

American Airlines Publishes 2018 Corporate Responsibility Report

5/2/2019

FORT WORTH, Texas — Today, American Airlines published its 2018 Corporate Responsibility Report (CRR). Sustainability and corporate responsibility are at the core of American's business strategy, and we have produced the CRR annually since 2007 to provide our stakeholders with an overview of the company's environmental, social and governance priorities and performance. The CRR presents a summary of American's performance throughout the 2018 calendar year and outlines our achievements against our three strategic objectives: Make culture a competitive advantage, create a world-class customer experience and build American Airlines to thrive forever.
