

Rambus Signs Patent License Agreement with Toshiba

SUNNYVALE, Calif.--(BUSINESS WIRE)-- Rambus Inc. (Nasdaq:RMBS), one of the world's premier technology licensing companies, announced today it has renewed its patent license agreement with Toshiba Corporation. This five year agreement covers Toshiba's products with DRAM memory controllers for SDR, DDR, DDR2, DDR3, and other DRAM devices. Rambus will receive royalty payments based on the shipment of these memory controllers.

"Toshiba is a recognized leader of the global semiconductor industry, committed to providing its customers with state-of-the-art solutions," said Sharon Holt, senior vice president and general manager of the Semiconductor Business Group at Rambus. "We are very pleased to continue our long and valuable relationship with Toshiba, who soon after our founding became Rambus' first licensee."

About Rambus Inc.

Rambus is one of the world's premier technology licensing companies. Founded in 1990, the Company specializes in the invention and design of architectures focused on enriching the end-user experience of electronic systems.
