

## Military & Veterans

In Dec. 2013, American Airlines and US Airways created the largest airline in the world. And we've been busy ever since.

American is proud to support our military, veterans, first responders and their families. Here are a few ways we've had the privilege of serving over the last five years.

1

As the official airline of the Gary Sinise Foundation's Snowball Express, **we've flown more than 8,500 children and family members of fallen service members** for five days of all-expenses-paid fun, relaxation and healing... all made possible by our team member volunteers.

4

Through the Honor Flight Network, we've flown hundreds of veterans from the Experimental Aircraft Association air show to Washington, D.C., to see the museums and monuments built in their honor. Since 2014, **we've operated 350 Honor Flights.**

2

Since the merger, **American Airlines Sky Ball has raised a record \$12.55 million to support members of the military and their families** through our partnership with the Airpower Foundation.

5

Land of the free. In 2016, **American flew 72 Pearl Harbor survivors and World War II veterans to Honolulu** to mark the 75th anniversary of the attack on Pearl Harbor.

3

Partnering with the Gary Sinise Foundation, **American has provided 14 complimentary flights** – with our crews donating their time – to bring World War II veterans to the National World War II Museum in New Orleans.

Premium Customer Service Agents greet WWII Veteran Burke Waldron in Honolulu.
