

## Rambus and Panasonic Sign Patent License Agreement

### *Five year agreement covers DRAM memory controllers*

SUNNYVALE, Calif.--(BUSINESS WIRE)-- Rambus Inc. (Nasdaq:RMBS), one of the world's premier technology licensing companies, announced today it has renewed its patent license agreement with Panasonic Corporation. This five year agreement covers Panasonic's products with DRAM memory controllers for SDR, DDR, DDR2, DDR3, and other DRAM devices. Rambus will receive royalty payments based on the shipment of these memory controllers.

"Panasonic has been a valued partner, and we are pleased to further this important relationship," said Sharon Holt, senior vice president and general manager of the Semiconductor Business Group at Rambus. "This license renewal further validates the strength of our patent portfolio and showcases the key inventions created by our team of scientists and engineers."
