

Covalon Showcases Compassionate Pediatric Care Solutions at 47th APHON Conference

Visit Covalon at booth 425 at the Annual Association of Pediatric Hematology/Oncology Nurses Conference and Exhibit in Cleveland, Ohio to discover compassionate infection prevention technology designed for children.

MISSISSAUGA, Ontario – September 19, 2023 – (BUSINESS WIRE) – Covalon Technologies Ltd. (the “Company” or “Covalon”) (TSXV: COV; OTCQX: CVALF), an advanced medical technologies company, today announced its participation in the 47th annual Association of Pediatric Hematology/Oncology Nurses (“APHON”) Conference and Exhibit, to be held in Cleveland, Ohio from Thursday, September 21 to Saturday, September 23, 2023. Covalon invites all attendees to booth 425 at the Huntington Convention Center, where they can explore our compassionate infection prevention solutions tailor made for pediatric patients.

“At Covalon, we deeply believe that healing shouldn’t hurt,” said Ron Hebert, Senior Vice President, Marketing, Covalon. “We understand that nurses, our frontline heroes, require the best tools to deliver the most compassionate care, which is one of the reasons 9 of the top 10 US pediatric cancer treatment hospitals now use Covalon’s technology. We’re proud to introduce our advanced vascular access solutions and dressings to attendees of the APHON Conference.”

The APHON Conference serves as a nexus for the brightest minds in pediatric hematology/oncology nursing. Attendees will have the opportunity to connect with global leaders, earn continuing education credits, and explore ground-breaking research and new technology.

Covalon’s patented infection prevention and wound care products include:

- [VALGuard](#)[®] - a transparent, environmental barrier designed to protect catheter hubs and line connections from external contaminants and gross contamination, including body fluids and other secretions. It incorporates a quick-release pull strip for fast access to infusion hubs and for easy removal.
- [SurgiClear](#)[®] - the world's only dual-antimicrobial clear postoperative dressing that provides full surgical site visibility, allowing for visual site inspection and thus eliminating the need for early and multiple dressing removals.
- [IV Clear](#)[®] - the world’s only dual-antimicrobial vascular access dressing that offers complete transparency at and around the insertion site for easy daily assessment. It also utilizes soft silicone adhesive technology to minimize skin injuries and preserve skin barrier functions, and incorporates safe amounts of

antimicrobials, without sacrificing efficacy, to protect against chemical irritation.

About Covalon

Covalon Technologies Ltd. is a patient-driven medical device company, built on the relentless pursuit to help the most vulnerable patients have a better chance at healing. Through a strong portfolio of patented technologies and solutions for advanced wound care, infection prevention, and medical device coatings, we offer innovative, gentler, and more compassionate options for patients to heal with less infections, less pain, and better outcomes. Our solutions are designed for patients and made for care providers. Covalon leverages its patented medical technology platforms and expertise in two ways: (i) by developing products that are sold under Covalon's name; and (ii) by developing and commercializing medical products for other medical companies under development and license contracts. The Company is listed on the TSX Venture Exchange, having the symbol COV and trades on the OTCQX Market under the symbol CVALF. To learn more about Covalon, visit our website at www.covalon.com.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
