

Derek Kerr

A legendary CFO and airline executive

CAREER HIGHLIGHTS

- Served 20 years as CFO of America West, US Airways and American Airlines
- Played a key leadership role in the integration of America West and US Airways and later between American Airlines and US Airways
- Navigated the financial challenges created by the global pandemic
- Strengthened American's financial position through significant debt reduction
- Returned American to its first full-year profit since the pandemic with record revenue performance
- Led the American Eagle operation, accounting for nearly half of American's daily flights, with a strong focus on reliability

" Derek Kerr is one of the finest and most accomplished executives in the history of the airline business. I'm proud to call him a friend, and American is very well-positioned for the future because of his leadership. "

> - ROBERT ISOM AMERICAN AIRLINES CEO
