

# American Airlines Donates \$150,000 to El Paso and Dayton Communities

8/4/2019

FORT WORTH, Texas — American Airlines is donating \$75,000 to the El Paso Community Foundation and \$75,000 to the Dayton Oregon District Tragedy Fund at the Dayton Foundation to support the communities in the wake of shootings this weekend in both cities. El Paso is one of 24 cities in its home state of Texas that American serves, and Dayton is home to PSA Airlines, one of American's three wholly owned subsidiary carriers.

"We are saddened by the tragic events that took place this weekend in El Paso and Dayton," said Chairman and CEO Doug Parker. "American has a long history of serving both communities, and we want to do our part to ensure that those who were affected by these senseless acts of violence have access to the resources they need."

The El Paso Community Foundation was established in 1977 as a permanent endowment for the long-term benefit of El Paso and the surrounding region and serves as a charitable resource to donors, nonprofit organizations and the community at large.

The Dayton Foundation, the region's largest community foundation, has been providing services, support and counsel to other nonprofits since its establishment in 1921. The donation to the Dayton Oregon District Tragedy Fund at the Dayton Foundation is made on behalf of both American and PSA.

"All of us at PSA are deeply affected by last night's events," said PSA President Dion Flannery. "Over the coming weeks, we will work with community leaders and partners to identify volunteer opportunities for our Dayton-based team members to support those in our hometown."
