

## Covalon Technologies Ltd. to Showcase Innovative Vascular Access Solutions at the Annual Association of Pediatric Hematology/Oncology Nurses Conference

*Visit Covalon at booth 406 to discover the latest in compassionate vascular access solutions.*

MISSISSAUGA, Ontario – September 11, 2024 – (BUSINESS WIRE) – Covalon Technologies Ltd. (the "Company" or "Covalon") (TSXV: COV; OTCQX: CVALF), an advanced medical technologies company, today announced its participation in the Association of Pediatric Hematology/Oncology Nurses (APHON) Annual 2024 Conference. The conference, taking place in Salt Lake City, Utah from September 11 to 13, is a premier event for pediatric hematology/oncology nursing professionals involved in patient care, education, case management, and research.

“Our silicone adhesive-based IV dressings highlight our commitment to patient care and comfort. The gentle, flexible silicone adapts like a second skin, offering pediatric patients more freedom while reducing the fear of painful removal,” said Ron Hebert, Senior Vice President of Growth at Covalon. “This conference offers an excellent opportunity to engage with top pediatric healthcare providers dedicated to bringing the latest advancements to their patients through our innovative solutions.”

Attendees are encouraged to visit Covalon at booth #406 to explore our range of vascular access solutions and discover why leading hospitals trust our products. Covalon representatives will be available to discuss these innovations

and answer any questions.

Covalon’s patented vascular access products include:

- [VALGuard](#)<sup>®</sup> - a transparent line guard designed to protect IV line connections and hubs from external contaminants, including body fluids and other secretions.
- [SurgiClear](#)<sup>®</sup> - a dual antimicrobial clear silicone adhesive dressing with Chlorhexidine and Silver used to cover and protect wound sites and wound closure devices.
- [IV Clear](#)<sup>®</sup> - a dual antimicrobial (Chlorhexidine and Silver) clear IV securement dressing that provides antimicrobial protection throughout the entire dressing surface area.
- [CovaClear](#)<sup>®</sup> IV - a soft silicone adhesive clear IV dressing that helps protect insertion sites from external contaminants. Suitable for patients who either don’t require, or cannot tolerate, antimicrobials.

### About Covalon

Covalon is a patient-driven medical device company, that provides innovative and cost-effective healthcare solutions for advanced wound care, infection control, and medical device coatings. Through a strong portfolio of patented technologies and solutions, we offer innovative, gentle and more compassionate options to aid patients on their healing journey. Our solutions are designed for patients and made for care providers. Covalon leverages its patented medical technology platforms and expertise in two ways: (i) by developing products that are sold under Covalon's name; and (ii) by developing and commercializing medical products for other medical companies under development and license contracts. The Company is listed on the TSX Venture Exchange, having the symbol COV and trades on the OTCQX Market under the symbol CVALF. To learn more about Covalon, visit our website at [www.covalon.com](http://www.covalon.com).
