Trimble Establishes BuildingPoint Dealer in the Western Region of the U.S.

BuildingPoint West Joins the First Fully Dedicated Global Distribution Network for Technologies Spanning the Design-Build-Operate (DBO) Lifecycle

SUNNYVALE, Calif., July 19, 2016 /PRNewswire/ -- Trimble (NASDAQ: TRMB) announced today that a BuildingPoint® dealer has been established in the western region of the U.S. to serve Arizona, Colorado, Idaho, Montana, Nevada, New Mexico, Utah and Wyoming. BuildingPoint West joins the growing BuildingPoint dealer network that provides focused sales and services with a portfolio of software and hardware solutions for the Design-Build-Operate (DBO) lifecycle of buildings.

BuildingPoint dealers represent Trimble Buildings' solutions—a portfolio of synergistic hardware, software and service offerings that allow users to create and transfer constructible models throughout the DBO lifecycle. Trimble is dedicated to transforming the planning, design, construction and operation of buildings through advanced, accessible, intuitive technologies. Trimble Buildings' solutions provide an unprecedented capability to improve productivity, schedule adherence and cost discipline through tighter coordination, improved project transparency and collaboration—enabling stakeholders to realize greater agility, efficiency and insight.

Trimble is establishing a network of BuildingPoint dealers in the Americas, Europe, Middle East and Africa and Asia Pacific regions. Experienced professionals in each regional BuildingPoint will support users in adopting the right technology solution for each project. This support will consist of a combination of hardware and software, consulting, virtual design and construction services, personalized training and technical support.
