The Cigna Group Reports Strong Third Quarter 2024 Results, Reaffirms 2024 Adjusted EPS Outlook

- Total revenues for the third quarter 2024 increased 30% to \$63.7 billion
- Shareholders' net income for the third quarter 2024 was \$0.7 billion, or \$2.63 per share
- Adjusted income from operations¹ for the third quarter 2024 was \$2.1 billion, or \$7.51 per share
- Reaffirms 2024 outlook² for adjusted income from operations^{1,2} of at least \$28.40 per share

BLOOMFIELD, CT, October 31, 2024 – Global health company The Cigna Group (NYSE: CI) today reported strong third quarter 2024 results demonstrating focused execution across Evernorth Health Services and Cigna Healthcare.

"Our strong performance this quarter is a testament to the leadership, stability and expertise of our team," said David M. Cordani, chairman and CEO of The Cigna Group. "Our disciplined execution of our strategic plan and our comprehensive health services ensure we remain well-positioned in a highly dynamic environment, while sustaining business growth in both the near- and long-term."

Shareholders' net income for third quarter 2024 was \$0.7 billion, or \$2.63 per share, including a non-cash after-tax investment loss of \$1.0 billion, or \$3.69 per share related to VillageMD. This compares with \$1.4 billion, or \$4.74 per share, for third guarter 2023.

The Cigna Group's adjusted income from operations¹ for third quarter 2024 was \$2.1 billion, or \$7.51 per share, compared with \$2.0 billion, or \$6.77 per share, for third quarter 2023, reflecting strong contributions from Evernorth Health Services, particularly within Specialty and Care Services.

A reconciliation of shareholders' net income to adjusted income from operations¹ is provided on the following page and on Exhibit 1 of this earnings release.

HIGHLIGHTS OF SEGMENT RESULTS

See Exhibit 1 for a reconciliation of adjusted income from operations¹ to shareholders' net income.

Evernorth Health Services

This segment includes the Pharmacy Benefit Services and the Specialty and Care Services operating segments, which partner with health plans, employers, governmental organizations and health care providers to solve challenges in the areas of pharmacy benefits, home delivery pharmacy, specialty pharmacy, specialty distribution, and care delivery and management solutions.

Pharmacy Benefit Services drives high-quality, cost-effective pharmacy care through various services such as drug claim adjudication, retail pharmacy network administration, benefit design consultation, drug utilization review, drug formulary management and access to our home delivery pharmacy. Specialty and Care Services provides specialty drugs for the treatment of complex and rare diseases, specialty distribution of pharmaceuticals and medical supplies, as well as clinical programs to help our clients drive better whole-person health outcomes through care delivery and management solutions.

- For Pharmacy Benefit Services third quarter 2024 relative to third quarter 2023:
 - Adjusted revenues³ increased 50%, reflecting client wins and organic growth.
 - Adjusted income from operations, pre-tax¹, increased 3%, reflecting continued affordability improvements, partially offset by planned investments to support new and existing client growth.
- For Specialty and Care Services third quarter 2024 relative to third quarter 2023:
 - Adjusted revenues³ increased 23%, reflecting client wins and strong specialty volume growth.
 - Adjusted income from operations, pre-tax¹, increased 23%, reflecting organic growth in specialty businesses and clinical care services, including increased Humira biosimilar adoption, partially offset by increased investments to support business growth and the continued advancement of our digital capabilities and solutions.
- Evernorth Health Services net investment income was \$40 million for third quarter 2024 compared to \$63 million for third quarter 2023. Third quarter 2024 net investment income does not include an accrual for the VillageMD dividend of \$33 million.

Cigna Healthcare

This segment includes the U.S. Healthcare and International Health operating segments, which provide comprehensive medical and coordinated solutions to clients and customers. U.S. Healthcare provides commercial medical plans and specialty benefits and solutions for insured and self-insured clients, Medicare Advantage, Medicare Supplement and Medicare Part D plans for seniors and individual health insurance plans. International Health solutions include health care coverage in our international markets, as well as health care benefits for globally mobile individuals and employees of multinational organizations.

Notes:

1. Adjusted income (loss) from operations is a principal financial measure of profitability used by The Cigna Group's management because it presents the underlying results of operations of the Company's businesses and facilitates analysis of trends in underlying revenue, expenses and shareholders' net income (loss). Adjusted income (loss) from operations is defined as shareholders' net income (loss) (or income (loss) before income taxes less pre-tax income (loss) attributable to noncontrolling interests for the segment metric) excluding net realized investment results, amortization of acquired intangible assets and special items. The Cigna Group's share of certain realized investment results of its joint ventures reported in the Cigna Healthcare segment using the equity method of accounting are also excluded. Special items are matters that management believes are not representative of the underlying results of operations due to their nature or size. Adjusted income (loss) from operations is measured on an after-tax basis for consolidated results and on a pre-tax basis for segment results. Consolidated adjusted income (loss) from operations is not determined in accordance with GAAP and should not be viewed as a substitute for the most directly comparable GAAP measure, shareholders' net income (loss). See Exhibit 1 for a reconciliation of consolidated adjusted income from operations to shareholders' net income (loss).

2. Management is not able to provide a reconciliation of adjusted income from operations to shareholders' net income (loss), on a forward-looking basis because it is unable to predict, without unreasonable effort, certain components thereof including (i) future net realized investment results and (ii) future special items. These items are inherently uncertain and depend on various factors, many of which are beyond The Cigna Group's control. As such, any associated estimate and its impact on shareholders' net income and total revenues could vary materially.

The Company's outlook excludes the potential effects of any other business combinations that may occur after the date of this earnings release. The Company's outlook includes the potential effects of expected future share repurchases and anticipated 2024 dividends.

The timing and actual number of shares repurchased will depend on a variety of factors, including price, general business and market conditions, and alternate uses of capital. The share repurchase program may be effected through open market purchases in compliance with Rule 10b-18 under the Securities Exchange Act of 1934, as amended, including through Rule 10b5-1 trading plans, or privately negotiated transactions. The program may be suspended or discontinued at any time.

- 3. Adjusted revenues is used by The Cigna Group's management because it facilitates analysis of trends in underlying revenue. The Company defines adjusted revenues as total revenues excluding the following adjustments: special items and The Cigna Group's share of certain realized investment results of its joint ventures reported in the Cigna Healthcare segment using the equity method of accounting. Special items are matters that management believes are not representative of the underlying results of operations due to their nature or size. We exclude these items from this measure because management believes they are not indicative of past or future underlying performance of the business. For the three and nine months ended September 30, 2024, special items reflects an impairment of dividend receivable for VillageMD accrued dividends of \$182.0 million. Adjusted revenues is not determined in accordance with GAAP and should not be viewed as a substitute for the most directly comparable GAAP measure, total revenues. See Exhibit 1 for a reconciliation of consolidated adjusted revenues to total revenues.
- 4. Operating ratios are defined as follows:
 - The Cigna Healthcare medical care ratio ("MCR") represents medical costs as a percentage of premiums for all Cigna Healthcare risk products provided through guaranteed cost or experience-rated funding arrangements. Changes in percentages may be expressed in basis points ("bps").
 - SG&A expense ratio on a GAAP basis for the third quarter 2024 represents enterprise selling, general and administrative expenses of \$3,590 million as a percentage of total revenue of \$63.7 billion at a consolidated level. SG&A expense ratio on a GAAP basis for the third quarter 2023 represents enterprise selling, general and administrative expenses of \$3,788 million as a percentage of total revenue of \$49.0 billion at a consolidated level.
 - Adjusted SG&A expense ratio for the third quarter 2024 represents enterprise selling, general and administrative expenses of \$3,513 million excluding special items of \$77 million as a percentage of adjusted revenue at a consolidated level. Adjusted SG&A expense ratio for the third quarter 2023 represents enterprise selling, general and administrative expenses of \$3,574 million excluding special items of \$214 million as a percentage of adjusted revenue at a consolidated level.
- 5. Customer relationships are defined as follows:
 - Total medical customers includes individuals who meet any one of the following criteria: are covered under a medical insurance policy, managed care arrangement, or service agreement issued by Cigna Healthcare; have access to Cigna Healthcare's provider network for covered services under their medical plan; or have medical claims that are administered by Cigna Healthcare.
 - During the fourth quarter of 2023, the U.S. Commercial and U.S. Government operating segments combined to form the U.S. Healthcare operating segment. Information presented for three months ended September 30, 2023 has been restated to conform to the new operating segment presentation.

- 6. Adjusted margin, pre-tax, is calculated by dividing adjusted income (loss) from operations, pre-tax by adjusted revenues for each segment.
- 7. The Cigna Group owns noncontrolling interests in certain operating joint ventures. As such, the adjusted revenues for the Cigna Healthcare segment only include the Company's share of the joint ventures' earnings reported in Fees and Other Revenues using the equity method of accounting under GAAP.
- 8. Medical costs payable within the Cigna Healthcare segment are presented net of reinsurance and other recoverables. The gross medical costs payable balance was \$5.09 billion as of September 30, 2024, \$5.20 billion as of June 30, 2024, and \$5.32 billion as of September 30, 2023.
- 9. The measure "adjusted effective tax rate" is not determined in accordance with GAAP and should not be viewed as a substitute for the most directly comparable GAAP measure, "consolidated effective tax rate". We define adjusted effective tax rate as the consolidated income tax rate applicable to the Company's pre-tax income excluding pre-tax income (loss) attributable to noncontrolling interests, net realized investment results, amortization of acquired intangible assets, and special items. The Cigna Group's share of certain realized investment results of its joint ventures reported in the Cigna Healthcare segment using the equity method of accounting are also excluded. Management is not able to provide a reconciliation to the consolidated effective tax rate on a forward-looking basis because we are unable to predict, without unreasonable effort, certain components thereof including (i) future net realized investment results and (ii) future special items.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This press release, and oral statements made in connection with this release, may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are based on The Cigna Group's current expectations and projections about future trends, events and uncertainties. These statements are not historical facts. Forward-looking statements may include, among others, statements concerning our projected adjusted income from operations outlook for 2024 on a per share, and segment basis; projected medical care ratio; future dividends, including projected shareholder dividends for 2024; projected weighted average shares outstanding; future financial or operating performance, including our ability to improve the health and vitality of those we serve; future growth, business strategy and strategic or operational initiatives; economic, regulatory or competitive environments, particularly with respect to the pace and extent of change in these areas and the impact of the developing inflationary and interest rate pressures; capital deployment plans and amounts available for future deployment; our prospects for growth in the coming years; and other statements regarding The Cigna Group's future beliefs, expectations, plans, intentions, liquidity, cash flows, financial condition or performance. You may identify forward-looking statements by the use of words such as "believe," "expect," "project," "plan," "intend," "anticipate," "estimate," "predict," "potential," "may," "should," "will" or other words or expressions of similar meaning, although not all forward-looking statements contain such terms.

Forward-looking statements are subject to risks and uncertainties, both known and unknown, that could cause actual results to differ materially from those expressed or implied in forward-looking statements. Such risks and uncertainties include, but are not limited to: our ability to achieve our strategic and operational initiatives; our ability to adapt to changes in an evolving and rapidly changing industry; our ability to compete effectively, differentiate our products and services from those of our competitors and maintain or increase market share; price competition, inflation and other pressures that could compress our margins or result in premiums that are insufficient to cover the cost of services delivered to our customers; the potential for actual claims to exceed our estimates related to expected medical claims; our ability to develop and maintain satisfactory relationships with physicians, hospitals, other health service providers and with producers and consultants; our ability to maintain relationships with one or more key pharmaceutical manufacturers or if payments made or discounts provided decline; changes in the pharmacy provider marketplace or pharmacy networks; changes in drug pricing or industry pricing benchmarks; our ability to invest in and properly maintain our information technology and other business systems; our ability to prevent or contain effects of potential cyberattack or other privacy or data security incidents; risks related to our use of artificial intelligence and machine learning; political, legal, operational, regulatory, economic and other risks that could affect our multinational operations, including currency exchange rates; risks related to an impairment of goodwill, intangible assets and/or investments (including as a result of the failure to realize the expected benefits of strategic transactions, as well as integration or separation difficulties or underperformance of such transactions relative to expectations); dependence on success of relationships with third parties; risk of significant disruption within our operations or among key suppliers or third parties; potential liability in connection with managing medical practices and operating pharmacies, onsite clinics and other types of medical facilities; the substantial level of government regulation over our business and the potential effects of new laws or regulations or changes in existing laws or regulations; uncertainties surrounding participation in government-sponsored programs such as Medicare; the outcome of litigation, regulatory audits and investigations; compliance with applicable privacy, security and data laws, regulations and standards; potential failure of our prevention, detection and control systems; unfavorable economic and market conditions, the risk of a recession or other economic downturn and resulting impact on employment metrics, stock market or changes in interest rates and risks related to a downgrade in financial strength ratings of our insurance subsidiaries; the impact of our significant indebtedness and the potential for further indebtedness in the future; credit risk related to our reinsurers; as well as more specific risks and uncertainties discussed in our most recent report on Form 10-K and subsequent reports on Forms 10-Q and 8-K available through the Investor Relations section of www.thecignagroup.com. You should not place undue reliance on forward-looking statements, which speak only as of the date they are made, are not guarantees of future performance or results, and are subject to risks, uncertainties and assumptions that are difficult to predict or quantify. The Cigna Group undertakes no obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise, except as may be required by law.
