

## **Covalon Announces Participation in APIC Annual Conference & Exposition on June 26 – 28, 2023 in Orlando, Florida**

*Visit booth 612 to discover how Covalon is setting new standards in compassionate innovation for infection prevention solutions that deliver tough protection with gentle care*

MISSISSAUGA, Ontario – June 26, 2023 – (BUSINESS WIRE) – Covalon Technologies Ltd. (the "Company" or "Covalon") (TSXV: COV; OTCQX: CVALF), an advanced medical technologies company, today announced that it is participating in the 2023 APIC Annual Conference and Exposition in Orlando, Florida from June 26 to 28, 2023. Healthcare providers looking to strengthen their infection prevention toolkit with patient-centered medical technology should visit Covalon at booth 612 to learn more about Covalon's unique compassionate care solutions.

APIC, the Association for Professionals in Infection Control and Epidemiology, is the leading professional association for infection preventionists (IPs), with more than 15,000 members. The conference brings together more than 3,000 nurses, physicians, public health professionals, academia, epidemiologists, microbiologists, medical technologists, and industry to advance knowledge sharing, collaboration, and scientific innovation in the area of infection prevention and control.

"Providing patients thorough protection against infections should not come at the compromise of providing gentle, compassionate care," said Ron Hebert, Senior Vice President, Marketing, Covalon. "Healing shouldn't hurt, which is why at Covalon we are laser focused on developing medical technology that gives patients their best defense against infection, without causing unnecessary pain, trauma, or tears."

Covalon representatives will be available to meet with participants on site. To make an appointment, please contact Ron Hebert, SVP Marketing, at [rhebert@covalon.com](mailto:rhebert@covalon.com).

Covalon's suite of infection prevention solutions include:

- [VALGuard](#)<sup>®</sup> - an FDA listed, transparent, environmental barrier designed to protect catheter hubs and line connections from external contaminants and gross contamination, including body fluids and other secretions. It incorporates a quick-release pull strip for fast access to infusion hubs and for easy removal.
- [IV Clear](#)<sup>®</sup> - the world's only dual-antimicrobial vascular access dressing that offers complete transparency at and around the insertion site for easy daily assessment. It also utilizes soft silicone adhesive technology to minimize skin injuries and preserve skin barrier functions, and incorporates safe amounts of antimicrobials, without sacrificing efficacy, to protect against chemical irritation.

### Conference details

Dates: Monday, June 26 to Wednesday, June 28, 2023

Venue: Orange County Convention Center (9800 International Drive, Orlando, FL 32819)

Registration: <https://www.mcisemi.com/apic2023>

### About Covalon

Covalon Technologies Ltd. is a patient-driven medical device company, built on the relentless pursuit to help the most vulnerable patients have a better chance at healing. Through a strong portfolio of patented technologies and solutions for advanced wound care, infection prevention, and medical device coatings, we offer innovative, gentler, and more compassionate options for patients to heal with less infections, less pain, and better outcomes. Our solutions are designed for patients and made for care providers. Covalon leverages its patented medical technology platforms and expertise in two ways: (i) by developing products that are sold under Covalon's name; and (ii) by developing and commercializing medical products for other medical companies under development and license contracts. The Company is listed on the TSX Venture Exchange, having the symbol COV and trades on the OTCQX Market under the symbol CVALF. To learn more about Covalon, visit our website at [www.covalon.com](http://www.covalon.com).
