Rambus Inc. Announces First Quarter 2004 Earnings Call

LOS ALTOS, Calif.--April 7, 2004--Rambus Inc. (Nasdaq:RMBS), a leading developer of chip interface products and services, will hold a conference call on April 14, 2004 at 2:00 Pacific Time to discuss first quarter 2004 financial results.

This call is being webcast by CCBN and can be accessed at Rambus's web site at www.rambus.com. A replay will be available following conclusion of the call on the IR web site or for one week at the following numbers: (800) 642-1687 (domestic), (706) 645-9291 (international) and ID: #6656527.

The webcast is also being distributed over CCBN's Investor Distribution Network to both institutional and individual investors. Individual investors can listen to the call through CCBN's individual investor center at www.companyboardroom.com or by visiting any of the investor sites in CCBN's Individual Investor Network such as America Online's Personal Finance Channel, Fidelity Investments® (Fidelity.com) and others. Institutional investors can access the call via CCBN's password protected event management site, StreetEvents (www.streetevents.com). StreetEvents allows institutional investors to identify, organize, and track the hundreds of conference calls that occur each day during earnings season, to download events of interest to their Outlook calendar, and to RSVP to events online.

About Rambus Inc.

Rambus is one of the world's leading providers of advanced chip-to-chip interface products and services. Since its founding in 1990, the company's innovations, breakthrough technologies and integration expertise have help industry-leading chip and system companies solve their most challenging and complex I/O problems and bring their products to market. Rambus's interface solutions can be found in numerous computing, consumer, and communications products and applications. Rambus is headquartered in Los Altos, California, with regional offices in the United States, Taiwan and Japan. Additional information is available at www.rambus.com.
