Living the dream

9/29/2017

It’s a dream come true for Cubs fans — playing catch in the outfield, shagging fly balls and taking batting practice at historic Wrigley Field. On Sept. 5, American hosted about 100 team members and their families as part of our sponsorship of the Chicago Cubs. Attendees had the chance to get a behind-the-scenes look at the ballpark, including doing their best Harry Caray impressions from the press box. The group included five VIP families whose lives have been affected by childhood cancer.
