

let good take flight

Supporting communities where we work, live and play

At American Airlines, our purpose is to care for people on life's journey — a mission that extends beyond the airline and into the communities we serve. We believe we have not just an opportunity, but a responsibility to engage our team members and maximize the resources of a global airline to make a difference for those who need it most. Our efforts are focused on these three areas:

OUR SOCIAL GOOD
Meeting the needs of the community through humanitarian efforts.

GLOBAL HEALTH & WELL-BEING
Doing our part to combat diseases that affect millions.

HEROES
Supporting U.S. military members and first responders by honoring their selfless sacrifice.

We give back

American proudly supports nonprofit organizations that work to make the most impact in the communities where our team members work, live and play. American gives millions in cash and in-kind support each year to charitable partners worldwide. The airline gives strives to partner with organizations that are not only meaningful to team members, but also engage shareholders and customers in causes that matter to them.

We volunteer

In 2020, team members volunteered more than **134,000 hours** through Do Crew, and American donated **millions of miles** to local charities on their behalf.

We care
