

Imaging and Optics Expert Dr. David G. Stork Joins Rambus

Industry luminary to lead Rambus Labs initiative in Computational Sensing and Imaging

SUNNYVALE, Calif.--(BUSINESS WIRE)-- Rambus Inc. (NASDAQ:RMBS), one of the world's premier technology licensing companies, today announced the appointment of David G. Stork, Ph.D., to Rambus Labs where he'll spearhead the development of the company's computational sensing and imaging initiative. Dr. Stork is a renowned industry expert in optics and the development of algorithms that enable novel sensing, imaging and image analysis techniques. His honors include being named a Fellow from the International Association for Pattern Recognition.

"With a strong heritage in innovation, Rambus continually strives to develop compelling solutions to important problems," said Dr. Gary Bronner, vice president of Rambus Labs. "Dr. Stork's expertise in optics and computational sensing, imaging and pattern recognition makes him an ideal leader for our long term research efforts in imaging systems."

Over the course of his career, Dr. Stork has held many corporate research and academic positions, resulting in 40 patented inventions and numerous books, journal papers, invited papers and plenary talks in leading journals and conferences. Dr. Stork has also held faculty positions as well as visiting professor and lecturer positions at Boston University, Clark University, Stanford University and Swarthmore College.

Dr. Stork holds a Ph.D. and M.S. in Physics from the University of Maryland and a B.S. in Physics from Massachusetts Institute of Technology. He is also a senior member of the IEEE.

About Rambus Inc.

Rambus is one of the world's premier technology licensing companies. As a company of inventors, Rambus focuses on the development of technologies that enrich the end-user experience of electronic systems. Its breakthrough innovations and solutions in semiconductors, lighting and display, and security help industry-leading companies bring superior products to market. Rambus licenses both its world-class patent portfolio, as well as its family of leadership and industry-standard solutions. Founded in 1990, Rambus has offices in California, North Carolina, Ohio, India, Germany, Japan, Korea, and Taiwan. Additional information is available at www.rambus.com.
