below, an annual grant, on the date of our annual meeting of shareholders, of the number of shares of our common stock equal to five times the annual Board cash retainer fee, based on the closing price of our common stock as reported on the NYSE on

[Table of Contents](#)

the date of grant. Effective for 2012, the annual grant has been reduced to the number of shares of our common stock equal to \$175,000, which is three and one-half times the annual Board cash retainer fee. In 2011, each then non-employee director received 3,125 shares based on the market price of \$79.98 per share pursuant to this grant. Each annual grant of common stock is deferred for a minimum of five years from the date of grant. The shares of common stock will not be distributed until the earlier of the expiration of such deferral period or the date on which a director ceases to be a member of the Board.

In addition, each non-employee director has an obligation to own at least \$400,000 of our common stock by no later than the fifth anniversary of the date such director became a member of the Board. Other than Mr. Dixon who joined the Board in 2011, each director is in compliance with the stock ownership requirements.

Matching Gift Program

Directors are eligible to participate in the WellPoint Foundation matching gift program. Under this program, the foundation matches 100% of charitable donations to qualified entities up to a maximum of \$10,000 per year for each director.

**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

The Board currently consists of 11 directors divided into three classes, with two classes containing four directors and one class containing three directors. This classified Board structure is one of the specific requirements imposed by the Blue Cross Blue Shield Association (BCBSA) in license agreements with all Blue Cross Blue Shield licensees, including us. The term of one class of directors expires each year. Generally, each director serves until the annual meeting of shareholders held in the year that is three years after such director's election and until such director's successor is elected and has qualified. In addition, directors are no longer eligible for election after reaching 72 years of age.

Four directors are to be elected at the annual meeting, each to hold office for a term to expire at the 2015 annual meeting of shareholders and until his or her successor is elected and qualified. It is the intention of the

[Table of Contents](#)

persons named in the accompanying form of proxy to vote such proxy for the election to the Board of Lenox D. Baker, Jr., M.D., Susan B. Bayh, Julie A. Hill and Ramiro G. Peru. Each of the nominees for director is presently a director, has consented to being named as a nominee in this proxy statement and has indicated a willingness to serve if elected. However, if any such person is unable or unwilling to accept nomination or election, it is the intention of the persons named in the accompanying form of proxy to nominate such other person as director as they may in their discretion determine, in which event the shares will be voted for such other person. Each of the nominees for director was previously elected by our shareholders to serve on our Board. Mr. William G. Mays retired from the Board of Directors in December 2011, prior to the expiration of his term in 2014.

The election of directors will be determined by the vote of a majority of the votes cast on such election, which means that the number of shares voted “for” a director nominee must exceed the number of shares voted “against” such nominee.

Recommendation

The Board of Directors recommends a vote FOR the election as directors of Lenox D. Baker, Jr., M.D., Susan B. Bayh, Julie A. Hill and Ramiro G. Peru.

The biographies of each of the nominees and continuing directors contain information regarding the person’s service as a director, business experience, director positions at publicly held corporations or investment companies registered under the Investment Company Act of 1940 held currently or at any time during the last five years, and the experiences, qualifications, attributes or skills that caused the Governance Committee and the Board to recommend each of the director nominees and to conclude that the continuing directors should serve as members of our Board. Unless otherwise indicated below, the principal occupation of each director or nominee has been the same for the last five years. There is no family relationship between any of our directors or executive officers. The ages listed below for each director or nominee are as of April 1, 2012.

Based on the reviews and discussions referred to above, the Audit Committee recommended, and the Board approved, the inclusion of the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2011 as filed with the SEC.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than 10% of our common stock, to file reports of ownership with the SEC. Such persons also are required to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of copies of such forms received by us, or written representations from certain reporting persons, we believe that during 2011, our executive officers, directors, and greater than 10% shareholders complied with all applicable filing requirements relating to our common stock.

**PROPOSAL NO. 3
ADVISORY VOTE TO
APPROVE THE COMPENSATION OF
OUR NAMED EXECUTIVE OFFICERS**

Section 14A of the Exchange Act enables our shareholders to vote to approve, on an advisory (nonbinding) basis, the compensation of our Named Executive Officers (“Say-on-Pay”) as disclosed in this proxy statement in accordance with the SEC’s compensation disclosure rules. At our annual meeting of shareholders held in May 2011, a substantial majority of the votes cast on the Say-on-Pay proposal at that meeting were voted in favor of the proposal. The Compensation Committee believes this affirms our shareholders’ support of our approach to executive compensation and no significant changes were made to this approach for 2011 as a result of the vote. The Board of Directors has considered the prior vote of the shareholders expressing a preference for an annual advisory vote on executive compensation and intends to hold an annual Say-on-Pay vote until the next advisory vote on frequency.

Our executive compensation program (the “Total Rewards” program) is designed to attract, engage, motivate and retain a talented team of executive officers and to appropriately reward those executive officers for their contribution to our business and our members. Our Total Rewards program emphasizes performance-based compensation in the form of our Annual Incentive Plan (“AIP”) and equity grant programs. In 2011, fixed compensation (salary and benefits) made up only 11% (for the CEO) to approximately 23% (for the other Named Executive Officers) of target total compensation. The majority of the CEO and other Named Executive Officers’ compensation is variable based on both individual and overall Company performance. Our Total Rewards program contains specific annual, financial and strategic goals and the value of equity based awards will depend on our long-term stock price performance. Please read the “Compensation Discussion and Analysis,” along with the tables and narrative discussion, beginning on page 29 for additional details about our executive compensation program, including information about the fiscal year 2011 compensation of our Named Executive Officers.

We are asking our shareholders to indicate their support for our Named Executive Officers’ compensation as described in this proxy statement. This proposal gives our shareholders the opportunity to express their views on our Named Executive Officers’ compensation. This vote is not intended to approve any specific item of compensation but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we recommend that our shareholders vote “for” the following resolution at the annual meeting:

“RESOLVED, that the Company’s shareholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company’s Proxy Statement for the 2012 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the other related disclosures.”

The Say-on-Pay vote is advisory, and therefore not binding on the Company, our Compensation Committee or our Board of Directors. Our Board of Directors and our Compensation Committee value the opinions of our shareholders and to the extent that there is any significant vote against the Named Executive Officers’ compensation as disclosed in this proxy statement, we will consider our shareholders’ concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Approval of the Say-on-Pay proposal requires that the votes cast “for” the proposal exceed the votes cast “against” the proposal.

Recommendation

**The Board of Directors recommends a vote FOR approval
of the compensation of our Named Executive Officers.**

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

Executive Summary

Our Total Rewards compensation program is designed to attract, engage, motivate and retain a talented team of executive officers and to appropriately reward those executive officers for their contributions to our business, our members and our shareholders. We seek to accomplish this goal in a way that is closely aligned with the long-term interests of our shareholders and the expectations of our members. The Compensation Committee of our Board of Directors (the "Committee") oversees our Total Rewards compensation program for our executive officers, including the persons identified in the Summary Compensation Table (the "Named Executive Officers") and determines their compensation. This program emphasizes performance-based compensation based on both individual and Company performance results.

2011 Business Results

We believe that the pay-for-performance philosophy of our Total Rewards compensation program, described in more detail below, played an important role in our achieving the following financial and operational performance highlights in 2011:

- Our 2011 net income increased to \$7.25 per share from \$6.94 per share in 2010.
- Medical enrollment increased by 928,000 for the year to approximately 34.3 million members at December 31, 2011.
- Selling, general and administrative expenses declined by \$297 million from 2010 to 2011.
- Beginning in the first quarter of 2011, the Board of Directors established a cash dividend on our common stock, and declared a dividend in the amount of \$0.25 per share in each quarter of 2011.
- In August 2011, we completed the acquisition of CareMore, which is a senior focused health care delivery Medicare Advantage program designed to deliver proactive, integrated, individualized health care. The acquisition of CareMore supports our strategic plans to capitalize on new opportunities for growth in the changing marketplace and to create the best health care value in our industry.
- We continue to improve the health of our members through programs that encourage members to receive recommended prevention, screening, and wellness services as well as best practice treatment for chronic disease. Our care management programs identify individuals at high risk for disease complications and work with them to prevent complications, leading to fewer hospitalizations and emergency room visits. We also encourage increased safety, effectiveness and affordability of health care. For example, our quality hospital insights program, which improves the clinical effectiveness of hospital-based care, continues to expand and over 50% of our members receive care in hospitals that are participating in this program.

Impact of Historical Business Results on Executive Compensation Decisions

Our CEO and CFO have not received base salary increases since 2008. Our other Named Executive Officers have not received base salary increases since 2008, other than those related to increases in responsibility.

Consistent with our pay-for-performance philosophy, and based on our financial and operational results in relation to our annual business plan, performance-based variable compensation fluctuated over the years and was paid well below target during 2007 and 2008, near target in 2009, and above target in 2010 and 2011 as follows:

Earned Performance-Based Awards as a Percent of Target from 2007 – 2011

Variable Compensation Component	2007	2008	2009	2010	2011
Annual Incentive Plan (“AIP”) ⁽¹⁾	58.6%	5.0%	92.9%	163.0%	116.2%
Performance Based Equity Awards	66.4%	0.0%	94.4%	150.0%	150.0%

Impact of Stock Price and Shareholder Returns on Executive Compensation

The compensation value received by our executives is highly dependent on shareholder returns.

A significant portion of our compensation opportunity for executive officers continues to be delivered in stock options. The stock option exercise price for each grant was 100% of the closing price of our common stock on the grant date.

Stock options only have intrinsic value when the current stock price is greater than the option exercise price. Our stock price decline that occurred between January and November 2008 resulted in a loss in intrinsic value for prior stock option grants. The closing price of our common stock increased from \$56.86 on December 31, 2010 to \$66.25 on December 30, 2011.

The following table shows the intrinsic value on December 30, 2011 of the regular stock option grants from 2005 through 2011. Where the intrinsic value is less than \$0, the amount represented is the increase to our stock price needed before these stock options begin to have any intrinsic value.

Option Exercise Price	\$ 63.36	\$ 76.59	\$ 80.81	\$ 70.80	\$ 30.10	\$ 62.06	\$ 65.98
Intrinsic Value	\$ 2.89	(\$ 10.34)	(\$ 14.56)	(\$ 4.55)	\$ 36.15	\$ 4.19	\$ 0.27
Stock Price Change	+5%	-14%	-18%	-6%	+120%	+7%	+0%

Performance share units and restricted stock units also represented a significant portion of the compensation opportunities for our executive officers in 2011. The value of these units is also impacted by changes in our stock price. The stock price change percentages shown above represent the change in value for those awards from the earned amount for performance share units and the grant date fair value for restricted stock units.

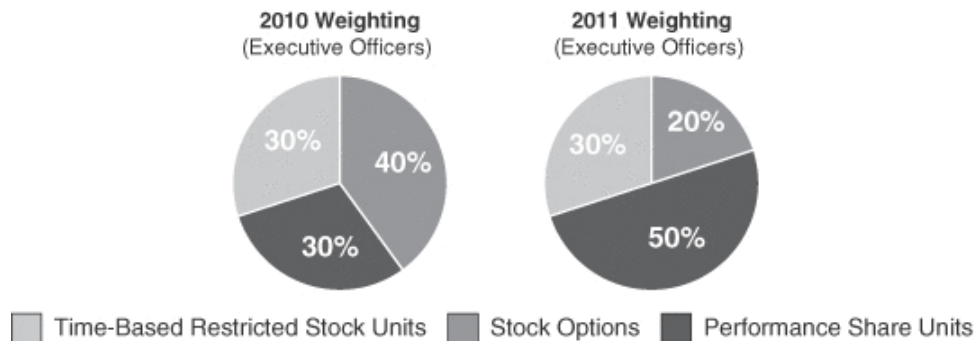

During 2011, we began paying quarterly cash dividends on our common stock. Cash dividends paid during 2011 totaled \$1.00 per share. Performance share units and restricted stock units accrue cash dividend equivalents equal to the cash dividend per share amount and are paid to participants without interest upon vesting, but only if the underlying shares vest. We do not accrue or pay cash dividend equivalents on stock options.

Program Changes for 2011

Three important changes were made in our program for 2011. We implemented these changes prior to the shareholder advisory vote on executive compensation which occurred at the annual meeting of shareholders in May 2011.

1. During the fourth quarter of 2010, the Committee reviewed management’s recommendations to reduce our selling, general and administrative cost structure, and made a number of tough choices to reduce compensation costs in 2011. Both the Committee and management believe it is important to set the tone from the top, especially in matters related to our cost control measures. The Committee approved the following management recommendations that impacted the compensation of our Named Executive Officers in 2011, all of which were implemented as cost control measures:
 - Our executive officers, including all Named Executive Officers, did not receive increases to their base salaries or to their target bonus percentages in 2011. Other executives were only eligible for base salary and target bonus percentage increases related to increases in responsibility, as applicable.
 - The target long-term equity grant cost guideline ranges for our executives were reduced by 15% as compared to 2010.
 - The maximum 401(k) Plan match and corresponding executive benefit for compensation amounts above the earning limits in the Tax Code were reduced from 6% to 4% of covered earnings.
 - Purchases pursuant to the shareholder approved Employee Stock Purchase Plan were discontinued in 2011.
2. The equity award structure and measures were adjusted to better position us to succeed in the marketplace by selecting performance measures that are intended to drive such success, and by increasing the percentage of the total award that is tied to achievement of these measures. As described under “Elements of Total Rewards—Performance Share Unit—Measures and Results,” the performance measures for the 2011 performance share unit grants are related to selling, general and administrative (“SG&A”) expenses, earnings per share (“EPS”) and membership, which are key components of our profitable growth strategy. We shifted grant value from stock options to performance share units to increase the focus and alignment of pay with performance on these key components of our profitable growth strategy. The weightings below are based on the grant date fair value, calculated in accordance with ASC 718.

3. The change in control provisions in Ms. Braly’s employment agreement and in the Executive Agreement Plan were amended effective as of March 8, 2011 and March 1, 2012, respectively, to remove all excise tax and regular tax gross-up benefits. As a result, all executives, including all Named Executive Officers, are personally responsible to pay any future excise taxes on severance benefits payable in connection with a change in control.

Impact of Shareholder Advisory Votes on Executive Compensation Decisions

In May 2011, we held our first shareholder advisory vote on the compensation of our Named Executive Officers as disclosed in the 2011 proxy statement, commonly referred to as a say-on-pay vote. Our shareholders approved the proposal, with approximately 84% of shareholder votes cast in favor of the 2011 say-on-pay vote.

At its meeting in September 2011, the Committee reviewed a presentation from our independent compensation consultant with respect to our Total Rewards program, shareholder say-on-pay results, and trends in executive compensation. The Committee determined that our Total Rewards program is fundamentally sound, supports the needs of our business, is aligned with the trends in the market, and is strongly supported by our shareholders.

As a result, at its December 2011 meeting, the Committee decided to retain our 2011 executive compensation philosophy, components, component mix, performance metrics, and competitive positioning targets for 2012 compensation. The performance targets for our AIP awards and performance share units were updated to conform to our 2012 business plan. In 2012, base salaries, target AIP awards and long term equity award grant sizes were reviewed and adjusted to ensure appropriate competitive positioning.

In addition, when determining how often to hold a shareholder advisory vote on executive compensation, the Board took into account the strong preference for an annual vote expressed by our shareholders at our 2011 annual meeting. Accordingly, the Board determined that we will hold an annual advisory shareholder vote on the compensation of our Named Executive Officers until the next say-on-pay frequency vote, which will be held no later than our 2017 annual meeting.

2011 Compensation Actions

The table below summarizes the compensation actions taken on the Named Executive Officers in 2011:

Ms. Beer	0%	0%	1,420,088	126.08%	150%

The following portion of the Compensation Discussion and Analysis discusses in greater detail our objectives and approach to setting executive compensation, as well as the Committee's decisions for our Named Executive Officers in 2011.

Compensation Program Objectives

Our Total Rewards program is designed to:

- Attract, engage, retain and appropriately reward executives for their contributions to our business, our members and our shareholders.
- Closely align executive interests and rewards with the long-term interests of our shareholders and the expectations of our members.
- Drive the achievement of our mission and strategy.

Table of Contents

- Deliver compensation that is commensurate with company and individual performance within the context of the external market.

These objectives are extended beyond the executive ranks to include all associates and are intended to promote our culture and enhance teamwork and perceptions of fairness. To achieve these objectives, the Total Rewards program is designed to reward our associates when they:

- Create long-term value for our shareholders through sustained growth in our stock price.
- Achieve our mission, to improve the lives of the people we serve and the health of our communities.
- Meet our commitment to simplify the connection between health, care and value.
- Meet or exceed our annual financial plans.
- Achieve our business objectives, which are to:
 - (1) Create the best health care value in our industry;
 - (2) Excel at day-to-day execution; and
 - (3) Capitalize on new opportunities to drive growth.
- Operate within our core values, which are:
 - (1) Customer first
 - (2) Integrity
 - (3) Personal accountability for excellence
 - (4) One company, one team
 - (5) Continuous improvement

Pay-for-Performance Philosophy and Pay Mix

To align executive interests and rewards with the long-term interests of our shareholders and drive the achievement of our mission and strategy, our Total Rewards program emphasizes performance-based compensation in the form of our AIP and equity grant programs.

A significant portion of the compensation of each of our Named Executive Officers is delivered through performance-based programs. As shown in the chart below, most of the total target compensation opportunity available to our Named Executive Officers is in the form of variable performance-based pay that is tied to our business results, including:

- AIP awards, the value of which depends on the extent to which we meet or exceed metrics in our annual business plan.
- Stock options, which are only valuable to the extent that the price of our stock increases.
- Performance share units that are earned based on our 2011 EPS, membership and SG&A calculated on a per-member, per-month basis and become more or less valuable based on our stock price performance.
- Time-based restricted stock units, which encourage retention and become more or less valuable based on our stock price performance.

PRIMARY COMPONENTS OF COMPENSATION⁽¹⁾

Our executive compensation program has four available compensation levers to recognize and reward individual performance:

- Adjusting base salary to recognize both performance and changes in the scope of an executive’s responsibilities,
- Setting an executive’s AIP target as a percent of salary within a competitive target range,
- Adjusting the AIP award payout based on individual achievements and contributions, and
- Adjusting the size of stock option, restricted stock unit and performance share unit grants within a competitive range.

Additionally, individual performance is rewarded by providing executives with career growth through challenging assignments and, as positions become available, promotional opportunities.

Elements of Total Rewards

Overview

Our 2011 Total Rewards program for our 170 executives, including the Named Executive Officers, includes the following financial elements:

- base salary;
- annual performance-based incentive awards under the AIP;
- equity awards in the form of performance share units, time-based restricted stock units and stock options;
- broad-based employee benefits; and

[Table of Contents](#)

- executive benefits and perquisites.

Each year the Committee reviews and approves the merit salary increase budget, broad-based AIP, equity awards plan, perquisites and stock ownership guidelines and management sets the broad-based employee salary and benefits programs and budgets. The Committee bases these decisions on our business needs, best practice information, competitive market data and operating budget constraints.

The Committee reviews the business and individual performance of each executive officer and sets (1) the AIP award payouts for the prior year pursuant to the formulas previously established, (2) prospective base salary adjustments, (3) adjustments to target incentive award percentages of base salary and (4) the size and type of equity awards granted to each executive officer.

All Board members evaluate the CEO's individual performance on the following factors which we describe internally as: Leadership, Strategic Planning, Getting Results, External Relations, Internal Role Model, Building a Team and Interaction with the Board of Directors. The Committee's 2011 compensation decisions were based on its subjective evaluation of each executive's performance (including performance assessments by the CEO for the other executive officers), as well as our 2010 and 2011 achievements, all of which reflect the Named Executive Officers' individual performance. There is no formulaic or target-based assessment for such adjustments, but rather such determinations are based on the Committee's subjective assessments after consideration of management recommendations and benchmarking information. The subjective assessments represent the Committee's view of how the Named Executive Officer's performance contributed to our performance and achievements, as well as other leadership accomplishments, including the challenges associated with implementing health care reform.

These decisions are made as part of a unified process so that all components of pay are reviewed in concert with each other, and, as appropriate, decisions about one component can affect decisions regarding the other components of pay. This is intended to ensure that the Total Rewards package for the Named Executive Officers fits with our compensation objectives as described above.

The Committee does not have a specific policy for allocating the amount of compensation among the pay elements (base salary, annual incentive and equity grants), but seeks to apply a higher weighting to performance-based variable pay than to fixed pay. Each Named Executive Officer's total compensation opportunity is targeted to the level the Committee considers market competitive and reflective of individual performance.

When setting compensation for 2011, the Committee reviewed prior year compensation and compensation actions to compare year-over-year pay actions relative to year-over-year performance and internal equity factors (how the compensation of the particular executive relates to the other executives).

In February 2011, the Committee reviewed comprehensive tally sheets for each Named Executive Officer covering up to five years of Total Rewards data and realized equity, in addition to then current levels of unrealized vested and unvested equity. Tally sheets are only one of a number of information resources and tools made available to the Committee for its reference and use. Although tally sheets provide good background information for the Committee, the Committee did not base any specific awards for 2011 or any modifications to our compensation program on them. The Committee has reviewed historical realized pay for the CEO in comparison to realized pay amounts paid to CEOs among the direct peers as a component in assessing her competitive position. The Committee has not otherwise taken into account realized compensation in setting future compensation. The Committee does review unvested compensation in setting future compensation to determine its likely impact on retention of our executives.

Base Salary

Base salary provides competitive annual compensation that reflects the scope and nature of job responsibilities of our Named Executive Officers. The Committee grants merit-based salary increases to our

[Table of Contents](#)

Named Executive Officers based on the Committee's assessment of an individual's performance, whether the current salary is competitive compared to the median of the market relative to executives in comparable positions at comparator group companies, and our overall merit increase budget for the year. The Committee also grants promotional salary increases to recognize increased job responsibilities.

For 2011, our merit increase salary budget was 2.0% of base salary and our promotion and equity salary budget was an additional 0.5% of salary. Consistent with management's recommendation described earlier, and in connection with our broader efforts to reduce our general and administrative expenses, for 2011, the Committee did not increase the base salaries of the Named Executive Officers (as shown below) or of any other member of the executive leadership team.

Named Executive Officer	Salary as of 12/31/2010	Salary as of 12/31/2011	Percent Change
Ms. Braly	\$ 1,144,000	\$ 1,144,000	0.0%
Mr. DeVeydt	\$ 700,000	\$ 700,000	0.0%
Mr. Goulet	\$ 700,000	\$ 700,000	0.0%
Mr. Sassi	\$ 700,000	\$ 700,000	0.0%
Ms. Beer	\$ 600,000	\$ 600,000	0.0%

Annual Incentives (AIP)

Generally, all of our associates are eligible for performance-based incentives or sales incentives. AIP awards are earned to the extent we meet or exceed annual financial targets and strategic and individual performance goals. In excess of 21,000 associates, including all of our Named Executive Officers, participate in the AIP. This plan is designed to motivate and reward the successful completion of our annual performance goals. In excess of 13,000 front line associates and their supervisors participate in a performance-based quarterly incentive plan. This plan also includes a potential year-end profit sharing component that is tied to AIP results.

Each associate is eligible for a target award, denominated as a percentage of base salary paid during the year. The maximum award payable under the AIP is 200% of the target award. In setting the target award percentages for the Named Executive Officers, the Committee considers the competitive data in the comparator group studies (as described under "Determination of Compensation" beginning on page 42), individual performance evaluations and internal equity factors.

For 2011, consistent with management's recommendations described earlier, the Committee did not adjust award percentages for the Named Executive Officers or any other members of the executive leadership team. The table below sets forth the target bonuses as a percentage of base salary at year-end 2010 compared to year-end 2011 for each Named Executive Officer:

Named Executive Officer	Target Bonus as of 12/31/2010	Target Bonus as of 12/31/2011	Change
Ms. Braly	140%	140%	No change
Mr. DeVeydt	100%	100%	No change
Mr. Goulet	9.5%	9.5%	No change
Mr. Sassi	9.5%	9.5%	No change
Ms. Beer	80%	80%	No change

2011 AIP Awards

Each of the Named Executive Officers earned an AIP award for 2011 performance based on the achievement of results on the performance measures that were approved by the Committee. The Committee

[Table of Contents](#)

generally selects the performance measures based on our business strategy. The table below sets forth the AIP performance measures, the weight given to each measure, and the business objective or core value such measure is designed to achieve.

AIP Measure	Weight	Business Objectives; Core Values; Mission
Adjusted Consolidated Operating Gain	40%	Meet or exceed annual financial plans;

The Committee sets specific targets for the AIP performance measures based on goals set during our annual business planning process. The business plan is developed based on the business environment, which takes into consideration our performance relative to our direct peers. The AIP targets are set to be congruent with business plan targets.

The following table shows the calculation of the 2011 AIP awards applicable to each of the Named Executive Officers. The amounts paid to the Named Executive Officers for 2011 performance were approved by the Committee on March 1, 2012 and are set forth in the Summary Compensation Table on page 48.

- (3) Represents the results for Mr. Sassi based on the performance of the Consumer Business Unit.
- (4) A description of how individual performance is assessed by the Committee is shown under “Elements of Total Rewards—Overview” on page 34. The individual performance budget was funded at an award percentage of 110.70% to reflect the extent to which our adjusted consolidated operating gain results exceeded the business plan.

The Committee has the discretion to reduce AIP awards when it determines that such adjustments would be appropriate based on our interests and the interests of our shareholders.

Consolidated Operating Gain and Business Unit Operating Gain results are calculated as operating revenue less benefit expense, selling, general and administrative expense and cost of drugs. For purposes of AIP awards, these results are calculated on an adjusted, non-GAAP basis by the Committee to remove certain pre-established categorical amounts, which are often reported to the investment community and would generally not be included by the investment community in the determination of our financial results. The 2011 pre-established categories that were adjusted were reorganization costs, merger and acquisition costs and operating gains, New York and California rate payment reductions resulting from 2011 legislation, and operating gains from specific litigation settlements.

Equity Awards

The Committee granted equity awards on March 1, 2011 to coincide with the Committee’s Total Rewards review of our Named Executive Officers’ compensation. The date of the Committee meeting is set in advance and is the first business day of March every year. The Committee awarded stock options, performance share units, and time-based restricted stock units to more than 2,400 associates including the Named Executive Officers. These awards were granted to encourage retention, reward performance, promote a long-term business focus and align the interests of associates and shareholders.

For 2011, as described earlier, the Committee adjusted the equity award structure mix and performance share metrics for our executives, including our Named Executive Officers. The purpose of this change was to better position us to succeed in the marketplace by selecting performance measures that are key components of our profitable growth strategy, and by increasing the percentage of the total award that is tied to achievement of these measures. We shifted grant value from stock options to performance share units to increase the focus and alignment of pay with performance on these key components of our profitable growth strategy. The weightings below are based on the grant date fair value, calculated in accordance ASC 718.

Performance Share Units—Measures and Results

The performance measures for the 2011 performance share unit grants and the weight and purpose for each performance measure are as follows:

Measure and Metrics	Weight	Purpose
Membership: 2011 Monthly Medical Membership and a portion of Specialty Membership vs. Plan	33 1/3%	Lay the groundwork to win in the post-Healthcare Reform environment with the most competitive offering possible
SG&A Expenses: 2011 SG&A, calculated on a per-member per-month basis (PMPM) vs. Plan (Includes a portion of specialty members)	33 1/3%	Respond to Medical Loss Ratio limits by transforming and reducing our cost to serve our members
Earnings Per Share: 2011 Adjusted EPS vs. Plan	33 1/3%	Balance short and long-term return and investment; Serve our shareholders today in order to invest for tomorrow

The payout scale for each measure detailed above provided for a minimum award of 0% of the units granted, a target award of 100% of the units granted for achieving each business plan target and a maximum award of 150% of the units granted. The targets for each of these measures were based on our 2011 business plan, which was developed during our rigorous annual budgeting process.

On March 1, 2012, the Committee certified the results and based on the pre-set pay-out scales, the Committee determined that 150% of the performance share units were earned in 2011 for each measure:

Measure	Target	Actual	Award Percent	Weighting	Total Percent of Target
Monthly Membership	408,878,460	417,367,407	150.0%	33 1/3%	50.0%
Adjusted SG&A PMPM ⁽¹⁾	\$ 21.12	\$ 20.35	150.0%	33 1/3%	50.0%
Adjusted EPS ⁽²⁾	\$ 6.45	\$ 7.05	150.0%	33 1/3%	50.0%
Total					150.0%

⁽¹⁾ For purposes of performance share unit calculations, Adjusted SG&A, a non-GAAP financial measure, is defined to include quality improvement expenses that are classified on the income statement as claims expense, and exclude administrative expense for costs related to cost reimbursement businesses and accrued AIP expenses that are above or below pre-established targets. Additionally, SG&A results are adjusted for the same expense items as our AIP Operating Gain calculations described on page 38.

⁽²⁾ EPS is calculated on an adjusted, non-GAAP basis by the Committee to remove certain pre-established categorical amounts, which are often reported to the investment community and would generally not be included by the investment community in the determination of our financial results. The 2011 pre-established adjustments reflected decreases to reported EPS for net realized gains on investments and share repurchases in excess of amounts planned during the budgeting process, and increases to reported EPS for other than temporary impairment losses on investments, and the aggregate impact of the expense item adjustments in our AIP Operating Gain calculations described on page 38.

The adjustments to SG&A expense and to EPS did not change the earned award percentage; the payout would have been 150% without any adjustments.

The Committee has the discretion to reduce performance share unit awards when it determines that such adjustments would be appropriate based on our interests and the interests of our shareholders.

These earned performance share units are then subject to time-based vesting described below.

Performance Share Unit and Time-Based Restricted Stock Unit Vesting Schedule

The performance share units and restricted stock units granted on March 1, 2011 vest in three equal installments on each of March 1, 2012, December 10, 2012, and March 1, 2014. Performance share units and restricted stock units accrue cash dividend equivalents equal to the cash dividends paid to shareholders during the vesting period. These cash payments are distributed to the participants upon vesting, and are cancelled if the underlying units do not vest.

The second vesting will occur on December 10, 2012 instead of March 1, 2013 in order to obtain a federal income tax deduction in 2012 that would otherwise not be available in 2013 pursuant to recent tax law changes as described under “Tax Treatment of Compensation” on page 42. The Committee determined that the value of this tax deduction outweighed requiring an additional eighty days of service to secure vesting.

Stock Options

The stock option grant price was \$65.98 per share, the closing price of our common stock on the NYSE on March 1, 2011. The term of all stock options granted was seven years, with vesting in six equal semi-annual installments over the first three years. This vesting schedule has been in place since 2005. The purpose of providing vesting every six months is to stagger inducements for remaining with the Company over the course of any year. More specifically, incumbents must generally be employed on December 31st of each year to vest in their annual incentive payment and then must be employed on March 1st and September 1st for their stock option grants to vest.

Aggregate and Individual Grant Sizes

When determining the aggregate size of our equity awards, the Committee considers the impact of stock-based compensation expense and the share dilution run rate, in order to strike a balance between promoting our cost competitiveness and maintaining employee incentives at market-competitive levels.

In setting the total shares available for long-term equity awards to all participants for the period between March 1, 2011 and February 1, 2012, the Committee considered the impact of the ASC 718 expense on our income statement. As part of the 2011 budget process, the Committee approved a 9% reduction in the aggregate target ASC 718 expense of 2011 grants when compared with the aggregate target ASC 718 expense budgeted for the 2010 grants.

The Committee decreased the March 1, 2011 regular annual grant target award ranges for executives, including the Named Executive Officers, by 15% when compared with 2010. Our grant size guidelines provide for differentiation, and participant awards generally range from 66-2/3 percent to 133-1/3 percent of the target levels set for their particular positions.

The cost of equity awards granted to each Named Executive Officer is based upon position and job level, Company and individual performance, the importance of retaining the services of the executives and the potential for their performance to help us attain our long-term goals. In apportioning these equity awards, the Committee also considers competitive market data. The awards granted on March 1, 2011 to the Named Executive Officers shown below were all pursuant to and within the guidelines set forth above and were a part of the budgeted annual aggregate stock-based compensation cost.

⁽¹⁾ The grant date fair value is \$17.41 per share for stock options and \$65.98 for performance share units and restricted stock units.

⁽²⁾ In accordance with the applicable payout formulas, 150% of the performance share units were earned in 2011.

Broad-Based Employee Benefits

Our Named Executive Officers generally participate in the broad-based employee benefits programs under the same terms and conditions as other associates. These benefit offerings include a medical plan with higher associate contributions for more highly compensated associates such that in 2011, Named Executive Officers paid approximately 75% of the cost of the coverage, as compared with front line associates who generally paid between 5% and 25% of the cost of their coverage. Other broad-based employee benefits include a dental plan, disability benefits, wellness benefits, life and accidental death and dismemberment insurance, business travel accident insurance, the 401(k) Plan, retiree health care benefits, a cash balance pension plan for associates who meet age and service criteria, adoption assistance benefits, and paid time off for holidays, vacations, illnesses, bereavement leave, jury duty and military service.

Executive Benefits

Executives, including the Named Executive Officers, participate in a deferred compensation program that is subject to Section 409A of the Tax Code. Under this program, described on page 61, a participant may defer receipt of salary and annual incentive compensation and continue to receive pension and 401(k) Plan credits for compensation above Tax Code earnings limits. We offer this plan to provide executives with the same Company-paid retirement savings opportunities, denominated as a percent of salary, as the rest of the workforce is provided through the 401(k) Plan, and under the same terms and conditions as the underlying all-associate plans. Participants choose among a subset of the market-based investments provided to all associates in the 401(k) Plan, and their account balances increase or decrease in accordance with the performance of the selected investments.

Ms. Braly was a participant in the RightCHOICE Managed Care, Inc. Supplemental Executive Retirement Plan as described on page 62. This plan has been frozen since 2001, and there are no future benefit contributions or accruals to the plan. The present value of Ms. Braly's frozen accrued benefit under this plan was \$75,113 on December 31, 2011.

Perquisites

Executive perquisites are a small part of our competitive executive compensation package. We believe that our perquisite program enables our executive officers to focus on our business with minimal disruption. As described on page 49, we offer a limited set of perquisites to all Named Executive Officers. We do not provide

[Table of Contents](#)

Named Executive Officers with personal use of private aircraft, memberships in country clubs or automobile benefits, except as related to the enhanced safety and security benefits provided to Ms. Braly described in more detail in footnote 6 to the Summary Compensation Table.

Tax Treatment of Compensation

Section 162(m) of the Tax Code limits the amount a publicly-held corporation may deduct for compensation paid to the CEO and certain Named Executive Officers to \$1 million per year per executive, makes an exception for performance-based compensation and commissions, and excludes the compensation paid to former covered executives once they are no longer covered. AIP awards, performance share units, and stock options are granted under the shareholder approved WellPoint Incentive Compensation Plan (“Incentive Plan”) and administered by the Committee such that they are intended to qualify as performance-based compensation to permit us to obtain full tax deductibility pursuant to Section 162(m) of the Tax Code.

The Patient Protection and Affordable Care Act (PPACA) amended the Tax Code to add Section 162(m)(6) which limits the amount that certain health care insurers, including us, may deduct for tax years starting after 2012. Unlike Section 162(m) of the Tax Code, Section 162(m)(6) limits the tax deduction to \$500,000 per individual, and makes no exception for performance-based compensation or commissions. In addition, the limit applies to compensation, including deferred compensation, paid to all current and former employees and most independent contractors, not just to compensation paid to a narrow group of current top executives. The new rule is effective for employer tax years beginning after December 31, 2012. However, the \$500,000 limit includes any deferred compensation paid out after 2012 even if it was attributable to services performed for a covered health insurance provider in 2010, 2011 or 2012. As a result of this look-back rule, a portion of (1) restricted stock units and performance share units that were granted in 2011 and vest in 2014, (2) stock options exercised from 2011 grants, and (3) compensation that was deferred by executives in 2011 will not be eligible for future tax deductibility. As described under “Performance Share Unit and Time-Based Restricted Stock Unit Vesting Schedule,” the Committee set the vesting date for certain performance share units and restricted stock units to vest on December 10, 2012, a date on which most of this compensation will be tax deductible, rather than on March 1, 2013, when much of this compensation likely will not be tax deductible.

Section 409A of the Tax Code provides certain requirements for deferred compensation arrangements. Those requirements, among other things, limit flexibility with respect to the time and form of payment of deferred compensation. If a payment or award constitutes deferred compensation subject to Section 409A and the applicable requirements are not satisfied, the recipient could be subject to tax on the award and all other deferred compensation of the same type, and an additional 20% tax and interest at the underpayment rate plus 1%, at the time the legally binding right to the payment or award arises or, if later, when that right ceases to be subject to a substantial risk of forfeiture. Payments or awards under our plans and arrangements either are intended to not constitute “deferred compensation” for Section 409A purposes (and will thereby be exempt from Section 409A’s requirements) or, if they constitute “deferred compensation,” are intended to comply with the Section 409A statutory provisions and final regulations.

Determination of Compensation

Role of the Compensation Consultant

In May 2010, the Committee selected Semler Brossy Consulting Group, LLC (“Semler Brossy”) to act as its independent compensation consultant. The consultant reports directly to the Committee. The consultant reviews information provided to the Committee, develops its own recommendations with respect to CEO compensation decisions and provides advice to the Committee on the compensation decisions affecting all executive officers including the other Named Executive Officers. The consultant regularly participates in Committee meetings and reports on compensation trends and best practices, plan design and the reasonableness of individual compensation awards. The consultant attends Committee meetings and also has informal conversations with members of the Committee to determine compensation objectives. The consultant provides expert advice and

[Table of Contents](#)

guidance on the design and implementation of performance-based compensation programs that align with Company strategy, business and market characteristics, talent requirements, culture, management style, and performance and total rewards strategies. The Committee uses the consultant's recommendations as one of several factors in designing our executive compensation programs, reviewing and approving annual and long-term incentive plans and metrics, and making the compensation decisions affecting the CEO and other Named Executive Officers.

Role of Management

The Committee meets with our CEO at the beginning of each year to agree upon the CEO's performance objectives (both individual and Company) for the year. The Board also reviews these performance objectives. At the end of the year, the CEO provides to the Committee her self-assessment, and the Committee evaluates the CEO's performance based on her self-assessment and performance updates. The Committee meets in executive session to review the performance of the CEO based on her achievement of the agreed-upon objectives, contribution to our performance and other leadership accomplishments. The results of the evaluation by the Committee are an important metric in evaluating CEO performance. This evaluation is shared with the CEO and the compensation consultant and is used by the Committee in setting the CEO's compensation.

Our CEO and our other executive officers do not set their own compensation nor are they present when the Committee sets their specific individual compensation. Our CEO collects specific feedback from the Board with respect to the performance of our other executive officers, including our Named Executive Officers, provides their self evaluations and her own evaluations of the other executive officers' performance to the Committee, and makes recommendations with respect to base salary and target AIP adjustments, equity awards and the AIP individual performance award component for each executive officer. This recommendation is considered by the Committee, which makes its own ultimate determinations.

All Named Executive Officers participate in the annual and long-term business planning processes and in recommending to the Committee the AIP and performance share measures and targets that result from these processes. These measures and targets impact the compensation of the associates who participate in our AIP and who are granted performance shares.

Pay Positioning and Comparator Groups

The Committee has designed our executive compensation program to target total compensation (salary plus target AIP award plus long term equity grant cost on the date of grant) at the median for comparable positions in our comparator groups. Individuals new to their roles may be paid below median. High performing individuals who demonstrate superior performance over a long period of time may have pay positioned above the median of the compensation paid by the companies in the comparator groups.

In setting compensation, the Committee compares base salaries, annual incentive opportunities and long-term compensation for the Named Executive Officers to two distinct comparator groups. One group represents a sample of 49 similarly-sized companies from general industry, and the other group includes our six most direct health insurance competitors. We use two groups because many of our direct industry competitors are substantially smaller than us. The Committee determines which companies are in the comparator groups with the assistance of its consultant. Companies are selected on the basis of whether they compete with us in the executive labor market and whether they have comparable revenue.

[Table of Contents](#)

The Committee, with the assistance of Semler Brossy, set the comparator groups for 2011 as follows:

- (1) The Standard and Poor's 500 (the "S&P 500") 11th-60th largest companies ranked by 2009 revenue (the "S&P 11-60"). Our 2009 revenue was the 22nd largest of these 50 companies. The group is comprised of the following companies:

Aetna Inc.	The Goldman Sachs Group, Inc.	Pfizer Inc.
American International Group, Inc.	The Home Depot, Inc.	The Procter & Gamble Company
AmerisourceBergen Corporation	Intel Corporation	Prudential Financial, Inc.
Apple Inc.	International Business Machines Corporation	Safeway Inc.
Archer-Daniels-Midland Company	Johnson & Johnson	Sears Holdings Corporation
Berkshire Hathaway Inc.	Kraft Foods Inc.	SUPERVALU INC.
Best Buy Co., Inc.	The Kroger Co.	Sysco Corporation
The Boeing Company	Lockheed Martin Corporation	Target Corporation
Cardinal Health, Inc.	Lowe's Companies, Inc.	United Parcel Service, Inc.
Cisco Systems, Inc.	Marathon Oil Corporation	United Technologies Corporation
Citigroup Inc.	McKesson Corporation	UnitedHealth Group Incorporated
Comcast Corporation	Medco Health Solutions, Inc.	Valero Energy Corporation
Costco Wholesale Corporation	Metlife, Inc.	Verizon Communications Inc.
CVS Caremark Corporation	Microsoft Corporation	Walgreen Co.
Dell Inc.	Northrop Grumman Corporation	The Walt Disney Company
The Dow Chemical Company	PepsiCo, Inc.	Wells Fargo & Company
FedEx Corporation		

- (2) Our six largest direct health insurance peers, five of which are significantly smaller than us:

Aetna Inc.	Coventry Health Care, Inc.	Humana Inc.
CIGNA Corporation	Health Net, Inc.	UnitedHealth Group Incorporated

The Committee retained these two comparator groups for 2012. The S&P 500 11th-60th largest companies comparator group was updated to be ranked by 2010 revenue. As a result of this revenue update, JP Morgan Chase & Co., Merck & Co., Inc., Express Scripts, Inc., and Caterpillar Inc. were added to the group and Aetna Inc., Berkshire Hathaway Inc., Northrup Grumman Corporation, and Sysco Corporation were removed from the group. Our 2010 revenue was the 28th largest of these 50 companies.

In setting 2011 compensation, the Committee reviewed the available data from each of these comparator groups to better understand the practices of companies in our size category and our direct peers. The Committee relied more heavily on the data from the S&P 11-60, when available, because it represented practices of comparable organizations most similar in size to us.

Where possible, the data that was used to make compensation decisions in March 2011 was taken from surveys of 2010 compensation of our comparator groups prepared by third-party survey companies. In instances where a company listed above did not participate in the surveys or pay data was not available for a comparable position, the company was not included in the comparator group data for that position. In instances where our positions are structured in ways that do not match well with survey positions, we compare based on target annual compensation pay rank, as reported in the surveys.

We draw competitive compensation information from a number of nationally recognized surveys as well as public filings and disclosures to determine pay practices and levels of peers. The Committee's consultant either reviews or develops this information for the benefit of the Committee.

Competitive market data is only one of several resources made available to the Committee to assist it in setting executive compensation levels. The Committee does not use the market percentile described above as a formula to determine compensation or as a fixed target.

The Committee establishes an individual target opportunity for each Named Executive Officer based on the Committee's evaluation of the executive's experience, level and scope of responsibility, and individual

[Table of Contents](#)

performance. Actual cash compensation may be more or less than the target opportunity as a result of performance under the AIP. Realized compensation from our equity-based awards may be more or less than target opportunity as a result of Company performance relative to the performance share unit measures and our stock price performance.

The Committee reviews actual base salaries, as well as target and actual prior year annual incentive awards to compare total target and actual cash compensation. The Committee also reviews actual ASC 718 expense of the equity grants to compare long-term compensation, as well as the value of unvested equity awards held by the Named Executive Officers.

Comparison to S&P 11-60 Comparator Group

We compared the 2011 total target compensation of our Named Executive Officers with comparable positions at companies in the S&P 11-60 comparator group. The most recent survey data available for the comparator groups in preparing these tables was as of March 1, 2011. Comprehensive information from 2010 public filings was also available for comparable positions for Ms. Braly and Mr. DeVeydt. For purposes of this comparison, target total compensation for our Named Executive Officers includes base salary as of March 1, 2011, target 2011 AIP award amounts, the ASC 718 expense of 2011 equity awards and one-third of the ASC 718 expense of special equity awards received within three years of March 1, 2011. The total target compensation for Ms. Braly and Ms. Beer were each near the median of the comparable positions at companies in this comparator group. The target total compensation for Mr. Goulet and Mr. Sassi were each between the twenty-fifth percentile and the median of comparable positions at companies in this comparator group. The target total compensation for Mr. DeVeydt was between the median and the seventy-fifth percentile of the comparable position at companies in this comparator group.

Benefits and perquisites represent a small proportion of the Total Rewards program for our Named Executive Officers. The overall value of our broad-based employee benefits that were available to our Named Executive Officers in 2011 were below the median of the benefit packages offered by the companies in our S&P 11-60 comparator group and among our direct competitors.

Additional Compensation Policies

Stock Ownership Guidelines and Holding Requirements

We have stock ownership guidelines for all executives, including the Named Executive Officers. The ownership guideline is a multiple of the executive's base salary and the executive has five years to meet the guideline. In 2010, the Committee amended the program to restrict the sale of our stock for executive officers who have not met their ownership requirements. The stock ownership guideline is five (5) times base salary for Ms. Braly, and three (3) times base salary for the other Named Executive Officers. For the purposes of this program, all shares directly owned, unvested restricted shares and unvested earned performance share units are included in the calculation. Unexercised stock options are not included in the calculation. The Committee reviews the extent to which our executives have complied with the guidelines. All of our executive officers including our Named Executive Officers owned sufficient shares as of December 31, 2011 to meet their ownership guidelines, as follows:

Named Executive Officer	Number of Shares Beneficially Owned ⁽¹⁾	Value of Shares Beneficially Owned ⁽²⁾	Required Holding	Excess Holding	Actual Ownership Multiple Of Base Salary
Ms. Braly	499,468	\$ 33,089,755	\$ 5,720,000	\$ 27,369,755	28.9 X Salary
Mr. DeVeydt	121,786	\$ 8,068,323	\$ 2,100,000	\$ 5,968,323	11.5 X Salary
Mr. Goulet	85,453	\$ 5,661,261	\$ 2,100,000	\$ 3,561,261	8.1 X Salary
Mr. Sassi	113,119	\$ 7,494,134	\$ 2,100,000	\$ 5,394,134	10.7 X Salary

See “Board Equity Compensation and Stock Ownership Guidelines” on page 15 for a discussion of our directors’ stock ownership requirements.

Restrictions on Hedging

As part of the WellPoint, Inc. Statement of Company Policy Regarding Securities Transactions by Company Personnel, all associates, including our Named Executive Officers, are prohibited from conducting any transactions that would permit the individual to continue to own our stock without the full risks and rewards of ownership. Prohibited transactions include short sales, publicly traded options transactions, hedging transactions, including zero cost collars and prepaid forward contracts, and margin accounts and pledges involving our stock. Designated associates, including all Named Executive Officers, are also prohibited from engaging in transactions in our stock during the quarterly period commencing on the fifteenth day of the last month of each calendar quarter and ending two days after the release of quarterly earnings.

Recoupment Policy

We operate under a clawback/recoupment policy for incentive compensation. This policy provides that if we are required to restate our financial statements as a result of material noncompliance with a financial reporting requirement due to misconduct, the CEO, CFO and all other Section 16 officers (our executive officers and the Chief Accounting Officer) must repay any bonus or other incentive-based or equity-based compensation received during the 12 months after the inaccurate reporting, and any profits realized from the sale of stock during that 12-month period. The Board of Directors will determine, on a case by case basis, if it is in the best interest of the Company and our shareholders to pursue recoupment in individual cases.

Severance and Change in Control Arrangements

Our Named Executive Officers are entitled to severance upon termination without cause by us. Ms. Braly is eligible for these benefits pursuant to her employment agreement as described beginning on page 62. Messrs. DeVeydt, Goulet, and Sassi, and Ms. Beer are eligible for severance benefits pursuant to the Executive Agreement Plan as described beginning on page 64. We believe that a severance program is needed to attract and retain the executives that we need to achieve our business goals.

To be eligible for these benefits, executives generally agree to restrictive covenants including non-competition, non-solicitation of associates or customers, non-disparagement and confidentiality provisions which protect us from the competitive disadvantage that would result from losing executive talent to competitors. Additionally, in order to receive benefits, executives are generally required to release any prior claims against us.

Change in control severance benefits are subject to a double-trigger, which means that to receive such benefits there must be both: (1) a qualifying termination of employment and (2) termination occurring when a change of control is imminent or has occurred as detailed in the agreements described above and in “Compensation Plans—Employment Agreements” and “Compensation Plans—Other Executive Severance Arrangements.” As a result of changes approved in 2011, Ms. Braly’s employment agreement and the Executive Agreement Plan no longer provide for tax gross-up of any regular or excise taxes imposed on severance payments in connection with a change in control pursuant to Section 4999 of the Tax Code.

Assessment Of Compensation-Related Risks

In February 2012, several members of our management team, including our Chief Risk Officer, conducted an assessment of the risks related to or arising from our compensation policies and practices. The team reviewed and discussed the various design features and characteristics of our company-wide compensation policies and programs, as well as those at the business unit level, performance metrics at the Company and business unit levels and approval mechanisms of all Total Rewards programs for all associates, including salaries, incentive plans, sales incentives, stock options, performance share units and restricted stock units, to determine whether any of these policies or programs could create risks that are reasonably likely to have a material adverse effect on the Company. In its review and assessment, the team took into consideration the elements of our Total Rewards program for our senior executives including the performance measures used for the AIP, performance share unit awards and other incentive compensation arrangements and the elements of our compensation programs for our other employees.

In March 2012, the Compensation Committee reviewed and discussed the management team's risk assessment. As part of its review, the Compensation Committee also noted the following factors that reduce the likelihood of excessive risk-taking by executives:

- Our overall compensation levels are competitive with the market.
- Our compensation mix is balanced among (i) fixed components like salary and benefits, (ii) annual incentives that reward total Company financial performance, business unit financial performance, operational measures and individual performance, and (iii) a portfolio approach for stock awards with a balance among stock options, performance share units and time-based restricted stock units.
- A significant portion of our executive compensation is tied to how our stock price performs over a period of multiple years, with equity-based awards generally vesting evenly over three years and stock options having terms of seven years. This minimizes the benefit of a temporary spike in stock price.
- The Compensation Committee has expanded the recoupment policy required by the Sarbanes-Oxley Act of 2002 to cover all of our executive officers subject to Section 16 of the Exchange Act.
- The Compensation Committee has discretion to reduce performance-based awards when it determines that such adjustments would be appropriate based on our interests and the interests of our shareholders.
- Incentive programs use financial measures with sliding scales, with amounts interpolated for awards between \$0, target and maximum. Awards are capped at 200% of target for annual incentives and 150% of target for performance share units.

[Table of Contents](#)

- Payouts for the AIP and performance share units are based on results audited by the Internal Audit department.
- Executive officers are subject to Stock Ownership Guidelines, holding requirements and our prohibition on hedging.

Based on the assessment, the Compensation Committee determined that the any risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company.

- ⁽¹⁾ The amounts in this column reflect a relocation bonus awarded to Mr. Sassi in 2010 in lieu of reimbursement under our standard relocation assistance program. The amounts also include a discretionary bonus awarded to Mr. DeVeydt to recognize his increased job responsibilities in 2009.
- ⁽²⁾ The amounts in this column reflect the grant date fair value of stock awards issued during the respective fiscal years pursuant to our stock incentive plans (except disregarding the estimated forfeitures related to service-based vesting conditions) in accordance with ASC 718. Dividend equivalents on the stock awards are factored into the grant date fair value.
- The amounts in this column include the grant date fair values for time-based restricted stock units and performance share units. The grant date fair value for the performance share units was computed based on the target level of performance being achieved. Based on our actual adjusted consolidated operating gain performance, the target number of performance share units granted to our Named Executive Officers was multiplied by a performance factor of 94.41% for 2009, 150% for 2010 and 150% for 2011. The table below

[Table of Contents](#)

sets forth the grant date fair value of the restricted stock units granted in 2011 and the performance share units granted in 2011 at the target level of performance, the maximum level of performance and the actual level of performance:

<u>Name</u>	<u>Restricted Stock</u> <u>Units Granted</u>	<u>Performance</u> <u>Share</u>	<u>Performance</u> <u>Share</u>	<u>Performance</u> <u>Share</u>
	<u>March 1, 2011</u>	<u>Units – Target</u>	<u>Units – Maximum</u>	<u>Units – Actual</u>
Angela F. Braly	\$ 3,000,045	\$4,999,964	\$ 7,499,947	\$ 7,499,947
Wayne S. DeVeydt	\$ 690,019	\$ 1,150,031	\$ 1,725,047	\$ 1,725,047
Kenneth R. Goulet	\$ 600,022	\$ 999,993	\$ 1,499,989	\$1,499,989

Lori A. Beer	\$ 426,033	\$ 710,011	\$ 1,065,049	\$ 1,065,049

(3) The amounts in this column reflect the grant date fair value of stock option awards issued during the respective fiscal years pursuant to our stock incentive plans (except disregarding the estimated forfeitures related to service-based vesting conditions) in accordance with ASC 718.

The assumptions used in the calculation of the grant date fair value of the options were as follows:

<u>Awards Granted In</u>	<u>Dividend Yield</u>	<u>Volatility</u>	<u>Expected Life</u>	<u>Risk-Free Interest</u> <u>Rate</u>
2011	1.50%	34.00%	4.0 years	2.84%
2010	0.00%	34.00%	4.0 years	3.09%
2009	0.00%	37.00%	4.0 years	1.79%

(4) The amounts in this column represent cash AIP awards earned during the reported year which were paid in the following year. Based on a combination of Company, business unit and individual performance, the awards earned as a percentage of their respective target awards for 2011 (and paid in 2012) were 116.04% for Ms. Braly, 117.75% for Mr. DeVeydt, 136.88% for Mr. Goulet, 63.03% for Mr. Sassi, and 126.08% for Ms. Beer.

(5) The amounts in this column reflect the increase in the actuarial present value of the Named Executive Officer's benefits under all pension plans established by us from such pension plans' applicable measurement date used for financial statement reporting purposes with respect to our audited financial statements. These amounts were determined using discount rate, lump sum interest rate, post-retirement mortality rate and payment distribution assumptions consistent with those used in our financial statements and include amounts which the Named Executive Officers may not currently be entitled to receive because such amounts are not vested. We do not provide any above market returns on deferred compensation so no deferred compensation earnings are included.

(6) The amounts in this column for 2011 include cash as part of the WellPoint Directed Executive Compensation Plan ("DEC"), as described under "Compensation Plans—WellPoint Directed Executive Compensation Plan," and the cost of an executive physical for those who chose to have an executive physical this year, as detailed in the following table:

<u>Name</u>	<u>DEC Cash</u>	<u>Executive</u> <u>Physical</u>
Angela F. Braly	\$54,000	\$ 0
Wayne S. DeVeydt	\$ 30,000	\$ 0
Kenneth R. Goulet	\$ 30,000	\$1,900
Brian A. Sassi	\$ 30,000	\$ 0
Lori A. Beer	\$ 30,000	\$ 0

The amounts shown above as "DEC Cash" are the amounts of cash actually paid to the Named Executive Officer as cash credits under the DEC program in 2011. The executive physical amounts are the actual amounts paid to each provider of the benefits in 2011. The remaining perquisites and personal benefits received by the Named Executive Officers included in this column for 2011 consist of:

- In light of concerns regarding the safety of Ms. Braly and her family as a result of the national health care debate, we provided Ms. Braly with additional security, including personal security during travel. We incurred expenses of \$7,939 for these security measures in 2011.

[Table of Contents](#)

- Ms. Braly occasionally had family members accompany her on business travel on the fractional share aircraft at no additional incremental cost to us.
- Mr. Sassi received a non-taxable reimbursement for moving expenses of \$3,134, in accordance with our standard relocation assistance program.

The amounts in this column also include matching contributions made by us under the applicable 401(k) Plan and deferred compensation plan in 2011. These amounts are detailed in the following table:

<u>Name</u>	<u>401(k) Match</u>	<u>Deferred Comp Match</u>
Angela F. Braly	\$ 9,800	\$ 144,540
Wayne S. DeVeydt	\$ 9,800	\$ 65,656
Kenneth R. Goulet	\$ 9,800	\$ 68,487
Brian A. Sassi	\$ 9,800	\$ 52,905
Lori A. Beer	\$ 9,800	\$ 41,057

(7) Mr. Sassi left the Company in March 2012.

(1) These columns show the range of payouts targeted for 2011 performance under the AIP. The cash payouts for 2011 performance were made in March 2012 and are shown in the Summary Compensation Table in the column titled “Non-Equity Incentive Plan Compensation.” The plan includes various measures of our performance, which each have a different weight and an independent threshold performance level. For corporate operating gain, which is weighted at 40%, there is a payout from 0% to 100% for performance between the threshold and target level and up to 225% for maximum performance. For business unit operating gain, which is weighted at 30%, there is a payout from 0% to 100% for performance between the threshold and target level and up to 200% for maximum performance. For individual performance, weighted at 20%, there is a payout at target for threshold performance and up to 200% if maximum performance is achieved on the corporate operating gain scale. For two measures each weighted 5%, there is no payment for performance below the target. If there is no payment on one or more measures, a payment can still be earned based on

[Table of Contents](#)

performance against the other measures. The amounts included under “Threshold” reflect the amounts that would be paid under the AIP if target performance was achieved for one of the measures weighted 5% but no payouts were earned under any of the other performance measures. The maximum total payment under the AIP is 200% of target.

- (2) All options were granted at an exercise price equal to the fair market value based on the closing price of our common stock on the NYSE on the date of grant.
- (3) The grant date fair value of these awards was calculated in accordance with ASC 718. There is no assurance that the value realized by an executive, if any, will be at or near the amounts shown in this column.
- (4) Represents the performance share units granted to each Named Executive Officer under the Incentive Plan. The final number of shares received depends on our performance versus our performance goals, as detailed in the Compensation Discussion and Analysis under “Elements of Total Rewards—Performance Share Units—Measures and Results” on page 39. The final number of shares will be from 0% to 100% of target for performance between the threshold and target level and up to 150% of target for maximum performance. The Compensation Committee determined that the corporate operating gain achieved was over 103% of the maximum performance goal. Therefore, the number of performance share units granted was multiplied by 150% to calculate the final shares issued. Consequently, the number of performance share units issued was 113,670 for Ms. Braly, 26,145 for Mr. DeVeydt, 22,734 for Mr. Goulet, 20,121 for Mr. Sassi, and 16,142 for Ms. Beer. These shares vest in equal installments on March 1, 2012, December 10, 2012 and March 1, 2014. The second vesting was accelerated from March 1, 2013 to December 10, 2012 to obtain a federal income tax deduction for 2012 that would otherwise not be available in 2013 pursuant to recent tax law changes.
- (5) Represents the number of restricted stock units granted to each Named Executive Officer on March 1, 2011 under the Incentive Plan. These shares vest in equal installments on March 1, 2012, December 10, 2012 and March 1, 2014. The second vesting was accelerated from March 1, 2013 to December 10, 2012 to obtain a federal income tax deduction in 2012 that would otherwise not be available in 2013 pursuant to recent tax law changes.
- (6) Represents the number of stock options granted to each Named Executive Officer as an annual grant under the Incentive Plan. These shares vest in equal semi-annual installments on September 1, 2011, March 1, 2012, September 1, 2012, March 1, 2013, September 1, 2013 and March 1, 2014.

(2) The amounts in the “Equity Incentive Plan Awards: Number of Unearned Shares, Units or Other Rights That Have Not Vested” column represent the target number of performance share units granted to our Named Executive Officers in 2011. The final number of shares earned depended on our performance versus our performance goals, as detailed in the Compensation Discussion and Analysis under “Elements of Total Rewards—Performance Share Units—Measures and Results” on page 39. As discussed in footnote 4 to the Grants of Plan Based Awards table, the Compensation Committee determined that the corporate operating gain achieved resulted in performance share units being earned at 150% of target. Therefore, the number of performance share units granted was multiplied by 150% to calculate the actual performance share units earned.

The table below shows the vesting dates for the number of shares of common stock underlying unvested restricted stock units and unvested performance share units earned in 2009 and 2010 reflected in the “Number of Shares or Units of Stock That Have Not Vested” column, as well as the vesting dates for the actual performance share units earned in 2011, as described above.

Pension Benefits

The table below shows the present value of accumulated benefits payable to each of our Named Executive Officers, including the number of years of service credited to each such Named Executive Officer, under each of the specified plans, computed as of December 30, 2011, the same pension plan measurement date used for financial reporting purposes with respect to our 2011 audited financial statements. Information regarding the specified plans can be found under the heading “Compensation Plans” beginning on page 58.

⁽²⁾ The Named Executive Officers’ years of actual service are greater than the credited service because the predecessor plans were frozen for certain participants. There is no resulting increase in benefits because the Named Executive Officers did not meet the Rule of 65. The Rule of 65 is described in “Compensation Plans—WellPoint Cash Balance Pension Plan.”

⁽³⁾ The present value of the accumulated benefit is the sum of the frozen benefit earned under the prior Blue Cross and Blue Shield of Missouri Retirement Program plus the frozen benefit earned under the WellPoint Cash Balance Pension Plan.

Potential Payments Upon Termination or Change in Control

The following table describes the potential additional payments and benefits under our compensation and benefit plans and arrangements to which the Named Executive Officers would be entitled upon a termination of employment. The Named Executive Officers would also be entitled to vested benefits and generally available benefits under our various plans and arrangements, as discussed after the following table. The following includes the various types of circumstances that would trigger payments and benefits under plans, agreements and arrangements currently in effect, but it is always possible that different arrangements could be negotiated in connection with an actual termination of employment or change in control. Further, the amounts shown are estimates and are based on numerous assumptions, including that employment terminated on December 30, 2011 (i.e., the last business day in 2011 on which securities were traded on the NYSE). Therefore, the actual amounts of the payments and benefits that would be received by the Named Executive Officers could be more or less than the amounts set forth below, and can only be determined at the time of an actual termination of employment event.

(1) For all Named Executive Officers, all unvested equity awards vest immediately upon termination following a change in control or due to death or long-term disability. Upon an eligible retirement, unvested equity awards generally continue to vest on the existing vesting schedule. Unvested equity for special grants, such as the December 1, 2010 grants to Mr. Sassi and Ms. Beer, would be cancelled upon retirement. None of the Named Executive Officers is currently retirement eligible. The amounts in this column represent: (1) for stock option awards, the amount that could be realized from the exercise of all stock options held by the Named Executive Officer that would immediately vest or continue to vest upon the indicated termination, which is calculated by subtracting the exercise price of the option from the market price of a share of our common stock on December 30, 2011, and multiplying the result by the total number of shares that could be acquired on exercise at that exercise price, and (2) for restricted stock units and performance share units, the value of the unvested units held by the Named Executive Officer that would vest upon the indicated termination, which is calculated by multiplying the number of such shares or units by the market price of a share of our common stock on December 30, 2011.

(2) Estimate based on the average Company cost per employee for these coverages.

(3) Represents outplacement services available under our policy.

(4) These amounts apply to a termination following a change in control that is a company initiated termination not for cause, or a good reason termination by the employee, as defined in our Executive Agreement Plan. Executive is a participant in the Executive Agreement Plan or, in the case of Ms. Braly, has an employment agreement, which provides the following benefits for this termination event: (1) a severance benefit of 300% of base salary plus target AIP award, (2) a payment equal to 4% of this amount to cover the value of the Company match under the 401(k) Plan and supplemental plan on this payment, (3) an annual AIP award equal to the greater of the annual target AIP award or AIP award earned under the normal terms of the AIP plan for the year, (4) a payment equal to 300% of the annual value of executive benefits, and (5) a three year continuation of health and life insurance coverage. This amount does not include any payment that would

have been made as a tax gross-up if the triggering event had occurred as of December 31, 2011, as the tax gross-up benefit was eliminated effective March 1, 2012 and no triggering event occurred between December 31, 2011 and the date the benefit was eliminated.

- (5) Executive is a participant in the Executive Agreement Plan or, in the case of Ms. Braly, has an employment agreement, which provides the following benefits for this termination event: (1) a severance benefit of 200% of salary plus target AIP award, (2) a payment equal to 200% of the annual value of executive benefits, (3) a two year continuation of health and life insurance coverage, and (4) for Ms. Braly only, a payment equal to 4% of the severance benefit to cover the value of the Company match under the 401(k) Plan and supplemental plan on this payment.
- (6) These executives are not retirement eligible.

The Named Executive Officers would also be entitled to the vested benefits included in the Outstanding Equity Awards at Fiscal Year-End table, the Nonqualified Deferred Compensation table and the Pension Benefits table. In addition, the amounts shown in the table above do not include payments and benefits to the extent they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment. These include accrued salary and vacation pay, health benefits and distribution of account balances under the 401(k) Plan.

COMPENSATION PLANS

Annual Incentive Plan

Under the Annual Incentive Plan (the "AIP"), participants are eligible to receive awards of cash or shares of restricted stock based upon the achievement of performance measures established by the Compensation Committee. Such awards are stated as a percentage of earnings payable to the eligible associates, with a range of targets from 5% to 140%. The Committee retains the discretion to adjust these earned awards to reflect individual performance. The maximum award is 200% of target. In 2011, the amounts earned by our Named Executive Officers under the AIP were paid in cash under the WellPoint Incentive Compensation Plan (the "Incentive Plan"). Amounts payable under the AIP are paid during the year immediately following the performance year and are payable only upon approval of the Compensation Committee. Participants must have been employed on or before October 1st of the performance year in order to receive a payment under the AIP. Also, participants must have been actively employed by us on the last business day of the plan year to receive an award. In the event a non-executive participant is part of a reduction in force in the fourth quarter of the year, or in the event of a death, qualified retirement or an approved disability of a participant during a plan year, a prorated amount may be payable.

WellPoint Incentive Compensation Plan

In May 2009, shareholders approved the amended and restated Incentive Plan, which plan was formally known as the WellPoint 2006 Incentive Compensation Plan (the "2006 Stock Plan"). The 2006 Stock Plan was approved by our shareholders in May 2006. The Incentive Plan gives the authority to the Compensation Committee to make incentive awards consisting of stock options, stock, restricted stock, restricted stock units, cash-based awards, stock appreciation rights, performance shares and performance units. The Compensation Committee selects the participants from our non-employee directors, employees and consultants and determines whether to grant incentive awards, the types of incentive awards to grant and any requirements and restrictions relating to incentive awards. The Compensation Committee is also authorized to grant shares of restricted and unrestricted common stock in lieu of obligations to pay cash under other plans and compensatory arrangements, including the AIP.

The Incentive Plan reserved for issuance for incentive awards to non-employee directors, employees and consultants 60,068,344 shares of our common stock, plus any additional shares of our common stock subject to

outstanding options or other awards under the 2006 Stock Plan or the Anthem 2001 Stock Incentive Plan (the “2001 Plan”) that expired, were forfeited or otherwise terminated unexercised on or after May 19, 2009 and May 16, 2006, respectively. From and after May 19, 2009, no further grants or awards were made under the 2006 Stock Plan.

Anthem 2001 Stock Incentive Plan

The 2001 Plan was approved by our shareholders in May 2003 and gives the Compensation Committee the authority to make incentive awards consisting of stock options, restricted stock and restricted stock units to our directors, executives and associates. The Compensation Committee was also authorized to grant shares of restricted and unrestricted common stock in lieu of obligations to pay cash under other plans and compensatory arrangements, including the AIP. From and after May 16, 2006, no further grants or awards were made under the 2001 Plan.

WHN Stock Incentive Plans

The WellPoint Health Networks Inc. 1999 Stock Incentive Plan (the “1999 Plan”) was approved by WHN’s stockholders in May 1999. Under the 1999 Plan, employees of WHN and its subsidiaries received equity-based compensation, including restricted stock and stock options. At the time of our merger with WHN, WHN employees and directors also had stock options outstanding under (1) the WellPoint Health Networks Inc. 2000 Stock Option Plan; (2) the RightCHOICE Managed Care, Inc. 2001 Stock Incentive Plan, the RightCHOICE Managed Care, Inc. 1994 Equity Incentive Plan and the RightCHOICE Managed Care, Inc. Nonemployee Directors’ Stock Option Plan, which were assumed by WHN in connection with WHN’s merger with RightCHOICE Managed Care, Inc. in 2002; and (3) the Cobalt Corporation Equity Incentive Plan, which was assumed by WHN in connection with WHN’s merger with Cobalt Corporation in 2003 (the plans described in clauses (1), (2) and (3) are collectively referred to as the “WHN Plans”). Pursuant to the merger agreement between WHN and us, all equity awards for WHN common stock outstanding at the close of the merger were converted into equity awards for our common stock and were assumed by us. No new equity awards can be made under the 1999 Plan or the WHN Plans.

Employee Stock Purchase Plan

In May 2009, shareholders approved the amended and restated Employee Stock Purchase Plan (the “Stock Purchase Plan”) which was intended to comply with Section 423 of the Tax Code and provided a means by which to encourage and assist associates in acquiring a stock ownership interest in us. The Stock Purchase Plan is administered by the Compensation Committee and amends and restates a previously approved employee stock purchase plan. The Compensation Committee has complete discretion to interpret and administer the Stock Purchase Plan and the rights granted under it and determines the terms of each offering that permits purchases of our common stock. Any of our associates were eligible to participate, as long as the associate does not own stock totaling 5% or more of our voting power or value. No associate was permitted to purchase more than \$25,000 worth of stock in any calendar year, determined in accordance with Section 423 of the Tax Code. Based on the current terms of the Stock Purchase Plan, this value is determined based on the fair market value of the stock on the last trading day of each plan offering period. The Stock Purchase Plan reserved 14,000,000 shares of stock for issuance and purchase by associates.

The Stock Purchase Plan was suspended in 2011 in connection with our broader efforts to reduce our general and administrative expenses.

WellPoint Directed Executive Compensation Plan

The WellPoint Directed Executive Compensation Plan (the “DEC”) is a plan that provides our officers with flexibility to tailor certain personal benefits or perquisites to meet their needs using cash credits. The amount of cash credits the executive receives is based upon his or her position with us, with the President and Chief Executive Officer receiving \$54,000 per year in cash credits, executive vice presidents receiving \$30,000 per year in cash credits and senior vice presidents receiving \$18,000 per year in cash credits. Cash credits under the DEC are paid to the executive in cash and are in lieu of executive perquisites such as the following: automobile-related benefits, first class air travel, airline clubs, savings or retirement accounts and additional life insurance or long-term disability insurance.

Newly hired or promoted executives will participate in the program at the beginning of the month following their hire date or the effective date of their promotion and receive a prorated amount of credits for the year.

WellPoint, Inc. Executive Salary Continuation Plan

We maintain the WellPoint, Inc. Executive Salary Continuation Plan for vice presidents, senior vice presidents, and executive vice presidents. Salary continuation is provided at no cost to the executive and pays a benefit equal to 100% of base salary and is payable on the eighth consecutive calendar day of a covered disability, for up to 180 days.

WellPoint 401(k) Retirement Savings Plan

We maintain the WellPoint 401(k) Retirement Savings Plan (“401(k) Plan”). The 401(k) Plan is sponsored by ATH Holding Company, LLC and is designed to provide all of our associates with a tax-deferred, long-term savings vehicle. During 2011, we made matching contributions in an amount equal to 100% of the first 3% and 50% of the next 2% of an associate’s eligible earnings that he or she contributed. Annual earnings for executives is base salary, AIP cash awards and cash bonuses. Our matching contributions begin following one year of service. None of our matching contributions is in the form of our common stock. During 2011, associates could contribute 1% to 60% of his or her base salary and AIP cash award. In addition, participants who are age 50 by the end of a plan year can contribute an additional amount (a “catch-up contribution”), up to the limit described in Section 414(v) of the Tax Code as in effect for the plan year in which the contribution is made. We offered 25 investment funds for participants to invest their contributions. Our common stock is an investment option under the 401(k) Plan. Another investment option is the Vanguard Brokerage Option, which offers 401(k) Plan participants the opportunity to invest in over 2,600 mutual funds of their choice. A participant in the 401(k) Plan can change his or her election at any time (24 hours a day, seven days a week). A participant can also change how he or she wants his or her future contributions and earning on those contributions invested in multiples of 1%, and can transfer or reallocate current investments in multiples of 1% or in flat dollar amounts. Associate contributions and our matching contributions vest immediately.

WellPoint, Inc. Comprehensive Non-Qualified Deferred Compensation Plan

Eligible executive participants begin participation in the WellPoint, Inc. Comprehensive Non-Qualified Deferred Compensation Plan (the “Deferred Compensation Plan”) once the participant reaches the maximum contribution amount for the 401(k) Plan. An eligible executive participant may defer a percentage not to exceed 60% of his or her eligible earnings and may defer a percentage of his or her award under the AIP, but only to the extent that his or her aggregate base salary and AIP award deferral does not exceed 80% of his or her compensation, into the Deferred Compensation Plan. Those contributions are matched by us at the same rate as they would have been in the 401(k) Plan. The annual incentive deferral option allows an additional deferral of amounts under the AIP and is matched at the same rate as the rate for the 401(k) Plan.

Non-executive eligibility for participation is determined annually by reviewing prior compensation. Eligible non-executive participants begin participation in the Deferred Compensation Plan once their compensation exceeds the limit established by Section 401(a)(17) of the Tax Code. An eligible non-executive participant can defer a percentage not to exceed 5% of such participant’s base salary to the Deferred Compensation Plan, and these contributions are matched at the same rate as they would have been in the 401(k) Plan.

Investment options for the Deferred Compensation Plan mirror those for the 401(k) Plan other than our common stock and the Vanguard Brokerage Option are not available investment options. The frequency and manner of changing investment options also mirrors the 401(k) Plan.

The Deferred Compensation Plan includes a supplemental pension benefit contribution program which in general credits eligible participants quarterly with a contribution equal to the difference between the amount which was actually credited to his or her account under the WellPoint Cash Balance Pension Plan (the “Pension Plan”) and the amount which would have been credited to his or her account had the amount not been limited as a result of Section 401(a)(17) or Section 415 of the Tax Code. None of the Named Executive Officers received contributions under either the Pension Plan or the supplemental pension provision of the Deferred Compensation Plan.

Account balances in the Deferred Compensation Plan are payable at the election of the participant in a single lump sum or installments.

WellPoint Cash Balance Pension Plan

We maintain the Pension Plan, which continues to be sponsored by ATH Holding Company, LLC. It is a non-contributory pension plan for certain associates that is qualified under Section 401(a) of the Tax Code and is

[Table of Contents](#)

subject to the Employee Retirement Income Security Act. On January 1, 1997, we converted the Pension Plan from a final average compensation pension plan into a cash balance pension plan. The Pension Plan covered substantially all full-time, part-time and temporary associates, including executive officers, and provides a set benefit at age 65, the normal retirement age under the Pension Plan. Effective January 1, 2006, the Pension Plan was a frozen pension plan that applies only to participants who were active as of that date. Upon the freeze of the Pension Plan, participants who were active Pension Plan participants and accruing a benefit under the Pension Plan formula, and the sum of whose age (in complete years) and years of service as defined by the Pension Plan (in complete years) equaled or exceeded 65 ("Rule of 65 Participants"), including executives, were eligible to continue to accrue benefits under the Pension Plan formula. None of the Named Executive Officers is a Rule of 65 Participant. Effective January 1, 2011, the Pension Plan was entirely frozen and the Rule of 65 Participants were spun out into a new plan, the WellPoint Cash Balance Pension Plan B. Effective January 1, 2012, the Pension Plan will be renamed the WellPoint Cash Balance Pension Plan A.

Under the Pension Plan, at the end of each calendar quarter, a bookkeeping account for each participant is credited with interest based on the average of the monthly yields for 10-year U.S. Treasury Security Constant Maturities for the 12-month period ending on September 30 of the preceding plan year but not lower than 3.85%. Account balances are payable in a single lump sum or an actuarially equivalent annuity commencing on the first of any month following termination of employment.

RightCHOICE Managed Care, Inc. Supplemental Executive Retirement Plan

Ms. Braly also has a supplemental pension plan benefit in the RightCHOICE Managed Care, Inc. Supplemental Executive Retirement Plan ("RightCHOICE Restorative Plan") which we assumed when we acquired RightCHOICE Managed Care, Inc. The RightCHOICE Restorative Plan is not tax qualified. The purpose of this plan was to replace pension benefits which were lost through the non-contributory retirement program for certain employees of Blue Cross and Blue Shield of Missouri (the "BCBSMO Retirement Program") because of the limitations on benefits and compensation for highly compensated employees by the Tax Code. The BCBSMO Retirement Program merged into the Pension Plan in April 2002. Ms. Braly's RightCHOICE Restorative Plan benefit was calculated according to the provisions of the RightCHOICE Restorative Plan when it froze on April 30, 2002 and will be subject to the same actuarial reductions for early payout as the benefit Ms. Braly earned under the BCBSMO Retirement Program. Once eligible, Ms. Braly's RightCHOICE Restorative Plan benefit will be paid in the form of a reduced joint and contingent benefit.

Employment Agreements

Angela F. Braly

In February 2007, we entered into an employment agreement with Ms. Braly in connection with her promotion to the positions of President and Chief Executive Officer, effective June 1, 2007. On March 1, 2010, she was appointed to the additional office of Chair of the Board. The agreement had an initial term of three years and will be extended thereafter until one year from notice of non-renewal by either party. On December 2, 2008, we entered into an amendment to the employment agreement with Ms. Braly in order for the employment agreement to be compliant with Section 409A of the Tax Code, and on March 8, 2011, we entered into an amendment to the employment agreement with Ms. Braly to eliminate the gross-up payments to cover excise taxes.

During the term of her employment agreement, Ms. Braly receives an annual base salary of \$1,100,000 and an annual incentive bonus opportunity for each calendar year that ends during the term (with a minimum target bonus equal to 120% of her base salary) based upon the achievement of objective performance criteria, and on terms and conditions no less favorable than for other executives generally. Base salary is subject to review for increase (and decrease if we institute a salary reduction generally and ratably applicable to substantially all of our senior executives) by our Board or Compensation Committee. Target incentive bonus opportunity is subject to

[Table of Contents](#)

review for increase (but not decrease below 120%) by our Board or Compensation Committee. See “Compensation of Executive Officers—Compensation Discussion and Analysis.” She also receives an annual incentive equity grant commensurate with her position, performance and competitive practice, as determined by the Board or Compensation Committee. During the term of her employment agreement, Ms. Braly is also entitled to participate in the employee benefit plans provided to our other senior executives and to the use of fractional share aircraft in accordance with our policies.

Ms. Braly’s employment will terminate upon her death, disability (as defined in the employment agreement), termination by us with or without cause, or termination by her for “good reason” (as defined below). In the event of a termination of Ms. Braly’s employment by us, other than for cause, or by Ms. Braly for good reason, she will receive, subject to execution of a waiver and release of claims in favor of us, (1) a severance benefit in an amount equal to two times the sum of her annual base salary plus her target annual incentive, paid in periodic installments over two years; (2) a pro-rata bonus for the year of termination and cash payments equivalent to our tax-qualified retirement and supplemental retirement plan contributions for the severance period; (3) continued coverage for Ms. Braly and her eligible dependents in all of our employee health, medical, hospital and life insurance plans, programs or arrangements for the period she is receiving a severance benefit; (4) the continuation of the DEC cash credits for the period she is receiving a severance benefit; (5) the continuation of financial planning services, if provided to other executives, for the period she is receiving a severance benefit; and (6) outplacement counseling for a period not to exceed six months following termination of employment.

Under the terms of the employment agreement, Ms. Braly could be terminated for “cause” for any act or failure to act on her part which constitutes (1) fraud, embezzlement, theft or dishonesty against us, (2) gross misconduct materially damaging or materially detrimental to us, (3) conviction of any felony, (4) any willful material breach of the agreement, (5) willful material breach of any written employment policy if grounds for immediate termination under the terms of such written employment policy, or (6) conduct which brings us into substantial public disgrace or disrepute done willfully by her. Ms. Braly could terminate her employment with us for “good reason” under the employment agreement if there occurs: (1) a reduction in her annual total cash compensation (including base salary and target annual incentive) of more than ten percent, unless such reduction is applied equally and proportionally to substantially all management employees, (2) a material adverse change without her prior consent in her position, duties, or responsibilities, (3) a change in her principal work location to a location more than fifty miles from her prior work location and more than fifty miles from her principal residence, (4) a requirement that she spend an average of two or more days per week at a work location other than her prior principal place of employment if the average ground commute to such new work location is longer than two hours, (5) the failure of any successor of ours to promptly assume and continue our obligations under the agreement, or (6) any other material breach of the agreement by us.

In addition, after a change in control, in the event that Ms. Braly’s employment is terminated by us other than for cause or by Ms. Braly for good reason, all outstanding stock options, stock appreciation rights, restricted stock and other equity awards that were granted to her at any time will be fully vested and non-forfeitable and the value of any performance-based shares for which the performance measures have not been determined will be paid to her in cash within thirty days following the termination of employment. Further, the annual bonus of Ms. Braly for the year of a change in control is guaranteed to be the greater of her target bonus for that year or the amount earned under the bonus plan formula.

Ms. Braly has agreed that during her employment and for 18 months following her termination of employment for any reason she will not (1) seek or obtain certain positions, or engage in certain activities, that are competitive with us; (2) solicit or hire, or attempt to solicit or hire, our employees or certain persons actively recruited by us; or (3) solicit business from certain of our clients or potential clients. She has also agreed that during her employment and indefinitely following her termination of employment for any reason, she will preserve our confidences, and not disparage us, and during her employment and for 18 months thereafter she will cooperate with us. In the event of a material and willful violation by Ms. Braly of such covenants, and in addition

[Table of Contents](#)

to equitable relief for us in such event, she will forfeit the severance benefit payable upon a termination of her employment by us without cause or by her for good reason, if applicable, and equity awards or certain gains from such awards granted after the effective date of the employment agreement. We may offset our obligations under the employment agreement by the actual damages from breach of such covenants or certain other claims against Ms. Braly.

Other Executive Severance Arrangements

WellPoint, Inc. Executive Agreement Plan

The WellPoint, Inc. Executive Agreement Plan (the “Executive Agreement Plan”) is intended to protect our key executive employees and key employees of our subsidiaries and affiliates against an involuntary loss of employment (without cause) so as to attract and retain such employees and to motivate them to enhance our value. The Executive Agreement Plan is administered by a committee appointed by our Chief Executive Officer.

Our key executive employees and key employees of our subsidiaries and affiliates, including each vice president, senior vice president, executive vice president and any other key executive selected by our Chief Executive Officer, are eligible to participate in the Executive Agreement Plan. An eligible executive will only become a participant in the Executive Agreement Plan upon his or her execution of an employment agreement with us. In general, the terms of the Executive Agreement Plan will replace a participant’s pre-existing agreements for employment, severance or change in control benefits, or restrictive covenants.

Severance pay and benefits are triggered under the Executive Agreement Plan upon a termination of a participant’s employment by us for any reason other than death, disability (each as defined in the Executive Agreement Plan), “cause” (as defined below) or a “transfer of business” (as defined below). Severance pay and benefits will also be provided under the Executive Agreement Plan (at enhanced levels for each participant who is a senior vice president or executive vice president) upon a termination of a participant’s employment (1) by us for any reason other than death, disability, cause, or a transfer of business, during certain periods prior to, or the 36-month period after, a “change in control” (as defined in the Executive Agreement Plan), or (2) by the participant for “good reason” (as defined below), during the 36-month period after a change in control.

Under the Executive Agreement Plan, “cause” means any act or failure to act which constitutes:

- (1) fraud, embezzlement, theft or dishonesty against us;
- (2) a material violation of law in connection with or in the course of the participant’s duties or employment;
- (3) commission of any felony or crime involving moral turpitude;
- (4) any violation of any of the restrictive covenants contained in the Executive Agreement Plan;
- (5) any other material breach of the related employment agreement;
- (6) a material breach of any of our written employment policies;
- (7) conduct which tends to bring us into substantial public disgrace or disrepute; or
- (8) a material violation of the Company’s Standards of Ethical Business Conduct.

except that with respect to a termination of employment during the period beginning on the date of the public announcement or the making of a proposal or offer which if consummated would be a change in control, or the approval by our Board or our shareholders of a transaction that upon closing would be a change in control, and ending on the earlier to occur of the termination, abandonment or occurrence of the change in control or the first anniversary of the beginning of the period (the “Change in Control Period”), or within the 36-month period after a change in control, clause (6) and (8) will apply only if such material breach or violation is grounds for

[Table of Contents](#)

immediate termination under the terms of such written employment policy or standard of ethical business conduct; and clauses (4), (5), (6), and (7) will apply only if such violation, breach or conduct is willful. In addition, “transfer of business” means a transfer of the participant’s position to another entity, as part of either (1) a transfer to such entity as a going concern of all or part of our business function(s) in which the participant was employed, or (2) an outsourcing to another entity of our business function(s) in which the participant was employed.

Any participant who is a vice president, senior vice president or executive vice president may terminate his or her employment for “good reason” under the Executive Agreement Plan upon (a) the occurrence of the events set forth in clauses (2) or (5) below within the 36-month period after a change in control, or (b) the occurrence of the events set forth in clauses (1), (3) or (4) below at any time before or after a change in control:

- (1) a material reduction during any 24 consecutive month period in the participant’s salary, or in the annual total cash compensation (including salary and target bonus), but excluding in either case any reduction both (A) applicable to management employees generally, and (B) not implemented during a Change in Control Period or within the 36-month period after a change in control;
- (2) a material adverse change without the participant’s prior consent in the participant’s position, duties, or responsibilities except in connection with a transfer of business if the position offered by the transferee is substantially comparable and is not in violation of the participant’s rights under the employment agreement;
- (3) a material breach of the employment agreement by us;
- (4) a change in the participant’s principal work location to a location more than 50 miles from the participant’s prior work location and from the participant’s principal residence; or
- (5) the failure of any successor of ours to assume our obligations under the Executive Agreement Plan (including any employment agreements).

If a vice president, senior vice president or executive vice president terminates his or her employment without “good reason,” he or she is not entitled to any severance benefits under the Executive Agreement Plan.

In the event that severance pay and benefits are triggered, an eligible vice president, senior vice president or executive vice president will be entitled to receive severance pay in an amount equal to the participant’s applicable severance multiplier times the sum of the participant’s annual salary and annual target bonus, payable in equal installments over the participant’s applicable severance period; continued participation in our health and life insurance benefit plans during the severance period; continuation of certain executive compensation perquisite payments and benefits during the severance period; continued financial planning services, if available to current executives, and outplacement services. For participants who are executive vice presidents, the applicable severance multiplier is two (increased to three when enhanced severance is paid in circumstances relating to a change in control, as described above) and the severance period is two years (increased to three years when such enhanced severance is paid).

Other severance benefits payable to vice presidents, senior vice presidents and executive vice presidents triggered by qualifying terminations of employment after a change in control include a pro-rata bonus for the year of termination; cash payments equivalent to our tax-qualified retirement and supplemental retirement plan contributions for the participant during the severance period; and accelerated vesting of equity grants which were outstanding on both the date of the change in control and the date of termination of employment. The annual AIP award of each executive participant for the year of a change in control is guaranteed to be the greater of the participant’s target AIP award for that year or the amount earned under the AIP formulas. The Executive Agreement Plan further provides that, in the event of certain corporate transactions, if an acquiring company does not assume our equity grants, the grants will vest and become payable upon the corporate transaction.

[Table of Contents](#)

Participants who are executive vice presidents or senior vice presidents as of April 1, 2009 were also, in certain circumstances, entitled to full tax gross-up for taxes on excess parachute payments. This full tax gross-up benefit was eliminated from the Executive Agreement Plan effective March 1, 2012.

The Executive Agreement Plan payments and benefits of each participant are conditioned upon the participant's compliance with restrictive covenants and execution of a release of claims against us. The Executive Agreement Plan provides that if a participant breaches any restrictive covenant or fails to provide the required cooperation, (1) such participant shall repay to us any severance benefits previously received, as well as an amount equal to the fair market value of restricted stock vested and gain on stock options exercised within the 24-month period prior to such breach, (2) no further severance pay or benefits shall be provided to such participant, and (3) all outstanding unexercised stock options and unvested restricted stock shall be cancelled and forfeited.

Messrs. DeVeydt, Goulet and Sassi and Ms. Beer participate in the Executive Agreement Plan.

Plan Employment Agreement

As set forth above, for an executive officer to become eligible to participate in the Executive Agreement Plan, he or she must enter into an employment agreement with us (the "Plan Employment Agreement"). The Plan Employment Agreement has an initial term of one year, which term is automatically extended until one year after the date on which either we or the executive officer provides notice of non-renewal. The executive officer's employment terminates upon the disability or death of the executive officer, or we may terminate the executive officer with or without Cause (as defined in the Executive Agreement Plan). Upon termination of employment, the executive officer may be entitled to the benefits set forth in the Executive Agreement Plan as set forth above. The Plan Employment Agreement also contains the restrictive covenants set forth in the Executive Agreement Plan. Messrs. DeVeydt, Goulet and Sassi and Ms. Beer are parties to the Plan Employment Agreement.

**PROPOSAL NO. 4
SHAREHOLDER PROPOSAL TO
REQUIRE REPORTING ON POLITICAL CONTRIBUTIONS
AND EXPENDITURES**

We have been informed that Harrington Investments, Inc. ("Harrington"), 1001 2nd Street, Suite 325, Napa, California 94559, a beneficial owner of 100 shares of our common stock, intends to introduce at the annual meeting the following resolution. The following shareholder proposal will be voted on at the annual meeting only if properly presented by or on behalf of Harrington. In accordance with SEC rules, the text of the proposed shareholder resolution and supporting statement is printed verbatim from its submission.

***Resolved**, that the shareholders of WellPoint, Inc. ("Company") hereby request that the Company provide a report, updated semi-annually, disclosing the Company's:*

- 1. Policies and procedures for political contributions and expenditures (both direct and indirect) made with corporate funds.*
- 2. Monetary and non-monetary contributions and expenditures (direct and indirect) used to participate or intervene in any political campaign on behalf of (or in opposition to) any candidate for public office, and used in any attempt to influence the general public, or segments thereof, with respect to elections or referenda. The report shall include:*
 - a. An accounting through an itemized report that includes the identity of the recipient as well as the amount paid to each recipient of the Company's funds that are used for political contributions or expenditures as described above; and*

[Table of Contents](#)

- b. *The title(s) of the person(s) in the Company responsible for the decision(s) to make the political contributions or expenditures.*

The report shall be presented to the board of directors or relevant board oversight committee and posted on the Company's website."

The proponent has furnished the following statement:

"As long-term shareholders of WellPoint, Inc., we support transparency and accountability in corporate spending on political activities. These include any activities considered intervention in any political campaign under the Internal Revenue Code, such as direct and indirect political contributions to candidates, political parties, or political organizations; independent expenditures; or electioneering communications on behalf of federal, state or local candidates.

Disclosure is consistent with public policy, in the best interest of the company and its shareholders, and critical for compliance with federal ethics laws. Moreover, the Supreme Court's Citizens United decision recognized the importance of political spending disclosure for shareholders when it said "[D]isclosure permits citizens and shareholders to react to the speech of corporate entities in a proper way. This transparency enables the electorate to make informed decisions and give proper weight to different speakers and messages." Gaps in transparency and accountability may expose the company to reputational and business risks that could threaten long-term shareholder value.

Publicly available data does not provide useful insight into the Company's political expenditures. For example, the Company's payments to trade associations used for political activities are undisclosed and unknown. In some cases, even management does not know how trade associations use their company's money politically. The proposal asks the Company to disclose all of its political spending, including payments to trade associations and other tax-exempt organizations for political purposes. This would bring our Company in line with a growing number of leading companies, including Exelon, Merck, and Microsoft that support political disclosure and accountability and present this information on their websites.

The Company's Board and its shareholders need comprehensive disclosure to be able to fully evaluate the political use of corporate assets. Thus, we urge your support for this critical governance reform."

Recommendation

The Board of Directors recommends a vote AGAINST this proposal.

This proposal requests a semi-annual report on our policies and procedures for political contributions and expenditures and the payments made in relation to these activities. The Board recommends that you vote against this proposal because we already provide significant disclosure of our corporate political contributions, expenditures and activities in an annual report and implementation of this proposal would not be in the best interest of shareholders.

Our corporate political activities are overseen by our Board and management and are an important part of our corporate strategy. Our management possesses detailed knowledge about the opportunities and challenges facing the Company and thus is best suited to decide, with the oversight of the Board, which issues are important to the Company. Requiring us to provide additional reporting on our political contributions and activities beyond the disclosure we currently provide (including a semi-annual report as requested in the shareholder proposal as opposed to our current annual report) would require us to expend additional resources and management time without providing any real benefit to shareholders.

[Table of Contents](#)

We already publish annually a very extensive Political Contributions & Related Activity Report that discloses information about our political contributions and lobbying activities. This report is available on our website and discloses the following items:

- Our policies and procedures for political contributions, including the title of associates involved with and required to approve political contributions;
- An itemized report that includes the identity of the recipient as well as the amounts of all contributions by us to state candidates and committees by state;
- Information about our political action committee (“PAC”)—an itemized report that includes the identity of the recipient of political contributions as well as the amounts of all contributions by WellPAC (the non-partisan political action committee of our associates) to (i) federal candidates by state, (ii) federal PACs and party committees, (iii) state candidates and party committees by state, and (iv) other WellPAC contributions;
- The aggregate amount we spent on state and federal lobbying activities; and
- Beginning in 2011, an itemized report of the amount of dues we paid to national and state business and trade associations that were at least \$50,000, including the portion allocated to lobbying activity.

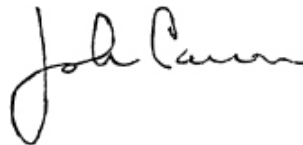

Furthermore, our Standards of Ethical Business Conduct discloses our policies for political activity and contributions and lobbying activities by associates. These Standards are available on our website.

We also comply with all disclosure requirements pertaining to political contributions and lobbying under federal, state and local laws. In addition to disclosure about our political contributions and lobbying activities available on our website, detailed information about our PAC contributions and our political contributions and expenditures is available on the Federal Election Commission website and through the websites of individual states’ agencies. In this regard, we file a quarterly federal lobbying disclosure report, which is publicly available and includes the amount of dues we pay to national trade associations that are non-deductible for federal lobbying expenses. In turn, these trade associations are all required to disclose their lobbying expenditures under the Lobbying Disclosure Act of 1995 and to report their lobbying expenditures to the United States Senate. Thus, adoption of this proposal would result in additional administrative burdens, and be duplicative of the many reports which are already publicly available.

We believe that our current Political Contributions & Related Activity Report, which provides detailed disclosure of our political contributions, policies, procedures and activities, as described above, and the robust Board and management oversight, make this proposal unnecessary. We are committed to participating in the political process in a responsible way that serves our best interests and the best interests of our shareholders and customers.

For the reasons described above, the Board recommends a vote AGAINST this proposal.

By Order of the Board of Directors

John Cannon
Secretary

PROXY VOTING INSTRUCTIONS FOR ANNUAL MEETING OF SHAREHOLDERS

Wednesday, May 16, 2012

This PROXY is solicited by the Board of Directors for use at the Annual Meeting of Shareholders on May 16, 2012. Your shares of stock will be voted as you specify. If you sign and date your proxy card, but do not provide instructions, your shares of stock will be voted FOR Proposals 1, 2, 3 and AGAINST Proposal 4.

By signing this PROXY, you revoke all prior proxies and appoint John Cannon and Wayne S. DeVeydt, or either of them, as proxies, with the power to appoint substitutes, to vote your shares of stock of WellPoint, Inc. that you would be entitled to cast if personally present at the Annual Meeting of Shareholders, and all adjournments or postponements of the meeting.

If you participate in the WellPoint 401(k) Retirement Savings Plan and you are invested in the Company Common Stock fund in your account, you may give voting instructions to Vanguard Fiduciary Trust Company, the plan Trustee, as to the number of shares of common stock equivalent to the interest in the Company Common Stock fund credited to your account as of the most recent valuation date coincident with or preceding the record date. The Trustee will vote your shares in accordance with your instructions received by 11:59 p.m., Eastern Daylight Time, May 14, 2012. You may also revoke previously given voting instructions by 11:59 p.m., Eastern Daylight Time, May 14, 2012, by filing with the Trustee either written notice of revocation or a properly completed and signed proxy card bearing a later date. Your voting instructions will be kept confidential by the Trustee. If you do not send voting instructions, the Trustee will vote the number of shares equal to the share equivalents credited to your account in the same proportion that it votes shares for which it did receive timely instructions.

Your voice is important. You are strongly encouraged to vote your proxy through the Internet or by telephone in accordance with the instructions on the reverse side. However, if you wish to vote by mail, just complete the reverse side of this card, sign, and date below and return in the enclosed envelope. If you wish to vote in accordance with the Board of Directors' recommendations, you need not mark the voting boxes, only return a signed card. If you do not sign and return a proxy, submit a proxy by telephone or through the Internet, or attend the meeting and vote by ballot, shares that you own directly cannot be voted.

Electronic distribution of proxy materials saves time, postage and printing costs, and is environmentally friendly. For electronic distribution of proxy materials in the future, log on to www.envisionreports.com/wlp.

Please mark your vote on the reverse side and date and sign below.
