What is the key risk factors that are specific to the issuer																															
Most material key risk factors	<ul style="list-style-type: none"> The company depends on the performance of the charterers of its vessels for its operating cash flow. The company's subsidiaries or affiliates may experience operational problems with vessels that could reduce revenue, increase costs or lead to termination of time charters. Høegh LNG is exposed to operational risks associated with loading, transporting, offloading, storing and regasifying LNG cargoes, which can cause delays to operations. In addition, difficulties presented by port constraints, weather conditions, and vessel compatibility and performance can affect the results of operations. The company will from time to time be subject to commercial disagreements, contractual disputes and litigation with its counterparties and others which may not be resolved in its favour. The company may not be able to redeploy its FSRUs on terms as favourable as the company's or its joint venture's current FSRU time charters or at all. Hire rates for FSRUs may fluctuate substantially. If rates are lower when seeking a new charter, the group's earnings may decline. 																														

	<ul style="list-style-type: none"> Absence of available financing and capital to refinance existing debt and fund capital expenditures could have a material adverse effect on the group's business, financial condition and results of operations. In addition, incurring additional debt may significantly increase interest expense and financial leverage, and issuing additional equity securities may have a negative effect on the Group's prospects and financial condition. More expensive and time consuming drydocking or underwater survey.

Risk related to the Bonds

Servicing of the debt obligations under the bonds is dependent on the Group’s future performance and its ability to generate cash

Höegh LNG’s ability to make principal or interest payments when due in respect of our financial indebtedness, including the Bonds, is dependent on the group’s future performance and its ability to generate cash which, to a certain extent, is subject to general economic, financial, competitive, legislative, regulatory and other factors, many of which are beyond our control. In addition to debt service, the group will also need significant amounts of cash to fund its business and operations. If the Group is unable to generate sufficient cash flow from operations in the future to service its debt, the Issuer may be required to refinance all or a portion of its existing debt, including the Bonds, or to obtain additional financing. There can be no assurance that any such refinancing would be possible or that any additional financing could be obtained. Inability to obtain such refinancing or financing may have a material adverse effect on the Issuer’s business, results of operations, financial position and/or cash flow.

The Bonds are unsecured and rank behind certain lenders

The Bonds are unsecured and therefore will be effectively subordinated to any existing or future secured debt to the extent of the value of the assets securing the debt. In the event of a bankruptcy or similar proceeding involving us, the assets that serve as collateral will be available to satisfy the obligations under any secured debt before any payments are made on the Bonds. The Bonds may also be structurally subordinated to any debt owed by subsidiaries of Höegh LNG. Because of the unsecured nature of the Bonds and other secured and structurally senior indebtedness of the group, there is a risk that the bondholders’ claims against Höegh LNG in an event of insolvency or liquidation may not be covered in full, partly or at all.

The can be no guarantee that covenants will be complied with

Höegh LNG’s ability to comply with covenants and restrictions contained in its financing arrangements may be affected by events beyond its control, including prevailing economic, financial and industry conditions.

The company’s operations and ability to make payments on the Bonds are dependent on the continued performance of its subsidiaries

Höegh LNG’s is a holding company and its subsidiaries conduct substantially all operations and own the operating assets. As a result, Höegh LNG’s ability to make required payments on the Bonds depends entirely on the operations of its subsidiaries and its subsidiaries’ ability to distribute funds to Höegh LNG.

The market for trading the Bonds may prove to be illiquid and prices may fluctuate, and is subject to macroeconomic disruptions

There is no existing market for the Bonds, and no assurances can be provided as regards the future development of a market for the Bonds, and, therefore, the liquidity of the Bonds and the volume it is traded in cannot be guaranteed. This may apply even if the Bonds are listed and there are no market-makers agreements in place or intended to be established in order to secure a liquid market for the Bonds after the Issue date.

The liquidity of the trading market and future trading prices of the Bonds will depend on many factors, including, among other things, prevailing interest rates, the group’s operating results, financial performance and prospects, the market for

similar securities and the overall securities market, and may be adversely affected by unfavourable changes in these factors.

It is possible that the market for the Bonds will be subject to disruptions that may have a negative effect on the holders of the Bonds, regardless of the group's operating results, financial performance or prospects. Any such disruptions could adversely affect the prices at which investors may sell their Bonds. In addition, subsequent to their initial issuance, the Bonds may trade at a discount from their initial placement, depending on prevailing interest rates, the market for similar bonds, the performance of the group and other factors, many of which are beyond the Issuer's control.

The Bonds are subject to optional redemption

The terms and conditions of the Bonds will provide that the Bonds shall be subject to optional redemption by the Issuer at pre-agreed price after the relevant call date or at their outstanding principal amount, plus accrued and unpaid interest, plus in some cases a premium calculated in accordance with the terms and conditions. This is likely to limit the market value of the Bonds.

Purchase or transfer of the Bonds may be subject to restrictions

While the Bonds are freely transferable and may be pledged, any Bondholder may be subject to purchase or transfer restrictions with regard to the Bonds, as applicable from time to time under local laws to which a Bondholder may be subject (due e.g. to its nationality, its residency, its registered address, its places for doing business or similar), including, but not limited to, specific transfer restrictions applicable to Bondholders located in the United States, each Bondholder must ensure compliance with applicable local laws and regulations at its own cost and expense.

The Issuer may not have sufficient funds to redeem the Bonds in a change of control event

Upon the occurrence of a change of control event (as defined in the Bond terms), each individual bondholder has a right of pre-payment of the Bonds at a price of 101 per cent of par value plus all accrued and unpaid interest to the date of redemption. However, it is possible that the Issuer will not have sufficient funds at the time of the change of control event to make the required redemption of the Bonds. The Issuer's failure to redeem the Bonds would constitute an event of default under the Bond terms. The terms and conditions of the Bond Terms will allow for modification of the Bonds and waivers that may be implemented without the consent from each Bondholder.

The trustee may take actions or make omission which is decided by a requisite majority of the bondholders

The Bond Terms will contain provisions for calling meetings of bondholders. These provisions permit defined majorities to make decisions affecting and binding all bondholders. The trustee may, without the consent of the bondholders, agree to certain modifications of the bond agreement and other finance documents which, in the opinion of the trustee, are proper to make.

The Chairperson may, in its sole discretion, decide on accepted evidence of ownership of Voting Bonds.
- (b) Issuer's Bonds shall not carry any voting rights. The Chairperson shall determine any question concerning whether any Bonds will be considered Issuer's Bonds.
- (c) For the purposes of this Clause 15 (*Bondholders' decisions*), a Bondholder that has a Bond registered in the name of a nominee will, in accordance with Clause 3.3 (*Bondholders' rights*), be deemed to be the owner of the Bond rather than the nominee. No vote may be cast by any nominee if the Bondholder has presented relevant evidence to the Bond Trustee pursuant to Clause 3.3 (*Bondholders' rights*) stating that it is the owner of the Bonds voted for. If the Bondholder has voted directly for any of its nominee registered Bonds, the Bondholder's votes shall take precedence over votes submitted by the nominee for the same Bonds.
- (d) Any of the Issuer, the Bond Trustee and any Bondholder has the right to demand a vote by ballot. In case of parity of votes, the Chairperson will have the deciding vote.

15.4 Repeated Bondholders' Meeting

- (a) Even if the necessary quorum set out in paragraph (d) of Clause 15.1 (*Authority of the Bondholders' Meeting*) is not achieved, the Bondholders' Meeting shall be held and voting completed for the purpose of recording the voting results in the minutes of the Bondholders' Meeting. The Bond Trustee or the person who convened the initial Bondholders' Meeting may, within 10 Business Days of that Bondholders' Meeting, convene a repeated meeting with the same agenda as the first meeting.

- (b) The provisions and procedures regarding Bondholders' Meetings as set out in Clause 15.1 (*Authority of the Bondholders' Meeting*), Clause 15.2 (*Procedure for arranging a Bondholders' Meeting*) and Clause 15.3 (*Voting rules*) shall apply *mutatis mutandis* to a repeated Bondholders' Meeting, with the exception that the quorum requirements set out in paragraph (d) of Clause 15.1 (*Authority of the Bondholders' Meeting*) shall not apply to a repeated Bondholders' Meeting. A Summons for a repeated Bondholders' Meeting shall also contain the voting results obtained in the initial Bondholders' Meeting.
- (c) A repeated Bondholders' Meeting may only be convened once for each original Bondholders' Meeting. A repeated Bondholders' Meeting may be convened pursuant to the procedures of a Written Resolution in accordance with Clause 15.5 (*Written Resolutions*), even if the initial meeting was held pursuant to the procedures of a Bondholders' Meeting in accordance with Clause 15.2 (*Procedure for arranging a Bondholders' Meeting*) and vice versa.

15.5 Written Resolutions

- (a) Subject to these Bond Terms, anything which may be resolved by the Bondholders in a Bondholders' Meeting pursuant to Clause 15.1 (*Authority of the Bondholders' Meeting*) may also be resolved by way of a Written Resolution. A Written Resolution passed with the relevant majority is as valid as if it had been passed by the Bondholders in a Bondholders' Meeting, and any reference in any Finance Document to a Bondholders' Meeting shall be construed accordingly.
- (b) The person requesting a Bondholders' Meeting may instead request that the relevant matters are to be resolved by Written Resolution only, unless the Bond Trustee decides otherwise.
- (c) The Summons for the Written Resolution shall be sent to the Bondholders registered in the CSD at the time the Summons is sent from the CSD and published at the Bond Trustee's web site, or other relevant electronic platform or via press release.
- (d) The provisions set out in Clause 15.1 (*Authority of the Bondholders' Meeting*), 15.2 (*Procedure for arranging a Bondholder's Meeting*), Clause 15.3 (*Voting Rules*) and Clause 15.4 (*Repeated Bondholders' Meeting*) shall apply *mutatis mutandis* to a Written Resolution, except that:
 - (i) the provisions set out in paragraphs (g), (h) and (i) of Clause 15.2 (*Procedure for arranging Bondholders Meetings*); or
 - (ii) provisions which are otherwise in conflict with the requirements of this Clause 15.5 (*Written Resolution*),shall not apply to a Written Resolution.
- (e) The Summons for a Written Resolution shall include:
 - (i) instructions as to how to vote to each separate item in the Summons (including instructions as to how voting can be done electronically if relevant); and

- (ii) the time limit within which the Bond Trustee must have received all votes necessary in order for the Written Resolution to be passed with the requisite majority (the “**Voting Period**”), which shall be at least 10 Business Days but not more than 15 Business Days from the date of the Summons.
- (f) Only Bondholders of Voting Bonds registered with the CSD on the Relevant Record Date, or the beneficial owner thereof having presented relevant evidence to the Bond Trustee pursuant to Clause 3.3 (*Bondholders’ rights*), will be counted in the Written Resolution.
- (g) A Written Resolution is passed when the requisite majority set out in paragraph (e) or paragraph (f) of Clause 15.1 (*Authority of Bondholders’ Meeting*) has been obtained, based on a quorum of the total number of Voting Bonds, even if the Voting Period has not yet expired. A Written Resolution will also be resolved if the sufficient numbers of negative votes are received prior to the expiry of the Voting Period.
- (h) The effective date of a Written Resolution passed prior to the expiry of the Voting Period is the date when the resolution is approved by the last Bondholder that results in the necessary voting majority being obtained.
- (i) If no resolution is passed prior to the expiry of the Voting Period, the number of votes shall be calculated at the close of business on the last day of the Voting Period, and a decision will be made based on the quorum and majority requirements set out in paragraphs (e) to (g) of Clause 15.1 (*Authority of Bondholders’ Meeting*).
